Sweet Music To Electric Customers  
FIRST STEP 25 K.W.H. IN MIN. BILL  
SECOND STEP Over 25 K.W.H. 6¢  
THIRD STEP Over 50 K.W.H. 3¢

Increased use of Electric Service for cooking, cleaning, radio, lighting, toasting, washing, ironing and other purposes makes music that is sweet to the ears of our customers. For as they increase their use of Electricity, the cost per kilowatt hour goes down and down... Under the regular Residential Rate, when you use over 25 kilowatt hours per month, the cost is only 6¢ a kilowatt hour for additional use. When you use over 50, it drops to 3¢... Perhaps a little more use (look at your bill, for information) will enable you to buy Electric Service at lower cost!

★ If you have an Electric Range, you are eligible for our F. R. S. Rate with current as low as 2¢ K.W.H.

ON THE DEATH OF F. E. WADDELL  
By F. M. Johnson, Chaplain, Gulf Coast Firemen's Association—Life member Eagle Lake Fire Department.

He was just one of the outfit not much different from the rest. Yet when the alarm called him, he was there to meet the test. Now he lies there sleeping quietly and we know he gave his best while his soul goes marching on. We will miss him, we who knew him, we who stood beside his bier. But we know he rendered service while his mortal form was here. He gave ALL to his neighbors for he was a Volunteer. Now his soul goes marching on. There is no poet among us who is worthy here to pen a tribute to a Fireman when Death says to Life, "Adieu." He faced the foe of mankind and he faced him in his den. Now his soul goes marching on. His service to his neighbors has removed from him Life's stain. He's gone where there's no sorrow and where there is no pain. Now he's gone to sleep by breezes and his bed is washed by rain. But his soul goes marching on. "Go, and do thou likewise!" was so The Master spoke. Our campfire heard this great command. He lived for others' sake. He'll hear the Great Chief say, "Well done!" when comes his time to wake. Now his soul goes marching on.

Let Us Figure On Your Requirements.

### Looking Backward

Items of more or less interest from the Headlight file of Twenty-Four Years ago.

APRIL 25, 1912

Judge Kronen has appointed Hon. Geo. Herder of Weimar receiver for the Lakeside Sugar Refining Company, and Mr. Herder has assumed charge of the property. His appointment has received favorable comment from all interested. H. W. Rayner, superintendent of the company, stated that throwing the company into the hands of a receiver was due to the severe freeze the past winter, which froze about \$100,000 worth of cane at Bonus, belonging to the company.

The two year old son of Mr. and Mrs. A. L. Wahrmond met with a painful accident Monday. While Mr. Wahrmond was using a crosscut saw late in the evening, the little fellow, who was sitting next to him, reached up and caught the saw, and had one of his fingers cut almost off. Dr. Doole dressed the injured member, sewing it back to the hand—Little Miss Frances McClanahan is the possessor of a pretty Shetland pony and cart, presented to her this week by her father. Our congratulations are extended to Mr. and Mrs. P. P. Putney on the arrival of a beautiful little daughter at their home last week—Eve T. Phillips has purchased an E-M-P—Miss Rose Frazier is the proud possessor of a pretty little Shetland saddle pony. Galloway, probably best known among our people as "Puttawille," is soon to establish a poultry, Allen England, bookkeeper for Terrell Bros., will be the postmaster. Miss Regina Orr came down from Columbus Wednesday for a brief visit to the family—Another landmark is giving way for a modern two-story brick building. The old two-story frame building of T. J. Roberts, at the east corner of the west side of the square, is being torn down. It is one of the old.
