Grahmann, Rice Meet Stars At The Super Bowl

(By Kathy Tise)

Fred Grahmann and Mike Rice left Rock Island Saturday morning, January 14, headed for New Orleans and Super Bowl XII.

Once in New Orleans, they immediately headed for the Super Dome, found a door ajar and proceeded to give themselves a guided tour. Down on the field they met several of the well known sportscasters, including Pat Summerall. They also met Nick Boninatti, a former Miami Dolphin, while there.

They then went "Cowboy hunting" and ended up in Brownsville. They met Randy Gradinar and talked to him before going to another motel looking for the Dallas team. They found the Cowboys and got to meet Billy Joe Dupree.

Sunday morning they visited the King Tut exhibit and attended a jazz concert. They found out where the players would be coming in and decided to give them a good Raider welcome.

The Cowboys arrived first and Mr. Grahmann and Coach Rice met several of the players. Among the ones they met were Isaac Robinson, Cliff Harris, Charlie Waters, "Hollywood" Henderson, Harvey Martin, Drew Pearson and others.

Dupree again, who renewed their friendship from the day before. They later met Tony Dorsett, Roger Staubach and Coach Landry, who arrived later than the other players.

Mr. Grahmann said all of the players were really nice guys, and he had a terrific time. He has been to one other Super Bowl (the one held in Houston) but said this one was extra exciting because a Texas team was in the competition.

We thank Mr. Grahmann for sharing his and Coach Rice's experience with us.

Freshmen Have Orientation

(By Curt Wegenhoff)

The week of January 16 through the 20th, the Freshmen class of the 1978-79 school year had orientation. The students planned their class schedules with the help of the counselors, Guy Beane and William Carpenter.

Monday morning some students visited Rice High School. Tuesday night parents were invited to the high school for a parent orientation. Each student received a class schedule sheet and a booklet containing schedule information and course offerings.

Are You Hip To The Music Scene?

(By LaVerne Taylor)

Another well-known singer in the group is the Average White Band. The Average White Band first got their start singing in Scotland. They decided to change from Scotland's rock and roll to America. Their first hit song in America was "Pick Up the Pieces". Since the song was partly instrumental, many jazz bands throughout the country picked up the song. Even some marching bands from high school and college played the song and amazed their audiences by adding some dance routines to their performances.

The group's new album has been E. King singing along. "Keeping it to Myself". Another hit growing hit song "Bossy and U", that are both rock and soul music, that will keep them on the charts for quite some time.

Rice Mini Courses Taking Up Judo

(By LaVerne Taylor)

In the Rice mini-courses the students are now learning Judo, a type of self-defense in the martial arts. Mike Rice is teaching this part of the course. Mr. Rice learned Judo in Austin. His rank is Yonku, somewhat similar to a brown belt.

The Judo course will last for three weeks. None of the students were formerly familiar with this course. The students will be studying only Judo and when the course is finished, an outstanding girl and boy might be named.

Tom Davidson is the co-ordinator of the mini-courses.

Why Do Students Fail? Drug Consultant Visits Rice

(By Jerry Behler)

This is a good question. In my interviews with faculty members the most common answer was that students don't care. Yes, some parents have raised some very spoiled children. When I say this I am not putting the blame entirely on the parents. It is, after all, the student's responsibility to perform the best of his ability. There are a few who do their best and yet are still slow learners. These are not the students to whom I'm referring. It is the ones that have the ability and are not using it. A few of the students will have the potential that the teacher doesn't like me; just want to see me fail. That's how many so teacher will develop an attitude such as this one unless the student has done something to bring it on himself.

Another reason for failure is the "I don't need this course, so why participate?" The teacher will pass me so that I can graduate with my friends. If a student likes his learning environment he will naturally want to do as much as he can from education. Conversely, if he doesn't like it he probably won't learn as much. Unless he sets his mind to it that he can't and will not do it.

Mrs. Florence McShan, cosmetology instructor, says that the students are in need of human hair, wigs and wigs. Contact Mrs. McShan at 234-3535.

Choir Works On Concert

(By Michael Axel)

The Rice High School choir is now preparing for a spring concert. They presented their first program during the Christmas holidays here at Rice. They also performed for the Garwood Lions Club and the Women's Club.

"Since then we've received letters inviting us to perform," said Mrs. Dukerich, the director.

The most current endeavor of the choir is a spring concert and other ideas are being activated.

The student body is looking forward to any performance they present. They presented their first program during the Christmas holidays here at Rice.
