Mrs. Newman Funeral Rites Held Thursday

Former Eagle Lake Girl Claimed By Death New Year's Day at Her Corpus Christi Home. Funeral From L. D. Roberts Home.

Sorrow invaded an Eagle Lake home with the New Year and removed from the daily walks of life Mrs. Lucille Newman, who passed away at her home in Corpus Christi the afternoon of Wednesday, January 1st.

Mrs. Newman had been ill of typhus fever over a period of several weeks and only a few days ago developed pneumonia and her weakened condition could not stand the ravages of the last illness.

In response to a message, her sister, Mrs. Alma Sanders of El Campo, hastened to her bedside Tuesday. The remainms arrived in Eagle Lake at noon Thursday and rested in state at the home of her sister, Mrs. L. D. Roberts and Mr. Roberts until 3 p. m.

Funeral services were conducted by Rev. J. H. Landes of the First Baptist Church at the Lakeside Cemetery, where she was gently placed at rest beside loved ones gone before.

Mrs. Newman is survived by her husband, Victor Newman, and a son, Jack, by a former marriage. Her aged mother, Mrs. Florence Korthauer and a sister, Mrs. L. D. Roberts of Eagle Lake and three other sisters, Mrs. Alma Sanders of El Campo, Mrs. Dorothy Cook and Mrs. W. A. Rhea of Houston are also grief stricken over her passing.

Mrs. Newman was born at Burton in Washington County, September 30, 1881, and at the time of her death was 46 years old. Her girlhood and school days were spent in Eagle Lake, where she was well and favorably known and it was fitting that she should be brought "home" for her final resting place.

Casket bearers were Blaine Johnson of Houston, Curtis Singleton, Ira Knowles and L. C. Colline of Corpus Christi, Mac Wilkinson of Pierce, Robert Wills and R. H. Whitehead of Edna.

...ervices of Rev. Landes was very touching and comforting. The beautiful hymn "Where the Gates

Pioneer and Prominent Texan Answers Last Call of The Range. Funeral Very Largely Attended. Last Rites Befitting Tribute of Respect.

(From Sealy News)

The funeral services at ... Hillboldt Sunday afternoon was one of the largest attended in the history of Sealy.

There were friends and acquaintances in attendance from several surrounding counties, attesting the high esteem in which he was held by thousands who knew, admired and loved him.

Funeral services were conducted from the Episcopal Church here beginning at 1:00 p. m. under the direction of Rev. F. H. Stallknecht of Bellville, assisted by Rev. Thomas M. Yerby, local pastor. Music at the church and at the grave was rendered by the Sealy Choral Club. The floral offerings were wonderful in quantity and beautiful in appearance.

Surviving are his wife, Linnie; four sons, Frank W. Hillboldt of Sierra Blanca; D. C., J. K. and Waco of Sealy; one daughter, Mrs. J. G. Hill, of Sealy; two sisters, Mrs. Louise Bunge of Eagle Lake, and Mrs. Ida Kveton of Sealy; six grandchildren and one great-grandchild.

Active pallbearers were: Hugo ...ess, Frank J. Krampitz, M. Krampitz and Harry Korthauer of Sealy. Charles Strauss of Bellville, C. A. Menke, Jr., of Hempstead and W. A. Wilpitz of Brookshire.

Honorary: H. Hudor, E. W. Josey, R. H. Haynes, W. E. Schier, E. A. Engelking, H. G. Hebermacher, E. ... Millheim; C. A. Wilpitz of Brookshire; A. E. Mewis of Bellville; L. V. Duncan of Eagle Lake; M. Northington of Egypt; C. H. Hasslef of Cat Spring; Judge C. G. Krueger of Austin; R. B. Warren of Hockley; H. F. Peebles, Jack Emmott, Norman Sterling of Houston; Forrest Damon of Wharton.

He was a charter member of the Woodmen of the World lodge at Sealy, also a charter member of the Sealy Lodge of Hempstead, and a member of the ... ers Association.

Mr. Hillboldt was one of Austin County's most prominent and widely known stockmen. He had a wide acquaintance not only in the surrounding counties, but all over the state.

He rode the range when there wasn't a fence between his home and the lower Colorado County. All cattle were on the free range and spring roundups were big events.

"If I had my life to live over again, I would choose the vocation of a ranchman, said Mr. Hillboldt only last March 14th on his 83rd birthday.

His life covered a picturesque period in Texas. He saw the state develop from an open range frontier to an empire state. He was born in 1857, about the time Sam Houston first became the governor of Texas, grew up through the era of Texas in the southern confederacy, the days of reconstruction, and development from the days of ox-drawn vehicles, the wagon trail, days of barefoot boys, cow-trail roads, home spun clothing, open fire cooking, candle lights to the days of broad highways, fast automobiles, trailers for hauling stock, electric lights, store-bought clothes, telephones, market quotations daily.

Born at Millheim, March 14, 1857, Mr. Hillboldt was a son of Mr. and Mrs. Samuel Hillboldt. He grew up at Millheim. His mother died when he was ten years of age and his father lost his eyesight at the age of about forty years. He made a trip to San Antonio overland in a wagon train to see Dr. Herf, hoping to regain his eyesight. With these family reverses, Mr. Hillboldt was put out on his own at an early age. At the age of twenty-five he was married to Miss Annie Jousan. He built a home near Milheim on 400 acres of land and established himself as a ranchman, and lived there until twenty years ago when he moved to Sealy.

Four sons were born to this union: Frank, of Sierra Blanca; Charles E., Dallas and Jack of Sealy. C. E. Hillboldt died here the past year.

Representative C. S. McLellan Leaves For Austin

Farewell Message to Constituents on Eve of Departure. Will Send Weekly Letter to Newspapers of Austin and Colorado Counties on State Issues.

After this week I shall be in Austin where the next session of the legislature will convene on Tuesday, January 14th.

During my campaign I promised very few specific things. One of them was a promise to try to carry out the wishes and mandates of the majority of the people, regardless of my own personal views. Of course I must bear in mind that you want your Representative to exercise his own mind, yet in the main you want him to represent the majority. While there is a definite responsibility owing to the people of the State as a whole, yet I must first be the personal representative of the people of this district, and the wishes of the people in Austin and Colorado Counties shall come first.

Bearing the above promise in mind, my problem now is to ascertain just what the majority of you want. To try to weed out those demands made for selfish and personal reasons. To study the effect of what you want on those who do not want it. To determine if the majority is a true majority, and the minority will not be too completely crushed.

For many years it has been too great a practice of many governmental agencies to "Run the show" without you and me knowing anything about it until it was too late. You have had to depend on the daily papers, magazines who depend on some particular interests ... [illegible] ... light in the desire for you, their readers, to have advance information of what is happening in Austin, has agreed to run this column for me each week. I shall try to tell you in advance what to expect, and it is my desire that you write me your ideas. I cannot talk to each of you as these things come up, but I can get it to you through this paper.

Next week I will bring to you in advance, some of the main bills to be brought up, including those ... [illegible] ... Teachers Retirement proposed changes in the school system, the truck load limit, etc.

In the meantime, each year it is customary that invitations be mailed out to the Governor's inauguration. Since the number is limited, and I do not wish to send to some who cannot attend, while others would like to, if you want to be there, if you will write me, in care of the House of Representatives, Capitol Station, Austin, Texas, I will do my best to get an invitation mailed to you, and when you come to Austin, I would be glad to see you.

C. S. McLELLAN.

EIGHTEEN MEN CALLED FOR JANUARY 18-30

The Colorado County Draft Board Has Issued Call For Eighteen Men For Induction Into Military Service. Sixteen Volunteers, Leaves Only Two For Draft.

Selective Service Board has received two calls for January: Call No. 2 for thirteen white registrants to be delivered to induction station on January 30th, 1941, and call No. 3 for five colored registrants to be delivered to induction station on January 18th, 1941.

The board has enough colored volunteers to fill the third call, and has approximately eleven white volunteers to fill the second call, only two or three registrants will be drafted to complete the second call.

In arriving at the number to be furnished by our board, there was taken into account the number of registrants in our board divided between the white and colored groups and prorated in accordance with the Army's requirements for these men.

The board has classified 250 questionnaires (Order Nunmbers 1 through 250). The approximate number of Class 1—White in the first 250 is 51; 5 in class 1-B. The approximate number of Class 1-A colored me is 46, together with 29 colored volunteers, making a total of 75 colored men in Class 1-A.

Five registrants who would otherwise have been placed in Class 1-A have been allowed temporary deferment not to exceed six months—on account of necessities of occupation. Three of these deferments were made at request of employers to give opportunity for ... [illegible] ... call without serious interference with the employing business or institution. One of these was a department manager of a mercantile establishment; one a bank clerk and one a school teacher. Two were given temporary deferment to have time to sell or otherwise dispose, without loss, of cattle owned by the registrant.

Instructions to local boards direct them to use their sound discretion to avoid unnecessary loss or injury to a registrant engaged ... [illegible] ... employer.

Friends and relatives in Eagle Lake will be interested in learning that Miss Eunice Taylor assumed the position of superintendent of the Caney Valley Hospital at Wharton on January 1st.

In commenting on the change the Wharton Journal says Miss Taylor a fine tribute in stating that she is an excellent nurse ... The doctors of the community express their faith in Miss Taylor's ability.

Miss Taylor graduated from the Caney Valley Hospital nursing school and since last June has been the very capable night superintendent. She has been practically in charge of the hospital for a month and has been groomed for Mrs. Cervenka's place.

Davis Company Opens Gas Pool In Garwood Area

W. R. Davis and company's No. 1 A Brownson, in the Wooley survey, near Garwood, Colorado county, was cleaning into pits Tuesday making gas and wash water.

The wildcat establishes deep Wilcox sand production for the Garwood area and probably will lead to the drilling of several other tests.

With the hole bottomed at 10,012 feet, pipe was perforated at 9,423-35 feet. Tubing pressure was 1225 pounds with the flow being through a 7-64-inch choke. This is the second test drilled by the Davis company in the area.

The well has been drilled with very little information available. The test is also southeast of the McMurray will which has set casing for completion in the Wilcox which is waiting until the first of the year to move in shooting trucks. With the three strikes in a triangle many operators believe that the Davis, McMurray and Sheridan wells will open one of the most prolific and largest Wilcox sand producing areas of the State.

More Senior Poems "The Old House"

The old house stood high upon a hill
Like a lovely sentinel doing his drill;
The roof was patched and the porch was torn,
And all about was a look forlorn.

Grass knee high grew around the place
And gave it a look of sad disgrace.
The house had been empty for many long years,
And to look at the place would bring sad tears.

Once when the house was new and young,
People lived in it and laughed and sung.

Yes, the house had seen many a day,
Always some sad and always some gay.

And on the Comic Side—

Mary had a little 'gator.
This tall!
One fine morn it up and ate her
That's all!

Jack and Gerald went up the hill
To get a pail of water!
Jack saw a girl
And left poor Gerald
While he went off to court her
