

INSTRUCTION NOTE:

Vote for the candidate of your choice in each race by placing an X in the square beside the candidate's name.

You may vote a straight ticket (that is, vote for all the candidates of a certain party, and for no candidates outside that party's column) by placing an X in the square beside the name of the party of your choice at the head of the party column. (If you use this straight-ticket method of marking, do not mark squares beside the names of individual candidates.)

NOV. 5 SAMPLE BALLOT

Wool Promotion Referendum Nov. 4-15

Ballots will be mailed to all known wool and lamb producers in Eagle Lake County to enable them to vote in a national referendum on a proposed new agreement for the advertising and promotion of wool, according to Daniel C. Strechus, County Executive Director.

The mail referendum being held November 4 through 15 will enable producers to vote their approval or disapproval of a new agreement between the wool and the American Sheep Producers Council (ASPC) which provides for the USDA to withhold a part of any wool payments that might be made to producers to finance advertising and sales promotion programs by ASPC for wool and lamb. The withheld funds would also be used by ASPC to develop and disseminate information on product quality, production management and marketing improvement for wool and sheep.

Wool and lamb producers will be mailed an explanatory statement about the proposed new agreement along with the ballot. The new agreement is similar to one approved by producers in 1971. If approved is voted, payment deductions of up to 1-1/2 cents a pound on shorn wool and 7-1/2 cents a hundredweight on unshorn lambs would be made, the same as the maximum deduction rates for the 1966-72 period. Since no wool payments were made for 1973 marketings, there were no deductions for that year.

Mr. Strechus emphasized the neutrality of the U. S. Department of Agriculture on the proposal being submitted to wool and lamb producers. "Our sole interest is in conducting a fair and impartial referendum," he said.

Anyone may vote who has owned sheep 6 months old or older for at least 30 consecutive days during 1973. Votes may be cast by individuals, corporations, or partnerships. Any producer who is not already known to the county ASCS office is urged by Mr. Strechus to come by or call in order to receive a ballot and explanatory material.

Any eligible producer may vote in the referendum, without regard for race, color, sex, religion, or national origin.

Area Shielded Against Depression

With inflation continuing unabated in Colorado County, as it is elsewhere throughout the country, local residents are wondering whether a recession, or what is worse—a depression—is on the way.

The term "depression" is meaningless to most local people since they never experienced one personally. There hasn't been one in the United States since the 1930's. Two-thirds of those now living in Colorado County were not alive then or were too young to remember it.

Donna Lou Berry On TV Program Fri.

Friends in the community will be interested to learn that Mrs. Barry Kelley of Coahoma, the former Donna Lou Berry, will be the voice for "Jot," an animated cartoon on a television show on Houston Channel 13 at 6:30 a.m. this Friday, Nov. 1st.

Mrs. Kelley started making the Jot cartoon series about 13 years ago and since that time has made a total of 13 cartoons plus a record album.

Last week she made a flying trip to Fort Worth where the producers of the film, the radio and television commission of the Southern Baptist Convention, had her provide the Jot voice for two sides of a record they plan to offer as a "Jot surprise" send for gift at the end of each television appearance.

Her talent is one-of-a-kind. She has the voice of a six year old child and the training and experience came about as a result of that unique talent.

Her summer was here to answer any questions students had. Interested students were able to ask about scholarships, tuition, housing, and anything else concerning TJC.

Fish Lead In Attendance

(By Laurel Anderson)

Do freshmen like school? Apparently not, for they had the best attendance for this week of school. Overall, the freshmen boys (71) had the best attendance with only 96 absences during the first nine weeks. Next came the junior class, and then the seniors in third place. Sophomores had the highest number of absences.

Last year the sophomore girls had the best attendance while the seniors had the most absences.

Classes will have another opportunity in raising their class attendance.

MARKET REPORT

WHARTON CO. LIVESTOCK

The market was weaker on all classes of cattle at the sale at Wharton County Livestock Market, Inc. Oct. 23rd report owners. Most of the weakness was in the thin type stocker calves and the lower grade slaughter calves. The increased marketing numbers over the state seem to be the problem right now.

Choice stocker and feeder steers in the 450 to 550 pound class sold 26 to 28 and 500 to 600 pound standard steers went 18 to 22. Choice heifers in the 350 to 450 pound group sold 25 to 28; utility slaughter cows sold 17 to 19.5.
