REFLECTIONS ON International Sunday School Lesson

III Samuel 7:8-10, 21-23

For a number of years major companies have been researching leadership. They need to know what leadership is and how it develops. They constantly come up with surprises. Leadership is in personality and appearance. Their backgrounds and styles differ. The one consistent factor seems to be that people are motivated to follow those who really are leaders.

David stands out as one of the great leaders in the Old Testament. He rose from the pasture where he herded sheep to the palace where he controlled the destiny of a nation. He rose from a shepherd to a king.
