Solution To Estate Tax Crunch At Hand

A solution to the estate tax crunch that forces many families to sell businesses and farms to pay estate taxes may be at hand.

The Burleson-Curtis Estate Tax Reform Bill now in Congress contains increased exemptions that will help alleviate the tax burden when an estate is passed on to heirs.

The bill increases the exemption from \$60,000 to \$200,000. It increases marital deduction from 50 percent of gross estate to \$100,000 plus 50 percent of gross estate, and (3) provides an option to value farm and ranch estates at their agricultural value rather than speculative value.

The need for passage of the Burleson-Curtis Bill is obvious, especially in agriculture. A 540-acre farm valued today at \$1,000 per acre could have a net estate value in excess of \$500,000—including farm machinery and improvements. The federal estate tax on this amount would be approximately \$250,000 payable within nine months after death of the owner.

Under these circumstances, the present \$60,000 federal estate tax exemption would help very little. Heirs to this property would probably have to sell it to pay the taxes. Very likely, both the land and the heirs would be taken out of agriculture—at a time when food and fiber production are essential.

All citizens are urged to write their U.S. Congressman and U.S. Senators as soon as possible requesting passage of the Burleson-Curtis Estate Tax Reform Bill.

In 1975, Texas ranked third in vegetable and melon, and in the nation in harvested Agriculture Commission acreage; production and John C. White has reported value of fresh market

THE CHRISTIAN LIFE

OUR RELATIONS ONE TO ANOTHER

1. Love one another.

"This is my commandment, that ye love one another, as I have loved you." (1 Jn. 13:12)

2. "By this shall all men know that ye are my disciples, if ye have love one to another." (Jno. 13:35)

3. "One cannot love God whom he hath not seen and hate his brother whom he hath seen." (1 Jno. 4:20)

4. "Bear one another's burdens, and so fulfill the law of Christ." (Gal. 6:2)

5. "For every man shall bear his own burden." (Gal. 6:5)

6. Each individual must bear his own responsibility to God. One cannot obey God for another person. However, we can help one another bear the infirmities of the flesh.

7. Forgive one another.

"But if ye forgive not men their trespasses neither will your father forgive your trespasses." (Mt. 6:15)

8. How often shall we forgive? Jesus said to Peter, "Until seventy times seven." (Mt. 18:22)

9. "And if he trespass against thee seven times in a day, and seven times in a day turn again to thee saying, 'repent, thou shalt forgive him.'" (Lk. 17:4)

10. Pray for one another.

1. Paul said: "Brethren pray for us." (1 Thes. 5:25)

2. "Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much." (James 5:16)

3. Samuel said: "God forbid that I should sin against the Lord in ceasing to pray for you." (1 Sam. 12:23)

Sinclair, Hayes Stephens, W. S. Strickland and J. J. Wintermann. A dividend of 1 percent to stockholders was declared.

Mr. Bill (Helen) Farris presented the program for the meeting of the Rotary Club on Wednesday last week, bringing an interesting discussion on the history of hotels in the community and especially some background on the colorful history of the former Dallas Hotel, later the Callison Hotel, the Brown Hotel, and the Eagle Hotel. Mrs. Farris noted that Eagle Lake in the late 1800's was a popular spot for drummers, selling a variety of wares, to display their merchandise. Also she told of the doctor's convention that was held here annually, "when the doctors promised a cure for almost anything." W. A. Dallas built the hotel which is now the Farris 1912 on the site of the former Good Hotel, an elaborate hostelry with some of the most modern conveniences available. (including in-

door plumbing). Mr. and Mrs. Farris purchased the hotel from Mrs. L. W. Stiles who purchased the hotel from Mrs. Jewel Starkey. Mrs. Starkey became owner when she purchased the building from the P. P. Ramsey and the hotel was known as the Ramsey Hotel at the time it was purchased by the Farris. Mr. and Mrs. Farris who family have been working for the past year and a half in restoring the hotel to its original status and hope eventually to have the facility to become a landmark of the community just as it was in the early 1800s. Mr. Farris was program chairman for the day.
