SYMPTOMS

Slight Symptoms Sometimes Presage Serious Results.

Do you feel tired, have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so, you are undoubtedly suffering from some liver complaint. Perhaps you don't feel very badly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking Liv-Ver-Lax the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original Liv-Ver-Lax, which bears the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Eagle Lake Drug Company.

Love and the Laundry.

"The only thing I find to say against you is that your washing bill is far too extravagant. Last week you had six blouses in the wash. Why, Jane, my own daughter never sends more than two!"

"Ah, that may be, mum," replied Jane, "but I have to! Your daughter's sweetheart is a bank clerk, while my young man is a chimney sweep. It makes a difference, mum."

I have always given it to my children when suffering from croup, and it has never failed to give them prompt relief." For sale by all dealers.—Adv.
