REFLECTIONS ON International Sunday School Lesson

(Matthews 4:14-16, 5:1-10.)
A lonely young woman expressed the feeling of many people in an age where people lose their identity. "I just can't feel that anyone really understands or even cares about me," she commented sorrowfully. She was a kindred spirit with the elderly man who lamented: "I have never had anyone take my side on anything." In a world where the population is rapidly approaching four billion people, you can understand how people would feel that way.

People like these should

man, fully human, yet fully divine. There are no such limitations on him. The priest had to offer sacrifices for their own sins. Jesus faced the temptations, but without sinning. When his sacrifice was offered, it was totally for those who believed in him.

Lost in the discussion of the role of the ancient priest is an important fact. The writer of Hebrews was making it clear that we have someone who will take our side on things. Jesus makes it possible for a person to approach God on the basis of our faith and then become the children of God. Then from that point on, Christ leads our case constantly before God. He intercedes, or makes known to God all of the things we need in life. This is what is really important to most people today. They need to understand that God takes our side in every circumstance of life.

Weekend operation will be resumed on August 30 and continue through November 30.

All-inclusive Astroworld admission tickets are \$6.50 for adults (ages 12-64) and \$4.40 for children (ages 4-11). Each ticket entitles the holder to enjoy any or all of the more than 100 rides, attractions and live shows without further cost. Persons age 65 or older are admitted free of charge.

And some relief in reading the book of Hebrews. This New Testament book was originally written to show that Christianity is unique and different from all other religions.

The book, the writer draws a comparison between the Hebrew high priest and Christ. The priest offered sacrifices and prayers on behalf of the Hebrew people. Jesus stands out in this book as the great High Priest of God who stands in the Holy Place of heaven to plead our case.

In Hebrews four, we are reminded that Jesus understands us. He went through every age of pain and temptation that you and I face. For that reason he can understand us. People often think of God as distant and unapproachable. Human experience painfully points out that people are often that way. The Bible reminds us that our first impression of God is wrong. Because Christ suffered, worked, faced frustration and temptation, and even died, he understands everything that happens to us, and he cares. Bible scholars make much of the comparisons between Jesus and the Hebrew high priests that are drawn in Hebrews, chapter five. The priests were men with human limitations. Christ is the God-

Local Youth Enters 4 Local Business Places

A local youth entered four local business places last Friday night, taking a small amount of change and some small wrenches for his night's activity.

Patrolman Buford Ashley found a back door into the Miller Grocery broken into at 3:45 a.m. Saturday and he and Chief of Police Roy Chism started an investigation that led to the arrest of the youth.

A rock was hurled through a plate glass in a door at the side of Miller's Grocery and another glass into Miller's Barberie was broken. Small change was taken in each place.

Later the youth broke out a small service window at Clyde's Food Market and got some more small change from a cash register.

The officers learned that the youth had cashed in a lot of small change at the local Fun Center and later made an arrest and the youth admitted the burglaries. He told officers he hid the wrenches under a culvert on FM 102 North and they were found Monday.

The officers said that the total take for the night's work was less than \$12.

Because of the fact that the youngster is under doctor's care, he was released to custody of his parents who agreed to make restitution for money taken and to pay for damages to property.
