IT'S APPROACHING

(By Judy Spates)

On Saturday, April 3, 1976, in the Rice High School's Commons, the 1975-76 Junior-Senior Prom will be held. This is why the junior class students have been rapidly preparing for this event. A meeting was held on January 28 to make further preparations. And, as a reminder to some, this year's prom will be formal or informal for the boys, and the students may come stag if they desire to do so. The band that will be performing is Redwood.

America Week Celebrates Our Bicentennial

(By Mike Armstrong)

One of the highlights of the Bicentennial is "My America Week" proclaimed by the President to observe the week beginning February 15. Students and adults will have the opportunity throughout the week to honor the birthdays of Lincoln and Washington. Events will occur over the nation with an aim "to foster the principles on which our nation was founded." Historical markers are also placed around the nation to tell us of our nation's history. You can take part in the celebration of this week by simply reading your "real" historical marker. It will only take about five minutes of your time but it will give you knowledge for the rest of your life.

Students May Register To Vote At School

(By Bob Morgan)

Since 18 year olds have the privilege of voting, Joe Wendel is helping Rice students register to vote. In order to qualify to register, a student must be a U.S. citizen, a resident of Colorado County, at least 17 years and 10 months old, and not currently registered. The student is given a simple registration form which is filled out and returned to Mr. Wendel. The distribution of registration forms at school helps students who wish to become eligible voters and prompts others who might not otherwise register.

Annual Firemen's Ball

Garwood Volunteer Fire Department

Sat., Feb. 14

Nada KJT Hall

Dancing 9 P.M. to 1 A.M.

Music by Knights of Dixie

Tickets may be purchased from Garwood volunteer firemen or at the door.

Admission by Donation

Brotherhood Wk. Is Feb. 15-22

George Bernard Shaw said, "We are all children of one Father and the sooner we stop calling each other names the better." Once again the time draws near for the celebration of Brotherhood Week. "What is it all about?" we ask ourselves time and time again. And then answers come to us. We are all part of the group, "one family of man," yet each man is an individual. Under our democratic form of government, we believe that this individuality must be preserved. In a large complex organization, a person will sometimes lose sight of how he or she fits into the scheme of things. Or even more, one can get the feeling of fading right into oblivion. But keep in mind that you, the individual, are unique. It is this uniqueness that makes you a valuable asset to the world in which you live. It is the very difference between people that stimulates ideas and creates progress. For all people to have an equal right to the "pursuit of happiness," but not all pursuing it the same way to recognize the differences, and to respect them; these are our renewed thoughts stimulated by the approach of Brotherhood Week.

Baked with family pride.

"We still bake our bread the yeast-rising way, like Grandmother Baird did. No one's ever found a better way to make good bread. It's expensive, but the final flavor and texture is worth it."

Allen Baird

Is Ending Quarter Good Or Bad?

(By Daryl Behler)

Students at Rice are looking forward to their upcoming holiday at the end of this second quarter. The quarter will be concluded in one more week. The last week of a quarter is one of the most frustrating weeks out of the whole school year for teachers and students. The teachers must wrap up their final studies and prepare for the next quarter to begin. This involves making tests, grading them, and posting the grades for students to receive. It is a very hectic week for the students because they are the ones who have to take the tests, and also receive the report cards at the end of the quarter. There is one thing that the students, or all of us, can look forward to, and that is that there is only one more to go!

MRS BAIRD'S

Back The Raider Girls Friday

Raiders Clinch Zone Titles

(By Mike Armstrong)

Both the boys and girls basketball teams clinched 13-AAA zone titles last week. The boys defeated West Columbia to clinch the zone title Tuesday of last week and the girls defeated Edna and Sweeney to claim theirs-both teams are currently 15-0 in zone competition. The girls will play West Columbia for the district crown and the boys will play Hitchcock for their district championship. This is certainly a great accomplishment for Rice High School, and the teams would appreciate support throughout the rest of the season.

Morgan Elected Future Teacher Of January

(By Denise Wigwe)

Bob Morgan, a senior, was voted Future Teacher of the Month. Bob was given this honor by his fellow members of the club. Bob is publicity chairman and has also attended the spring convention in January in Washington, D.C.

Students May Register To Vote At School

Holidays Are Feb. 23-24

Students will have a long weekend after the close of the second quarter at Rice. There is a district holiday on Monday, February 23 and an in-service day for teachers and aides on Tuesday, February 24. Teachers will be in school on Wednesday, February 25, to prepare for the visiting committee from the Southern Association of Colleges and Secondary Schools. They will conduct its two-year visitation of Rice High School beginning with a dinner at 6:30 p.m. on February 24 in the Commons. The following day, February 25, the visiting committee will visit classes and make their evaluation.

Mothers Worry For 65 Days

(By Daryl Behler)

This may come as quite a shock to many of you but it is true. There aren't that many days of school left this year. For some of you, this may be very critical in the way that you will have your lovely children home again at summer. There's no more time to sit around the house and watch soap operas and read the "Ladies Home Journal" because you can now make such clean the house every twenty minutes, run them and there, wash clothes every day, pick up their rooms behind them, and above all, have their dinner ready when they get home so that they can run off somewhere else for the evening. Let us hope that it seems longer than it sounds and really is. But again, keep in mind that it will start again in just a few more months, so smile and keep saying to yourselves that it's not all that bad!

Bookkeeping Has Practice

(By Judy Spates)

On January 13, Mrs. Grace Cooper's bookkeeping classes started on their practice sets. The practice sets consist of a checkbook, a general ledger, an accounts receivable and accounts payable ledger, a checkbook, a general ledger, a reconciliation of bank statements, a book with the different journals such as the purchase, sales, cash payments, cash receipts, and the general journals. The problems come in five different envelopes. The students are expected to be finished with the sets by February 6.

we salute the... BOY SCOUTS OF AMERICA

This week, the Boy Scouts celebrate their 66th Anniversary. You can bet they're proud of their record...and justifiably so. Since its founding, this organization has helped American boys become men, through its program of building character and providing wholesome activities for growing youngsters. We salute an outstanding group of boys!
