"The directions says, its good for lumbago too," Sloan's cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.
"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all kinds of dose without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Whittier, Calif.

Instant Relief from Sciatica.
"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—H. B. Hinkle, Frankfort, Ky.

Sprained Ankle.
"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other fellows in my department. I have never been without a bottle since that time."—Dr. William H. Brown, Georgia City, Ga.

MAYOR AND COUNCILMEN SMOKE WHILE THEY WORK

At the invitation of Mayor E. L. Mooney, the Headlight editor was present at the city council meeting on Tuesday morning. This was Mayor Mooney's first meeting since his election, and the first meeting of the city council in its new quarters in the firemen's hall. The hall is comfortably fitted up for the purpose and makes a splendid meeting hall. All members of the council were present, and much business was discussed pertaining to the town's welfare. Alderman John Matthews presented the mayor with a box of fine cigars and "we" all smoked while "we" worked. The mayor and councilmen extended an invitation to the citizens to attend their meetings at any time. "We are working for the upbuilding of our city," said Mayor Mooney, "and we will be glad to receive suggestions from the citizens at any time."

City Marshal H. S. Vineyard says he is going to see that the Southern Pacific trains keep the crossing between the two depots blocked no longer than the law gives them in the future. A great deal of complaint has been made about the freight trains blocking this crossing, and especially so after night. Mr. Vineyard says he will watch this crossing pretty closely and if some of the railroad men are not more careful in the future than they have been in the past, some of them are going to donate to the city in the way of fines.

MR. FRANK STEPHENS IS FIRST TO BREAK WATER

At this season of the year a boy's fancy turns to fishing and swimming, and so far as we have been able to learn, Mr. Frank Stephens, the head of the Frank Stephens Company, is the first of the "boys" to "break water." While walking along the canal out on the Stephens farm Wednesday afternoon watching the experiment of irrigating potatoes, Mr. Frank made a mis-step on the slippery bank and fell "kerchunk" into the water. Bro. J. A. Stephen, the Baptist pastor, who was standing nearby, lifted him up out of the water, and now Mr. Stephens is claiming full fellowship with the Baptist church. So far as it went, Bro. Stephen says it was all right, but that his church requires that he put the candidate under also. If you want a fuller account of the affair, ask Mr. Frank, and if he wants you to know about his early spring dip, he'll tell you himself.

Misses Pearl Weymah and Rae Fry, two of Yakum's pretty and popular young ladies, were guest at the Hotel Dallas last evening while en route home from a visit to Bay City.

Our congratulations are offered Mr. and Mrs. C. M. Womack on the arrival of a fine boy at their home last Friday.

Mr. and A. L. Wagner were made happy over the arrival of a pretty little daughter at their home Wednesday.

The Old-Time Neighbor.

The Chicago Tribune is inquiring what has become of the "old-time neighbor," and the St. Paul Pioneer Press remarks that the old-time neighbor has passed into tradition. This leads one of our valued exchanges to say—truthfully too:

"Not so, brothers.

"In a thousand country towns in the middle west, all sorrow with the unfortunate, rejoice with the favored and mourn with them that mourn. One housewife runs over to the neighbors to borrow a cup of flour when the exigencies of baking have caught her with depleted flour bin. The sick have flowers and attention, and volunteers to 'set up' with them. Those who celebrate birthday or wedding anniversaries have 'surprise parties' come in on them, bringing refreshments and neighborly cheer.

"And in the country—bless you! If you think the old-time neighbor has 'passed' just have central connect you with a country line and listen to the neighbors talk.

"No, thank the Lord, the 'neighbor' has not passed into the limbo of forgotten things—not yet. His cheery word is daily in our ears. Whether he knows it or not, he is practicing real Christianity, the highest teaching of the Nazarene.

"It makes us glad we do not live in a city like Chicago, where the homely virtues are to a great extent crowded out and are forgotten.

"The country town is a pretty good place to live after all."

IMPORTANT MEETING OF BUSINESS LEAGUE AT FIREMEN HALL TONIGHT

This is a matter for the upbuilding of our city, and surely you are interested in your town, so be on hand promptly at 8 o'clock tonight.

IMPORTANCE OF CHURCH-GOING

Joe Taylor, State Press of the Dallas News, in speaking of the importance of attending church says:

"It is as easy to get into the habit of attending church regularly as to get into the habit of not attending regularly. And of the two habits even grouches will admit the latter is the worse. To go to church is not only spiritually uplifting. It is physical soothing. The choir and organ music, the congregational hymning, the spoken prayers and the sermon—all these combine to create an atmosphere which in the case of every normal individual must be instrumental in softening the asperities that the week's tasks have tended to develop in the heart. There are so many churches, so many church services, so many preachers and choirs and hymnals, that we accept them too readily as things of but ordinary consequence. This is because we regard them too superficially. We do not permit ourselves to many of us—to become interested in their meanings, to interpret their messages to us, to respond to their proffers of service to our finer natures. We are too inclined to carry through the Sabbath the germ reflexes of the week's hard grind. If we would but learn the offices of the spirit, and cultivate that spirit through the agencies of the church, it could but result in the aggrandizement of our souls."
