HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

CANE BELT CONDUCTOR DIED SUDDENLY AT SEALY HOME

Conductor F. A. Taylor died suddenly at his home in Sealy Tuesday afternoon at half past one o'clock in the afternoon. Mr. Taylor had just been down town and seemed in the best of spirits. Soon after he came home he collapsed. Conductor Taylor was the oldest passenger conductor on the Santa Fe railroad. During the last few years he has had charge of the "Cane Belt" branch, running regularly from Sealy to Matagorda. Mr. Taylor was highly esteemed by all who knew him. He leaves a wife and two children—a married daughter and son. The body was taken to Houston for burial.

Grafting in New York

In the American Magazine appears the "Diary of a Con." in which a New York policeman tells the story of his adventures.

"There about 10,000 cops on the force, and a low estimate of the graft paid for protection when Tammany is in power, and there is a liberal administration, is \$2,500,000 a year. There isn't one in a hundred of the cops that get a look-in on the big graft. It all goes straight to the higher-ups. Even those who get the graft don't touch it from anybody. It is given to them freely, and by the people who are willing to pay to run a business prohibited by law.

"The ordinary gambling-house pays \$200 a month, but one of the biggest and finest in the city paid \$4,500 to start up. Two other big houses pay \$1,000 a month. Pool-rooms, stass and crap games, and smaller outfits all over the city pay from \$200 a month down to \$50.

"The meanest of all the graft is taken by the cheap district politicians. Some of them have interests in the houses, and hotels where people are not required to have baggage. They not only get this money, but they also charge from \$200 a year up to men and women for selling newspapers at the subway and elevated entrances. They invest to the gambling and disorderly houses as silent partners."

Don't Delay Buying a DE LAVAL Separator a Single Day Longer

If you are selling cream or making butter and have no separator or are using an inferior machine, you are wasting cream every day you delay the purchase of a De Laval.

There can only be two real reasons for putting off buying a De Laval; either you do not really appreciate how great your loss in dollars and cents actually is or else you do not believe the De Laval Cream Separator will make the savings claimed for it.

In either case there is one conclusive answer: "Let us set up a machine for you on your place and SEE FOR YOURSELF what the De Laval will do."

You have nothing to risk and a million other cow owners who have made this test have found they had much to gain.

You can't afford to wait, even if only part of your cows are milking now. Let the De Laval start saving cream for you RIGHT NOW.

If you really would like to know just how much more cream you can get with a De Laval let us set up a machine for you and have you try it out for yourself. Just 'phone or drop us a postal and we will be glad to bring a machine out to your place any time you say.

METHODIST REVIVAL IS GROWING IN INTEREST

Dr. Whaling Is a Powerful Preacher and Delivering Some of the Strongest Sermons Ever Heard Here.

The revival meeting at the Methodist church, being conducted by Dr. W. H. Whaling and wife, assisted by the local pastor, Rev. R. L. Pyle, which was begun last Sunday morning, has progressed very satisfactorily during the week.

DR. W. H. WHALING

The morning services, each morning at 9 o'clock, conducted by Mrs. Whaling, have been very fine indeed. The "Mother's Day" service yesterday morning was a most helpful service. In speaking of this service Mr. Pyle stated that a better one he had never experienced. The congregation was estimated at over a hundred, and every one present received a great blessing.

Owing to the very warm weather, the evening services are conducted on the lawn just across the street from the church, where ample and comfortable seats have been provided.

Dr. Whaling is doing some of the strongest preaching ever heard here in revival work. He is attacking sin in all of its branches. He is a polished and educated gentleman, using beautiful language in the pulpit, and is a man of charming personality, and a captivating speaker. In bringing Dr. and Mrs. Whaling to Eagle Lake the Methodist church has made it possible for their own congregation and the people of this city in general to come in touch with two of the strongest workers and most beautiful characters our Southland has produced. Those who avail themselves of the privilege extended will be made richer in heart and more useful in life. Those who neglect will fail to appreciate what opportunities are

passing. Come to these services one and all, bring your friends and families, assist and have a part in the great work. The meeting will continue another week.

Dr. Whaling has announced the following subjects: Sunday morning "Try It Yourself" Sunday evening, "The Fatal Blunder of a Governor."

There will be no services on Saturday night, giving all the church-going people an opportunity to rest up and be ready for a great day on Sunday. No morning services will be held Monday, but with Tuesday the morning services will be resumed at the usual hour.
