JCA President Warns of Brucel. Change

The head of the Independent Cattlemen's Association said Friday that Texas ranchers should be aware that the U.S. Department of Agriculture plans to seek further changes in brucellosis program requirements.

JCA President T. A. Cunningham of Goliad said USDA "plans to pop Texas with 16 pages of changes despite promises that we had swallowed the whole pill" when the Animal Health Commission accepted the present requirements under court order and threat of quarantine.

The 16 pages of planned changes were disclosed by Dr. Paul Becton, USDA's national brucellosis coordinator, Thursday at a meeting of the Texas Animal Health Commission.

Cunningham said promises that no changes were planned were made by Becton at a Dec. 30 court hearing in Austin and in several other meetings with cattlemen.

dividend project is part of a record $376.8 million dividend payout to veterans who have kept in force their policies from World War I, World War II and the Korean Conflict.

Tax Officer Begins Tour To Sell Plates

Colorado County tax officer Henry J. Hajovsky and his deputies will begin a tour of the county today, Thurs., Feb. 26th to issue 1976 automobile and truck registrations and to assess taxes for the 1976 year.

Mr. Hajovsky reminds that all who register a vehicle for 1976 must present the registration renewal application that they received from the Texas Highway Department. If for some reason you did not receive the renewal application, then you must present the certificate of title and the 1975 registration receipt.

Instead of license plates a validation sticker will be issued for the year 1976 and the sticker will be placed on the upper right corner of the plates issued for 1975.

County Gets $227 From Mixed Drinks Tax

Comptroller Bob Bullock has mailed checks totaling $2.7 million to 186 counties and 300 cities as their share of the mixed drink tax for the October-December quarter of 1975.

Bullock said counties got $1.4 million and cities $1.3 million of the total.

The mixed drink tax, collected by the Alcoholic Beverage Commission, is 10 percent of all gross receipts for the sale of mixed drinks.

The cities get 15 percent of the tax collected within city boundaries, while counties reap 15 percent of all the tax collected from unincorporated areas.

Colorado County received $227 from the collection of the tax.

Ed Wine Home From M. Marine Trip To Russia

Ed Wine of Garwood, who serves as a navigator on the Merchant Ship Monticello for Victory Carriers, has returned to the states after a long trip to Russia aboard the Monticello.

Wine said that the ship took a load of U. S. corn to Odessa but due to the great influx of ships in the harbor had to lay at anchor outside. harbor for some time.

During the trip the ship and crew encountered some of the fierce weather that hits the North Atlantic with subzero temperatures and waves up to forty-five feet high.

Mr. Wine, a former Colorado County deputy sheriff in the Garwood area, is a qualified investigation officer and while in Russia he had an opportunity to visit with the law enforcement agencies in that country.

"Of course, they only let you see what they want you to see but it was quite an experience," he said and added that people in the United States have a right to be truly grateful of the freedoms enjoyed in this country.

He will be at home for some time before deciding on his future plans.

Damages Asked In Death Of Five Cows

The death of five grazing cows as the alleged result of ingestion of chemicals from a drilling site is the subject of a damage suit filed in 25th District Court this week.

The suit was filed by Anthony M. Truchard, M.D. and W. W. Herren against Julian Evans, John Fowlkes and the Fowlkes Equipment Co. The plaintiffs allege that they entered into an oil and gas lease with Evans in 1971 and a well was drilled on the site in the spring of 1974.

The petition alleges that after pit leveling operations had been commenced by the Fowlkes firm five cattle died of ingestion of spillage from the drilling site, they plaintiffs also allege that the driller used more land than was needed to develop the drilling site and that reasonable care was not taken to contain the affluents.

Herren holds a grazing lease on the land and was the owner of the cattle and he asks for a judgment for $2250 for loss of the livestock. Also the plaintiffs ask for $1000 in damages for temporary loss of use of land subsequent to the drilling operation.

FB Traffic Safety Program At Rice Wed.

If a small child suddenly dashed out into the street in front of your car, could you stop in time? Many people say, "I can stop on a dime."

Students of Rice High School had an opportunity at 1:05 p.m. Wednesday, Feb. 25th to see for themselves the distance required to stop a car in an emergency, while participating in a Farm Bureau sponsored traffic safety program, according to Ronel W. Roberts, vocational agriculture instructor at Rice.

The program, in two parts, was given under the direction of Ben Bullard, Waco, Assistant Safety Director, Texas Farm Bureau.

During the first part of the program, Bullard discussed Texas traffic safety, in addition to outlining procedures to be followed during the second part demonstration.

The group was directed to the street to witness driving tests at 20, 30 and 40 M.P.H.

Bullard rode in his special equipped car with each of the drivers. The safety belts are used during each test. During each test, the equipment signals to driver to make a panic stop and marks that exact spot on the street. Two more spots are marked: (1) where the brakes are first applied and (2) where the car comes to an exact and complete stop. Students and teachers got a "panorama view" from their safety vantage point. Student assistant, using a steel tape, measured the reaction and braking distances in exact feet and inches. Following each stop test and measurement, Bullard announced the results over his auto public address system for each member of the audience to mark their personal cards.

This public service traffic program, presented before high schools across the state since 1957, was brought to Rice High School under the sponsorship of the Colorado County Farm Bureau.

Fine Limousin Cattle Seen Here

The first herd of some of the finest Limousin cattle in this country were at the J. H. Clipson Ranch two miles west of Eagle Lake Tuesday for sifting, pregnancy testing and final show and sale preparation. The cattle are consigned to the Houston Livestock Show and Sale and since a maximum of fifty could be entered, a few of the animals had to be sifted to meet the 50-head limit.

Included in the cattle at the Clipson Ranch were fine purebred and percentage Limousin cattle from this state and many other states.

The show and sale is being managed by American Cattle Services, Inc., and is billed as the Texas Limousin Association's Spirit of '76 show and sale in conjunction with the annual meeting of the Texas Limousin Association and the Houston Livestock Show and Rodeo. The cattle will be judged this Saturday, Feb. 28 at 2:00 p.m., and the sale of the animals is set for 7 p.m. Saturday. The Astro World Hotel in Houston is the sale headquarters and the auctioneers for the sale will be C. K. "Sonny" Booth and Bruce Brooks.

Included in the sale will be six purebred bulls, two fullblood females, 11 American Purebred females, 32 bred and open 75% heifers and 8 87½ and 75% bulls. All of the cattle were here for the pre-sifting and testing at the Clipson Ranch and many citizens from throughout the Gulf Coast area were on hand to inspect this fine breed of cattle.

The animals will be shown at 2 p.m. Saturday in a presale show in the main arena of the Astro Hall, Fr. Jim Wiltbank, Beeville Experiment Station specialist, will speak at the Limousin Rally and annual business meeting in the Livestock Show's Conference Room. His subject will be "Induced Estrous on Beef Cattle."

The Spirit of '76 Pre-sale party will follow at 6 p.m. in the Herdsman Room; and the sale will begin at 7 p.m. in the Super Sales Salon of the Astro Hall.

Consignors in the show include ranchers from Texas, Oklahoma, California, South Dakota, Alabama and Colorado.
