## TAX LOAD IN **COUNTY IS** \$250 CAPITA

(Special to the Headlight) With state and local taxes on the rise in all parts of the country, to what extent are Colorado County residents affected? Are they paying more or less than people in other com-

munities for local government services? According to the latest figures, they and evenyone else are having to dig much deeper than before to meet the increased cost of such

For Americans as a whole, the cost of state and local government operations averaged \$427 per capita in the past fiscal year, an increase of \$47 over the prior year. For residents of Colorado County, the tax load was approvimately \$250 per capita. Elsewhere in the State of fexas, it was \$316," or \$40 more than the year before. The average was \$301 throughout the West South Central

The findings are based upon state-by-state breakdowns of Commerce Department data. They were made by the Tax Foundation and by the Commerce Clearing House, authorities on government finances.

Their figures show that it takes much more than inprevious years to operate the various state, county and municipal governments and provide people with adequate police rotection, education; sanitation, health, roads and other

In 32 of the 50 states the tax load has more than doubled in the past ten years and has become much heavier in some areas than in others. The range at present is from a low of \$252 per capita in Arkansas to a high of \$652 in New York State.

The high rates in certain sections of the country are ttributed to special local conditions, such as unusually large welfare costs, housing problems and the like. In addition, because of inflation, the cost of supplies,

equipment and labor has been mounting rapidly, forcing local governments to look for new sources of revenue to keep In all, taxes in the amount of \$86.8 billion were collected

## Procedure On City Police Car

Dear Editor:

I cannot, with a clear conthat transpired recently at City Hall.

We were contacted pertion of specifications for a new vehicle for the Police Department, Further, the "invitation to bid" was printed required by law in the Eagle Lake Headlight. We mistakenly assumed the position that if our specifications met or exceeded those called for, and our price was lowest, then naturally we would be awarded the purchase We failed to attend order. the opening of bids on the night of December 13 at the City Council room, and so could not speak for our rights at that time, and so this letter. We were low by \$186,00 on an outright basis, and low by \$337.00 on a trade-in basis. Our specifications exceeded those called for in the invitation to bid. We were not awarded the purchase order. in over 18 years of bidding

on City, County and School units this is the first time the bid has rone to the "High Bidder." We don't think i is right, but we really do wonder if there are any other taxpayers around that see it
