Combines begin to roll! Eagle Lake last Friday The Sunderman farm northeast of area, was brought to Eagle Lake Rice Dryer and is expected to be of excellent quality with a high yield. Scenes such as this will be commonplace in this rice producing area within the next week.

Rice Harvest Picking Up In Area Daily

The harvest of the 1977 rice crop, expected to be a good one with good quality rice and high yields, except in a few areas where there is some blast disease, is gaining momentum daily and by next week should be in full swing.

Most dryers in the area have already received rice, most of which was farmed on land irrigated by wells, although the Garwood Rice Dryer reported its first rice came from Walter Braden, Jr. July 6th and it was watered on the Lehrer rental system. Braden harvested 163 acres of Labelle and reportedly had a yield of just over 31 barrels per acre. Others due to bring rice into Garwood Dryer this week were Mark Wied and Ted Danklefs.

The first rice in the county was harvested on Tuesday last week by Leo Koronek and Sons and was brought to Altair Dryer. Since then the dryer has taken in more rice from the Koroneks, some from A. L. Pavlovsk, Albert Witzner and George Williams.

John Clippson is harvesting rice near Rock Island and is bringing the rice to Rice Industries, Eagle Lake. Rice Dryer has received rice from Henry Sunderman, the first to get in the Eagle Lake area—near Meritt, Oklahoma.

Prarie Rice at Chesterville has received rice from I&R Farms and Jim Clippson, Jr. Report from other dryers were: Stallman Dryer at Garwood has received rice from Neal Stallman, William Zuel, Curtis Fling, Havar & Havar and Milton Minsarik; Thomas Dryer's first rice came from Rusty Thomas; Krypt Dryer and Winterman Dryer had not received rice yet early this week.

County Adult Work Activity Center Has Varied Programs

The Colorado County Adult Work Activity Center has really been busy this summer. The center began the summer with a three day trip to the State Special Olympics in Austin. The group spent two nights in the Villa Capri Motel and participated in the Olympics. This trip was sponsored by the Eagle Lake Citizens and Wreiner Rotary Clubs.

The center began a swimming program on June 7 at the Columbus City Pool. The program is set up for Tuesday and Friday mornings and will continue through the summer. This program not only provides a fun recreational activity, but it also helps develop physical skills.

The Work Center has continued the bowling program through the summer at the Skull Creek Bowling Lanes. More than half of the people participating have their own bowling balls. The center is hoping to attend a bowling tournament in September with the Gonzales, Loring, Schulenburg and Hallettsville Work Centers.

The center attended an Astro baseball game in Houston on July 12. This is the second year the center has attended a game at the AstroDome. Thanks to Colorado County Federal Savings and Loan and S. K. Seymour, this trip was possible.

Plan Galveston Trip
The Adult Work Center is planning a trip for August 3, 4 and 5 to Galveston. Since seeing old friends are invited. Some of the addresses were hard to obtain and if you did not receive an invitation please come anyway, note members of the invitation committee for the event.

Reunion Planned For ELHS Class Of '67 July 23

The 1967 graduating class of Eagle Lake High School is planning a class reunion for Saturday, July 23rd at the Eagle Lake Recreation Center beginning at 8:00 p.m.

Members are to bring a sack lunch for their family picnic and soft drinks will be provided.

Invitations have been sent and all members of the class or anyone else interested in

Nikki Thornton Is Christened

Little Miss Nikki Thornton, seven-month old daughter of Mr. and Mrs. Bob Thornton of Pleasanton, was christened Sunday, July 10 in the Episcopal Church in Pleasanton.

Present for the occasion from Eagle Lake were Mr. and Mrs. Daniel Thornton, Mr. and Mrs. James L. Adkins, Mr. and Mrs. Jimmy Adkins and children, Mr. and Mrs. Robert Adkins and children, and Miss Marilyn Sunderman.

Commr. Court Hears Requests For Nutrition Program, Ambulance Corps Scanners

Both To Be Considered In 1978 Budget

Colorado County Commissioner's Court, in regular session Monday, heard a request for a Nutrition Program for Older Americans to be set up in the County and also voted to allocate \$900 for the purchase of nine scanners to replace papers used by the Columbus unit of the Colorado County Volunteer Emergency Ambulance Corps (CCVEAC) on a trial basis.

Mrs. Grace Towell and Mrs. Nellie Larson, representing the senior citizens, pointed out the need and advantages of a nutrition program in this area. Mrs. Towell, who was the county nurse for 24 years, noted that the nutrition program which is set up in Lavaca, Fayette and Wharton counties is funded by the Federal Government through Title 7 of the Older Americans Act.

The program, Towell stated, is set up to help combat problems encountered by senior citizens, such as lack of nutritious foods and loneliness.

"Faulty nutrition leads to poor health and a depressed attitude," Mrs. Towell said and added, "loneliness leads to depression also and this leads to a lost ambition to live."

The program, which there are 51 set up across Texas, is designed to provide not only a well balanced meal for senior citizens but also entertainment and transportation.

"The program is not charity," said Mrs. Larson. "There are senior citizens with lots of money that don't eat properly." The reason for most malnutrition cases in that families have moved away and being alone, the senior citizens lose the desire to cook a big meal just for themselves and some skip meals completely, Larson stated.

The cost of a nursing home to a resident is about \$600 a month, stated Larson, and the government is paying most of the expenses. She forwarded to a wonderful time at Sea Arama Marineview and historical sites of Galveston. "I've never been so happy as I am now," she said. "I'm glad to be here and I'm glad to be with you."

The center has continued with the daily and weekly activities that they do year round. Most of their day is spent on contract work for Mikaska Catering Service making picnic picnics. The money made from this work is paid to the people at the center. Thanks to Mr. Mikaska, the people are able to receive monthly pay checks.

The group has been going out to eat in Columbus once a week. This helps the community to get to know the group and also helps the people at the center to get acquainted with Columbus. Being able to eat out has provided the opportunity to handle money and practice manners, which are very important in adult basic education.

The Colorado County Adult Work Activity Center has been in operation for over a year and has more than seventeen adult handicapped people attending. This center could not survive without all of the generous support it has received throughout Colorado County. There are still more than fifty people in this county who are mentally or physically handicapped who need some kind of services. Please, citizens of Colorado County, continue to show your support and help to locate these people. The center is located at 419 Washington Street in Columbus and is open daily from 9:00 a.m. to 2:30 p.m. The center is run by Mary Warner and Debbie Terrell.

Jury Called For Dist. Court Civil Suits Mon.

A list of petit jurors has been summoned to appear in District Court in Columbus at 10 a.m. Monday, July 18th to hear civil cases that are due to be heard during that date.

From Eagle Lake, Leonardo Luna, Roland J. Maroux, Glen Sunderman, Mrs. Geraldine Casen, Mrs. Mary Yancy, John P. Vaut, Mrs. Virginia Frazar Wells, Mrs. Lottie Smith, Mrs. Opal G. Causey, Cleveland Clay, Theodore R. Clay, Jacob Zuelker and Laura Turner; from Garwood: John T. Engstrom, Clarence E. Fretz, Mrs. H. E. Harty, Dale V. Hunt, Wilma Bluntson Johnson, Anton Frank Koverek, Maude Lee Dornon, Ramona Bucknack Kresak, Juanita S. Waligura, Paul Baumgarten, Booker T. Dabney, Mrs. Lula R. Chavis and Lawrence Boushick; from Allicton: Otis Maertz; from Rock Island: Larry Newman, Gary Mayes Powell; from Altair: Clifford Theodore Wiese, Mrs. Bertha Johnson and Carol Wells Gore; and from Cat Spring: Charles F. Gluck.

WJC Early Registration

Fifty to sixty students per day were processed in a thorough but time-saving manner during the first week of early registration at Wharton Junior College in telephone or come to the office of the Registrar, located in the Administration Building, to obtain an Admission Application Form as soon as possible. EXTENDED COVERAGE
By Jerry Sparks

A fire in your store can put you out of business -- for quite a while, if not permanently. Yet there are simple steps you can take to protect your store, your merchandise, your records, and -- most important -- your people.

Neatness counts--in display shelves and storage areas. It keeps fire from spreading, and removes junk. And rubbish should be disposed of daily--that's where many fires start.

Smoke and heat detectors will alert you to fire and a sufficient number and type of fire extinguishers should be mounted inside the store. Type A uses pressurized water against ordinary paper or wood fires; Type B uses dry chemical or carbon dioxide against oil, grease, or chemicals; and Type C is used for electrical fires.

Some things should be checked regularly: fire department hydrants, your own sprinkler system, your store's electrical wiring, fire doors. Does your staff offer fire protection for vital records?

Instruct your employees about what to do in case of fire. Better yet, schedule regular fire drills which include practice in what to say to customers. Post signs to prohibit smoking, and to publicize fire department number.

Do everything you can to protect against fire in your store. And for extra protection, count on a good insurance program from ANDERSON ASSURANCE AGENCY. We offer coverage for home, family, and business.
