Mrs. C. L. Bliss is visiting her
 mother, Mrs. Virginia E. Rorer, in
 Houston, at the Warwick Hotel.

Rev. J. T. Barnes of Swope, ac-
 companied by his sister, Miss Burns,
 Miss Shepard, visited friends here
 Thursday.

Miss Katherine Everette spent the
 week-end in Yorkum, a guest of
 this Geraldine Brown.

Mrs. J. M. Toers and small son
 accompanied by Miss Ruth Smith,
 formerly of Sheridan, now teaching
 in the schools at Garwood, were
 visitors here Saturday.

Miss Harvey Jacobson was the
 guest guest Sunday at a farewell
 party given by Mrs. J. M. Toers and Mrs. H.

J. Jacobson of Rock Island, Mrs.
 Jacobson, leaving this week for
 her new home in Amarillo.

Mrs. Isam Briscoe and family
 had as guests Saturday and Sun-
 day, her mother, Mrs. Katherine
 Benedict and her sister, Mrs. Ken-
 neth Benedict and family of Mrs.
 Benedict and little grandson,
 Billy Varner, are remaining for a
 long stay.

Mrs. and Mrs. Gordon Judd, Mr.
 and Mrs. Ben Roder and Miss Par-
 tricia of Hallettsville, noticed her-
 self Sunday to visit Mr. and Mrs.
 R. L. Crowell and family.

Sturgeon, none of the week-end
 included Down Crowell of Colum-
 bus, and Chas. Elkauf and Lloyd
 Crowell of Eagle Lake.

Mr. and Mrs. J. M. Roder and

small son of Houston are visiting
 their family here.

Mrs. Tom Eaton of Rock Island
 was a visitor here last week.

Mr. and Mrs. H. E. Hampton and
 little daughter, Shirley Ann, of Hal-
 lettsville, came over Sunday and
 have been spending the week here
 with her parents, during the recent
 illness of her father, L. J. Burger.

Tom Kollman, Eagle Lake's dance-
 maker has advertised another dance
 for Saturday night, May 8th. Since
 the weather is so warm and dry, it
 is hoped the farmers will be need-
 ing moisture about that time.

We Use or Abuse the Library?
Do we use or abuse the library?

First question is one we still don't
readily answer, and the reason for
not answering it is that we would
more than likely have to say that
we do not use the library.

Of course we do use the library
but we should be able to use it
without also abusing it—but we
don't. There is one "abuse" that
has kept the library "from being
used" this year. That is the con-
duct in the library. When a teacher
is in the library, we seem to
think that it immediately turns in-
to a classroom. We are not being
inquisitive. Consequently the privilege
of going into the library when a
teacher cannot "guard" it has been
taken away, and those of us who
wish to really use the library must
suffer.

This is a very useless and child-
ish abuse and should be stopped.
Everyone would then be able to use

An Apology

Dear God, I've not forgotten You today. Although I've found no time to kneel and pray: No time to enter through a closet door And there, in suppliance deep, Your guidance to inspire.

The fifth grade very proud to have on its honor roll this time, its first student from the Mexican side of the Rio Grande, who deserves special note.

TO WAIT FOR MY CALL BEFORE YOU BUY
FLY SPRAY FOR THE COMING SEASON

Watkins Fly Spray goes further, because you use less. Farmers and dairymen prefer Watkins Fly Spray, because it kills flies outright, keeps flies off the stock, leaves stock clean and comfortable, goes further than other sprays and will not taint the milk or reduce the flow. Many dairymen report that they have to buy only half as many gallons of Watkins Fly Spray to get the same results. It's money in your pocket when you buy Watkins Fly Spray.

are given spaced football training on Monday after the uniforms are distributed. The following is the best lineup on Thursday, the birthday of last week. Some thirty boys have reported for the training which will last about three weeks. The 1936 Eagles will be formed around a nucleus of 5 returning members from last year's team. The lettermen are John Westmoreland, quarter; Leonard Braden, guard; Raymond Waddell, center; William Bates, guard. Bates will be shifted to a tackle position this year to help fill the vacancy.

"..Replacing My Entire Fleet with Ford V-8's"

Ford Motor Company
Houston, Texas.

Gentlemen:

For fourteen years I have been operating bus lines in eight Texas counties. The Ford V-8 is undoubtedly the most efficient, most economical unit I have ever used. As rapidly as I can I am replacing my entire fleet with Ford V-8's.

The Ford V-8 bus is the solution of the bus operators' cost problem. My bus cost complete, \$1,465.00, which is one-third less than the cost of any other bus. The Ford V-8 averages 15.8 miles to the gallon of gasoline, and uses only about one pint of oil to every 1000 miles of driving. In general, I should say that operating costs of my Ford buses are about 25 per cent less than costs of operating other makes in my fleet.

Sincerely yours,

**A Tree Without
Leaves**

IF you saw a tree in the summertime without leaves—without fruit—you would say it was useless—cumbered up the ground—should be cut down: for the purpose of a tree is to accumulate leaves and fruit.

SO it is with human beings. If the child grows up and accumulates no money in bank—saves nothing from what he earns from the community, of which he lives—he lives for accumulation of money in bank is as necessary to a man as the accumulation of fruit and leaves to a tree.

In English the fifth graders are reviewing nouns, verbs, pronouns and adjectives. In geography they are studying the West Indies, in which there are the Greater Antilles, the Lesser Antilles and the Bahamas Islands. We have the sugar lands; Hispaniola, an island with two countries; Puerto Rico, a dependency of the United States. And Jamaica, a land of bananas and coconuts by Madeline Brundage and Viola Faykus.

Mother are Entertained

The mothers of the H. E. students were entertained on Monday and Thursday night of last week with buffet suppers. The classes have studied the different types of meal service and were putting some of their favorite recipes into practice.

The mothers were all favorably impressed with what the students have learned.

About the Seniors

The seniors had a class meeting on Friday, April 24. They elected the officers for the class and selected the class colors and flower. Lorraine Kallins was elected class president; Wallace Ladewig, secretary-treasurer; and Gertrude Otto, class reporter. The seniors decided on green and white as their colors, and the magnolia as the class flower.

In a few days the class plans to have Senior Day, when they will go to Austin and visit places on

CHRISTIAN SCIENCE SERVICES

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Sunday at Sunday, May 2. The Golden Text is: "There is no peace, said the Lord, unto the wicked." (Isaiah 57:21.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him."

Revelation 12:9).
The Lesson-Scripture includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He that touches the hem of Christ's robe and mender his innumerable infirmities, and has received the proof of healing, in a sweet and certain sense that God is Love (page 569)."

Mrs. P. R. Waddell and little son John Hamilton left during the week-end for Johnson City, where they will make their home. Many friends here sincerely wish them from home but wish them the best of good fortune in their new home.

Mrs. J. F. Fairley left Wednesday for her home at Corpus Christi following a visit of several weeks here to her parents, Mr. and Mrs.
