Raider Review

Rice High Has Fewer Students

(By Mark Hoover)

Rice High School has 28 fewer students this year than in the 1975-76 school year. Freshmen at Rice have lost seven students from last year, and the sophomore class has decreased by 10 students. The junior class attending Rice High School has lost 14 juniors while the senior class has increased by eight students from the previous year.

These figures are likely to change because new students are arriving all the time; however, this is a good approximation for this early in the year.

Raider Team Is Ready For Action

(By Debra Newsom)

This year's Rice Raider football team consists of twenty-four young men who are planning on giving all they've got for a successful season. Of these twenty-four athletes, six of them are lettermen from last year.

When questioned about this year's schedule, head football coach Dee Mackey said, "The Raiders will face stiff competition in this year's schedule. Once the season starts there will be no open dates and nine district games."

Coach Mackey also commented that the greatest weakness the team has this year is that some of last year's lettermen did not go out for football this year.

When I asked Coach Mackey what it would take for the Raiders to have a successful year, he said, "In order for the Raiders to have a successful year, they are going to have to have lots of enthusiasm and support from their fellow students and the surrounding communities."

Library Has Increase In Books

(By Judy Fay Spates)

At the last meeting of the Rice High School 1975-76 Student Council it was decided that the 1976-77 Council would assist in helping the freshmen the following year. It was suggested that they wear an "Ask Me" button.

On August 19, this motion was carried out under the leadership of the Council president Brenda Kallina, sponsor Joseph Wendel and the senior class members. These students assisted the freshmen in various tasks, such as unlocking lockers, helping them find their rooms and helping them learn the rules and regulations that are required of each student.

This project was a big success and many thanks go to those seniors that participated in the project.

Council Project Was A Success

(By Judy Fay Spates)

A new class offered this year at Rice is the Mini-Courses. Taught by Mrs. Barbara Mackey, this class will be a series of interesting courses on various subjects. Several different speakers and instructors will be visiting Rice this year to speak to this class.

The different courses to be studied are defensive driving, values and goals, energy, gun safety, parks and wildlife, sex education, art of dying, first aid certification, social benefits, you and the law, selling and salesmanship.

Also to be studied are art, floral design, electricity, judo, carpentry, stripping and wood finishing, insurance, ethics studies, travel, radio and television, aviation, cake decorating, job interview, armed services and career education. All thirty-eight students enrolled in the mini-courses are enthusiastically looking forward to a very educational and beneficial year.

Fish Express Views On Rice

(By Judy Spates)

On August 24, eight freshmen students were asked to express their thoughts about Rice.

Three young ladies by the names of Marie Carter, Vicki Fry and Sandra Henderson stated, "I have enjoyed it so far by making friends with other people my own age, and also I am getting acquainted gradually to the methods in which I am being taught."

As I continued to ask different students, Hortencia Barrios said, "It's hard, but I'll make it."

Another young lady by the name of Shantay Mason stated, "It will do, but it could be better."

As these students are getting adapted to this environment, I continued my search for other comments.

Next I bumped into three young men. Tom Dickerson said, "This is a very clean and well built building and I am enjoying every minute of it." Then another joined the group to speak and his name was Mike Hoover. "This is a real good school and I like it very much," he said. Mike Walker said, "This school has real good food and it is beautiful."

So we can see that the freshmen are enjoying their stay here at Rice.

GOT A GOOD EDUCATION? YOU CAN DECIDE

If you can be happy though you have only your thoughts for company, you are well educated.

If you can turn off some dreary TV presentation and read a good book that holds your interest, you are well educated.

If you can protect the young, the very old, and the weak, you are well educated.

If you can debate your point of view with an adversary without becoming belligerent or irritable, you are well educated.

If you can keep the friends you have made over the years, you are well educated.

If you can measure your emotional and intellectual growth and respect yourself, you are well educated.

If you can empathize with others, you are well educated.

If you can be yourself in the company of the wise and the foolish, the rich and the poor, princes and paupers and professors and presidents and also your peers, you are well educated.

If you can plan and work your plan to completion, you are well educated.

Hopefully, you are well educated and you will continue to become even more educated. For that is the measure of a person.

All thirty-eight students enrolled in the mini-courses are enthusiastically looking forward to a very educational and beneficial year.

Raider Annuals Have Arrived

(By Debra Newsom)

The 1975-76 Raider annuals arrived at Rice High School this past summer, allowing students who ordered them to pick up their yearbooks in the office.

This year's annuals are very impressive with colored photos of all senior class members. There is also a new biennial section. A plastic cover was available to order along with the yearbook if the student so desired.

Annual staff adviser is Tom Davidson. The 1975-76 yearbook editor was Ellana Johnson.

Anyone who has not had a chance to look through this year's annual should do so.

DATeline: SEPT., 1976

Sept. 1 - World War II began in 1939. Nazi armies invaded Poland, Denmark, Norway, Holland, Belgium and France.

Sept. 6 - Labor Day or "Leisure Day."

Sept. 9 - United States became the official name for the "United Colonies" on this day in 1776.

Sept. 22 - Autumn begins. Can Christmas be far away?

Sept. 26 - Good Neighbor Day. A reminder to build peace and keep it by being a good neighbor.

Have a "Rice" day.

(By Mark Hoover)

Six new faculty members have been employed at Rice High School.

These six teachers are Henry Garza, Jody Heard, Dudley Latimer, Jody Lamb, Andrew Schacherl and Glenn Wallace.

All at Rice welcome these new teachers and wish them a most prosperous year.

Apples Given To Teachers

(By Leland Hagendorf)

To start the year off right, the Future Teachers of America, sponsored by Mrs. Lillian Gohle, presented apples to the faculty on the first day of school. The FTA often gives treats to teachers on different events throughout the year, which is one of the many projects carried out by the club.

27 Vocational Nursing Students At WCJC

Twenty-seven vocational nursing students began classes Monday, Aug. 23 at Wharton County Junior College in Wharton.

The twelve-month course provides academic and practical clinical experience designed to prepare the graduate to function as a member of the important medical team that provides modern patient care. Program aims include conserving life and promoting the physical, mental, emotional, and spiritual welfare of patients and their families.

Upon satisfactory completion of the program, students will be eligible to make application for the State Board Examination to become licensed as a vocational nurse.

Vocational nursing students included the following from this area: Patricia Ann Faldyn of Columbus; Rebecca and Grady, English Peas with Union, Strawberry Jello, Hot Rolls.

Thurs., Sept. 10: Roast Beef with Gravy, Sweet Potatoes, Purple and White Slaw, Chocolate Cake, Hot Rolls.

WCJC President Sees 30th Year As "Best Ever"

The thirtieth year should be "the best ever" according to Dr. Theodore Nickisch, Jr., president of Wharton County Junior College in Wharton, as he formally opened the Fall Semester last week with a message to his colleagues that "The strength of any institution is in its faculty."

"We think you are excellent," he told the professors who began a week filled with divisional and departmental meetings and workshops. Dr. Nickisch noted that Lieutenant Governor William P. "Bill" Hobby will preside over the official 30th anniversary celebration at WCJC on September 24 at 10 a.m.

Faculty newcomers were announced and three original faculty members who are still serving the college were commended for their long tenure.

Dr. Nickisch introduced as "charter faculty members" Dr. Ora E. Roades, Mrs. Wanda Keller Sivilis and Dr. C. P. Williams stating, "We've come a long way because of people like you who believe in this institution."

Classes started August 30. Changes in schedules are permitted September 13 and September 3 is the final day to register for a full load of courses or to add new ones. September 10 is the last day to register for a part load.

Carol Joyce Prazak of Wallis and Marilyn Elaine Vasina of Lissie.
