For the Stomach and Liver. I. N. Smart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action, and the results have been satisfactory. I value them highly." For sale by all dealers.—Adv.

You can't blame some people for always using poor judgment when it is all the judgment they have.

THAT TIRED FEELING

Do You Continually Feel Sluggish, Disinterested?

If you do, it is probably caused by your liver. When the liver fails to perform its functions properly, the system becomes clogged with poisonous matter, that weighs you down mentally and physically.

The liver gets out of order very easily, and if neglected, chronic trouble usually results. Don't delay if you feel badly. You knowingly lay yourself open to life long pain, when you allow yourself to continue in a run down condition. Cure yourself quickly and harmlessly with the natural vegetable remedy, Liver-Lax.

It has all the effectiveness, but not the effect, of calomel.

Genuine Liver-Lax bears the likeness and signature of L. K. Grigsby, and is guaranteed to give satisfaction or money refunded. Insist on it. For sale by Eagle Lake Drug Company.

Mr. Dick Love left yesterday for Columbus where he has taken a position in the Colorado Citizen printing office.

Birthday Greetings.

One of the Headlight's good friends at Lissie sends the Headlight the following good wish on the occasion of the paper's twelfth birthday anniversary:

"Here's to the thirteenth anniversary of the Headlight. May it pass the 'hoo-doo' year as successfully as all the past ones, and continue to come as regularly and be 'as up to the minute' in the future as it has been in the past."

We return thanks for the kind words above and it shall be the aim of the management to make more improvements in the paper during its thirteenth year, the "hoo-doo" year, than in any year of its existence.

Mr. J. A. Dromgoole, who returned from Columbus yesterday afternoon where he had been attending court, states that Mr. J. R. Wooten, who has been so ill, suffering a nervous breakdown, is greatly improved. Mr. Wooten states that he feels perfectly well, but is just so weak that he's unable to get about at all. He was able to sit up this week. His many friends throughout this section will rejoice to learn that Mr. Wooten's health is improving. We hope he may soon be entirely well again, for there is not a man in Colorado county whom the Headlight regards more highly than "Joe Dick" Wooten.

Miss Callie Clark arrived yesterday from her home in Detroit, Mich., for a visit to her cousin, Mrs. O. G. Kolberg, at the Eagle Lake Nurseries. Miss Clark is enjoying a "See America First" trip, and will spend the spring and summer visiting in Texas, Colorado, California and other states in the west.

SEWING WANTED—All kind of dress making. Phone 177.

Mrs. Maud Walker Williams.

L. M. WIRTZ.

Mr. Luis M. Wirtz, whose sad death occurred here last Thursday morning about seven o'clock, at the home of his son Alvin J. Wirtz, was one of the pioneers of Colorado County, having come here from Roanoke County, Virginia, where he was born on June 13th, 1854, arriving in Columbus in time for Christmas dinner the same year.

He literally grew up with Colorado County, and made his home in Columbus, where he was very prominent in church work, having been a member of the Methodist church since in his boyhood, and the superintendent of that Sunday School for a number of years, in fact when he moved from Columbus to make his home in Eagle Lake with his son, the Sunday School was loath to accept his resignation and appointed an assistant in his stead, hoping that he would soon come back to them and continue his work as superintendent.

Mr. Wirtz was married to Miss Dora A. Dent on Nov. 20th, 1880, who died May, 27th, 1898 leaving him with the care of their two sons, Alvin J. who is now a practicing attorney in Eagle Lake,

and Milton who is a student of Architecture at the University of Texas. He practically lived for his two boys and their success was always his greatest joy.

His health for the past several years was very poor and forced him to retire from a very active life which made his illness all the more keenly felt, but he bore it with great patience and fortitude, his faith and spiritual strength more than compensating for his lack of physical strength. To know Mr. Wirtz was to love him, and his friends were many and staunch. We never knew him to say an unkind word to any one nor speak evil of any person; though he always saw his duty and followed it reproving when reproach was needed but always with a view of kindness.

Mr. and Mrs. Eugene Creech and two children of Wilcox, Arizona, arrived in Eagle Lake Tuesday and will make this city their future home. Mr. Creech has purchased half interest in the auto repair and supply business of his brother, Mr. J. K. Creech, the two conducting the business in partnership in the future. For the present, until a suitable rent house can be secured, Mr. and Mrs. Creech are at the home of Mr. and Mrs. J. K. Creech.

"RED" BOGEY, NEGRO, WAS CAPTURED IN SAN ANTONIO

"Red" Bogey, a negro arrested Wednesday in San Antonio, admitted he was from Houston. He was arrested on a charge of being one of the negroes who fought the porter and Special Officer Baker on the train at Columbus last Saturday night. Bogey admits he was with the negro who was mangled under the train near Ramsey's Point, but denies that he had any connection with the murder of Samuel Stein in Houston on the same night. Bogey was taken through here yesterday afternoon on the Southern Pacific en route to Houston.

Rev. J. A. Stephen, pastor of the Baptist church in this city, will visit Lissie and preach in that city on the afternoon of the second Sunday in this month, at half past three o'clock in the afternoon.

Mrs. Sydney Creech of San Antonio, who has been visiting in Bay City, was the guest of Mrs. J. K. Creech Wednesday and Thursday, while en route home.

We are pleased to note that Mrs. J. K. Creech is convalescent after a severe spell of the grip.

Gentlemen—Texaco Urso Oil was used for turbine lubrication on the recent trials of the destroyer "Deale" and battleship "Wyoming," proving very satisfactory. Both vessels successfully completed their official contract trials at sea without having had any preliminary trials of machinery beyond dock trials at low power. Consequently, the journals had very little previous wearing in to take off the high spots, and the fact that we had no bearing trouble of any importance during the sea trials, reflects great credit upon the lubricant used. Yours very truly,

F. J. METTEN,
Chief Engineer.
