2) Review the Vocational Education Program in the Rice CISD and determine how well it is serving the needs of our students.

3) Recommend to the Rice CISD Board of Education any changes (adding, deleting or redirecting programs) it should consider to improve the Vocational Education Program.

4) Recommend considerations to be made by the Rice CISD Board of Education for improving the Vocational Education Program.

The committee will have its first meeting, which will be open to the public in the Rice Administration Building in January 1977. Citizens of the district are invited and urged to give input to the committee in person or at the meeting, date for which will be announced later.

The five-year plan adopted by the Rice District called for a study of the vocational education programs in the district during the 1976-77 year and the board's action Monday night in forming the committee was in compliance with that provision of the long-range planning program.

When they arrived at their home at the Panorama Golf Course near Conroe last Saturday night, they found that they had just interrupted the work of burglars who still hauled off an estimated \$2500 worth of

merchandise. The burglars left the back door ajar and items lying about the floor of the home that they apparently planned to take but were forced to leave the scene when the Browns arrived.

Clyde and Vera Brown noted that authorities in the area told them that the burglars seldom take anything that has positive identification etched on the appliance or other valuables. It is recommended that a social security number be inscribed permanently and that you notify authorities of that number in the event of a burglary.

Mrs. Otto Danklefs of Garwood and Mrs. M.I. Newwander of Rock Island, two of the area's talented craftsmen, will have many of their beautiful handmade items on display and for sale at the Otto Danklefs home in Garwood this Friday, Dec. 17th.

There will be Santa Claus and Mrs. Santa Claus dolls, sewing baskets and others on display from 10 a.m. to 11:30 a.m. and from 1 to 4 p.m. You will enjoy seeing the novel and unusual work done by these ladies and meantime you can pick up some mighty fine Christmas gifts.
