Our Libraries Are For Pleasure, Too

By James Hoffman
April 21-22 was observed as National Library Week this year with the two themes: Grow With Books, and Get It All Together-At Your Library.
The library that serves Rice High School is a very fine facility that the students have a right to be proud of. It is well-supplied with books, encyclopedias, and magazines for pleasure as well as reference plus an apparatus view of the beautiful tree-studded Rice campus.
Organization is a major part of every library and the Rice library does its job diligently. If ever a book is out of place or cannot be obtained, one word to the librarian or the aides quickly gets you the book you want or another that may be as good. "May 6 is the last day for business at the Rice library for this school term because of upcoming inventory, so students and others are urged to come in all times and such before this day to use the library."
"I think we have some good players and I believe that we're going to get things together and win some games," stated freshman Wayne "Tiger" Briscoe.
Wayne has been playing basketball for seven years and now plays for the Rice Raiders.
He also commented, "It's a very exciting sport and a great game."
Previous to basketball, football, basketball, and track.
