Mr. D. C. Baker expects to leave within the next couple of weeks for Houston where he has made arrangements for putting in a box ball and skee-ball alley in the basement of the Rice Hotel. Mr. Baker's family, however, will continue to make Eagle Lake their home. Mr. Baker says he and his family like Eagle Lake and its people and will continue to make their home here, as the old town is good enough for them. Mr. Baker will be glad to meet his old Eagle Lake friends at his place when they visit Houston.

We are informed that the Sunday Schools of the city were not as well attended last Sunday as they were the past few Sundays, due, no doubt to the fact, that Old Santa Claus had already paid his annual visit.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

## For a Persistent Cough.

Some years ago H. P. Barbage, a student at law in Greenville, S. C., had been troubled for a long while with a persistent cough which he says, secretly alarmed me, causing me to fear that I was in the first stage of consumption. Having seen Chamberlain's Cough Remedy advertised he concluded to try it. I soon felt a remarkable change and after using two bottles of the small size was permanently cured.
