

SUNDAY SCHOOL CLASS GIVES ENTERTAINMENT

The Baraca-Philathea Classes of the Baptist Sunday School gave a pleasant entertainment at the Baptist church on Tuesday evening. The entertainment was fairly well attended and there would have been a much larger crowd present but for the rain just at meeting time. There were some splendid hymns by the choir, and fine duets and solos by Messrs. Wiggins and Harben. Rev. Mr. Stephens, the pastor, made a splendid talk on the relationship of the classes to the church. Mr. Joe Stephens, who is here from Richmond recuperating from a spell of typhoid fever, gave a good talk on what lines of work the classes can accomplish most good, and Mr. J. E. Roberts read a splendid paper on "Why We Need Organized Forces Among the Younger Christians." After the program at the church, all were invited over to the home of Mrs. J. D. Odom where delightful refreshments were served.

SENIORS WILL PLANT CLASS TREE ON CAMPUS

The senior class of the Eagle Lake High School will plant the class tree on the school campus next Monday night at 7:30 o'clock. They have made extensive preparations for the event. They are to take their lunch and spend tomorrow in search of a specimen that will be in keeping with the dignity and ability of the class. The public is invited to witness the parade and ceremonies. The junior class will also be there. So will the sophomores and freshmen. The seniors have jarred the dignity of the seniors by issuing a challenge for a debate on some subject, to be selected by the seniors. The seniors have accepted and have designated Friday afternoon at 2:40 as the time, and "Woman's Suffrage" as the subject. Seventy-five or more trees have been planted around the school grounds and the boy scouts have agreed to see that they are properly cared for.

SIDE STEP CALOMEL

It's Poison to the Human System and Works Great Harm

You perhaps know cases in your own experience when people have been salivated—injured for life by the use of calomel. Such cases are matters of daily occurrence. Modern medical science has discovered a vegetable remedy which eliminates liver poisons more effectively than dangerous calomel and at once saves you all the disagreeable effects. It is gentle in effect, no griping, no nausea, no chance of salivation. It cleanses the system thoroughly.

It is known as GRIGSBY'S LIVER LAX, and is sold in 50c and \$1 bottles by Eagle Lake Drug Co. under an absolute guarantee that your money will be refunded if you wish it after trying this wonder remedy.

For your protection and the protection of the druggist, the likeness of L. K. Grigsby appears on every bottle. Adv.

A Candid Opinion.

Mr. Harris has been considering for some time the advisability of approaching his son's school-teacher in regard to that young man's studies. He was sure William was not getting along as fast as he should, and this fact worried the father greatly.

He was greeted kindly by the teacher, and after a few preliminary questions the father inquired, "What branch do you consider the most profitable for my son, William, Mr. Flint?"

"I can hardly say, but I think a good, stout blue beech or a long, sinuous birch would do him as much good as any."
