Perfect Attendance For 26 Years

A. J. Kremling, charter member of the Garwood Lions Club, left, was presented a pin for 26 years of perfect attendance at the longest last week at Marvin's. Lion Kremling received the award from president Billy Heiser, right.

HALLA DISCUSSES WILLS, ESTATES AT GARWOOD LIONS INSTALLATION

Wills and estates were the subject of a discussion by W. A. Halla, attorney and husband of the former Joyce Bunge, a native of Garwood. Mr. Halla presented a very informative discussion on the importance of wills and estate planning.

The program, which will be held on July 1, will "pay tribute to those families who have proved their respect for and dedication to the land."

Mr. Halla was introduced by Ted Danklefs.

Tom Hogan led the group in the opening and closing songs, with Mrs. Engstrom at the piano; he also gave the invocation.

The staff of Marvin's served a delicious steak dinner. Special guests for the evening were Mrs. W. A. Halla, Mrs. Bud Shop, Mrs. N. L. Heiman and Mrs. Joe Schellmann; and editor Fred R. Frick.

Ladies who won door prizes were Mrs. W. A. Halla and Mrs. Tom Hogan.

Decorations for the event were in keeping with the Lions colors of purple and gold with streamers.

Lion Billy Heiser presented perfect attendance awards for 26 years of perfect attendance to A. J. Kremling and one for 24 years to Robert Schurring. He also presented a gift certificate to Mrs. Robert Schurring for her assistance during the year and to Mrs. Herbert Engstrom for faithful service as president.

Heiser presented a hand-made gavel, made by Harry Engstrom, to Mr. Danklefs, officially handing over the leadership of the club to the new president, Mr. Danklefs.

Mr. Danklefs in turn presented the past president's pin to Mr. Heiser and commented on the outstanding work that he has done throughout the year.

The zone chairman also installed Ed Wilson as a new member into the club. He was

sponsored by W. A. Halla.

The guest speaker for the evening was Carl Halla, Houston attorney and husband of the former Joyce Bunge, a native of Garwood. Mr. Halla presented a very informative discussion on the importance of wills and estate planning.

OWNERS OF LAND IN COUNTY SINCE 1874 TO BE HONORED

Farmers and ranchers in Colorado County whose families have held the same land since 1874 or before will be honored by the Texas Department of Agriculture's "Family Land Heritage Program."

According to Commissioner John C. White, the program, which will be held on July 1, will "pay tribute to those families who have proved their respect for and dedication to the land."

Mr. Halla was introduced by Ted Danklefs.

CALLING ALL HOMEMAKERS!

(By Dorothy L. Schomburg, County Extension Agent, H.E.)

HOMEMADE DUSTCLOTHS

Consumers can make dust-absorbing dustcloths at a fraction of the cost of store-bought cloths.

There are four preparation methods.

1. Pour two tablespoons of furniture polish or liquid wax into a one-quart jar or coffee can. Rotate jar or can to completely coat inside surfaces. Pour out excess liquid to avoid getting too much on the cloths.

2. Another method combines one-fourth cup linseed oil with one pint of boiling water. Then add six to eight cloths and let them absorb as much liquid as possible. When the cloths are dry, wring out each cloth and hang it up to dry thoroughly.

3. A third method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

4. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

5. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

6. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

7. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

8. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

9. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

10. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

11. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

12. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

13. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

14. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

squeeze out, dry and store in covered jar or can.

15. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

16. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.

17. A fourth method calls for one tablespoon of kerosene mixed with one quart of hot water. Dip squares of soft clean cloth into this solution, wring out, dry and store in covered jar or can.

18. For the fourth method, mix one quart warm water, one tablespoon of mild soap or detergent powder, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish.

Mix well and dip cloth into the solution. When cloth is saturated with mixture,

covered glass jar or can to prevent a fire hazard. When they become soiled from use, wash in warm water and treat them again if necessary.
