END OF SCHOOL
(By Larry Bowen)
It is inconceivable to me that the end of school is just around the corner. But it just goes to show how time flies when you're having fun. Just under twelve short years ago, I entered this merry-go-round called school and I am now ready to emerge into the world and seek my fortune. My preparation has

been infinitely better because I have attended Rice High School. I shall be eternally grateful to all of the people who have been connected with Rice - and helped make our school what it is. The end of school is finally here, but the graduates are not the only ones deserving of congratulations.

Business Club Holds Banquet
(By Joe Garcia)
On Tuesday, April 15, the Business Club held its first banquet with 35 respective members attending.

The guest speaker for the banquet was Patry Hodge, owner of "The Gallery" and the vice-president of the Columbus Chamber of Commerce. She had each member fill out a sheet in which she surveyed each member's business interests. This survey asked if in the business world would you rather be an employee or an employer, what particular goals you wished to achieve in life and are you prepared for the future.

Thirty-five members and guests enjoyed a barbeque meal with all the trimmings.

(By Mark Hoover)
Over a month ago color came to the Rice High School library. This colorful display came in the form of potted plants to produce a more colorful atmosphere in the library.

There are a total of five plants. Two artificial plants, a real plant with three potted plants. The three potted plants are a Poinsettia, Jade, and an African Violet.

Both students and teachers have enjoyed this innovative approach.
