Rice Will Host County Spelling Bee
(By Rick McDonald)
Four students from the Garwood Elementary School, Sheridan, Elementary School, St. Mary's School, Nada, and St. Anthony's School, Columbus, are participating in the Colorado County Spelling Bee which will be held in Room F at Rice High School on Wednesday, March 19 at 2:30 p.m. A student cannot participate if he or she has completed the eighth grade at the time of his individual school spelling final or if his sixteenth birthday falls on or before the date of the National Finals, June 2 through 7. The winner of the County Bee goes to the East Texas Spelling Bee which will be held on Saturday, April 12 in the Board Room of the Houston Independent School District at 3830 Richmond Avenue. From here the winner competes in the National Spelling Bee which will be held from June 2 through 7 in Washington, D.C.

Raider Band Performs At Dome, Feb. 25
(By Laurel Anderson)
Last Tuesday, February 25 the Rice High School Raider Band played at the Astrodome for Colorado County Day. The band was privileged to perform at this event because they represented Colorado County. Several years ago they performed at the dome for this same event. Numbers played were ones that the band performed during football season, such as "Son of a Preacher Man", "The Home", "Rock (A B A B)", "Beginnings" and others.

Baseball Season To Open With Katy Mar. 4
(By Rick McDonald)
Baseball season will soon be starting and the first scheduled game is set for March 4 when the junior varsity faces El Campo. This year there will be approximately 25 boys playing baseball. There will be a junior varsity team for the first time in Rice's history in addition to the varsity. Practice is held after school every week day until 5 o'clock. The school purchased a Jugs pitching machine that is used primarily for batting practice. The varsity will start their regular season play with a doubleheader against Katy on March 4.

Birthday Was Celebrated On Different Dates
(Mark Hoover)
Although George Washington was the first president of the United States and is greatly admired by many people, his birthday is remembered for many things: the closing of stores, banks and other businesses. Children remember it for only one thing: the closing of many schools for one day, which means extra time to play for them. The celebration of Washington's birthday was not the same way in the 1770s when Washington was alive. The only record ever found of celebrating Washington's birthday (outside his family) occurred at Valley Forge in the winter of 1778 when the musicians of the Fourth Continental Army marched directly to the headquarters of Washington and serenade the commander.

Stained Window Being Made By Art Students
(By Joe Garcia)
There are several students in Art that are carefully working with stained glass making a unique window with different designs of glass. Students cut the glass with precautions of not breaking or cracking the expensive glass. This is just one of the many projects which art students are working with this semester.

Classes Are Writing Research Papers
(By Mike Armstrong)
Many students are currently writing research papers for various classes. The research paper is a summary of what others have already said or written on a given subject. The research paper is taught to instruct students in learning a standard method of procedure, consulting several specified sources, being original in selection, evaluation, expression, and conclusion. Currently American history, Senior English, and government classes are writing research papers. American history students are writing on "The Vietnam War", "The Cuban Missile Crisis", and "Kennedy's Assassination". The Senior English classes are writing on "Winston Churchill", "Queen Elizabeth II", and "Prime Minister Harold Wilson". Government classes are doing research on "Illegal Aliens", "Wiretapping", and "Watergate".

Value Your Child
Show each child that you value him for himself as a unique individual for the special qualities that make him "him," and not for what he does that may give the family status in the community—like winning a contest, making the honor roll, or being a football hero. Dr. Jennie Kitching, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, advises.

Raider Review Staff Members Visit The Post
(By Larry Bowen)
Six journalism students journeyed to Houston with their journalism teacher to visit the Houston Post building on Friday, February 14. Mike Armstrong, Joe Garcia, Cecil Hartfield, Rick McDonald, Sharon Stapleton, and Larry Bowen accompanied Mrs. Lillian Gohlke, who was presented with a carriage by her journalism students as they left for Houston. After an enjoyable meal they went to the Houston Post building where they were taken on a tour by Janie Warren. The tour took the students and their sponsor all over the interesting building and showed them much about how a newspaper works. Maps, booklets, and pencils were given to the members of the tour before it started. The students were shown many different parts of the building and many of the different departments in the Post. Mrs. Warren pointed out many aspects of the building and gave the students some little known facts. The advertising department, editorial division, and production division were all visited as working cops in the newspaper machine that puts out the Houston Post. The trip was most enjoyable and informative.
