RAIDER REVIEW

MEET THE RUNNERS

By Larry Bowen
Mary Jo Spindel participated in the high jump, triple jump, 220 yard dash, 440 yard relay, and the mile relay for the Raider track team. She has been running since she was in the eighth grade and she joined because she enjoys running for the fun of it. Mary Jo, who plays basketball also, spends most of her time running from one event to another, and being busy and competitive is her enjoyment.

Sylvia Barila is in her first year running track and she is entered in the 880 yard run. Sylvia, who also plays basketball at Rice, enjoys her big quest thrill in track when the Raiders win a track meet and she wins a medal. Sylvia likes having fun and being a winner at track meets and that is why she joined the track team.

By Jerry Higgins
Charles Parker is a junior on Rice High School's track team. Her favorite food is pork chops and her favorite subject is English. She likes running track because of the togetherness. She runs the 880, 440, and the mile relay. She also runs the 10 yard dash. She plans to attend college.

By Yolanda Gotsch
Odessa Blumstein, a freshman, throws the discus on the track team. Miss Blumstein is just getting started in the sport because she wanted to see what sports were all about. She also wanted to see what she could do in track. This is her first year on the track team. "I think that the Raider team is an outstanding team and the people participating have really put in some hard work and a lot of effort this year. When you are competing against other schools, you have to remember your goal is to win," stated Miss Blumstein.

Her activities at Rice are Future Homemakers of America (FHA) and a member of the Raider basketball team. Alice Godley, a junior, is a manager of the Raider track team. She has been a member

MEET THE TRACKERS

By Yolanda Gotsch
Odessa Blumstein, a freshman, throws the discus on the track team. Miss Blumstein is just getting started in the sport because she wanted to see what sports were all about. She also wanted to see what she could do in track. This is her first year on the track team. "I think that the Raider team is an outstanding team and the people participating have really put in some hard work and a lot of effort this year. When you are competing against other schools, you have to remember your goal is to win," stated Miss Blumstein.

Her activities at Rice are Future Homemakers of America (FHA) and a member of the Raider basketball team. Alice Godley, a junior, is a manager of the Raider track team. She has been a member

of a large, vacant lot behind their home. Day lilies require no care once they begin growing, and through hybridizing have been developed into gorgeous pastel shades. A visit to this beautiful garden is well worth the time spent when one is in Wharton. Mr. Early, the pen-pioneer of Wharton, spends much time in hybridizing day lilies. The group departed from

for three years. Miss Godley commented, "There was not really a particular reason why I became interested in track except it was a great sport which many people are interested in."

She is a member of the Future Homemakers of America (FHA). "The only sport that I have participated in is track. I am a track manager. I get to meet many people from different schools and I am also brought closer to my own Raider team."

Miss Godley also replied, "I think the Raider team is the best team because they always try their best to win and that is the most important thing for a winning team."

Malady Farris and her mother, Mrs. William Farris, honored Phyllis Hoffman with a patio luncheon Wednesday noon, May 29th, at the Farris home. Miss Hoffman is the bride-elect of Mike Meitzen.

Courages of white Killens tied with blue satin were presented to the honoree and her mother, Mrs. Leo Hoffman. A crystal coupe filled with white Marguerite daisies and lily ivy entered each luncheon table. The circular

luncheon tables on the lawn were skirted in long blue cloths.

The guests gathered on the patio for a champagne toast to the bride and for the opening of her gifts prior to being seated for lunch. A menu of chicken salad, French potato salad, brandied apricots, tartar carrots, olive-oil kabobs and miniature rolls was served with time-honored and choice for dessert.

Next, Mrs. Killins invited the group into her African Violet room. Mrs. Killins' ingenuity was displayed. A drive-in garage has been converted into a solarium-like display area to their beauty. Mrs. Killins is quite professional with her African Violet culture. Sundays often find the family in a Texas city where a clinic or a school of African Violets is being held.

A business session at the Henry Rutledge home drew the club members from the

been seeking, however, new refreshments was held in an inviting outdoor living room. It, too, showed much cleverness in that it was constructed from materials available at most homes. Mostly native plants, grown from cuttings, were advantageously placed to frame the attractive spot. - Reported.
