Apply Early.... Job Opportunities For Summer Good

Summer Job Research Analyst for the National Opportunity Research Program indicates that summer job opportunities for the summer of 1978 look excellent.

Prospects look good for National Parks. State Parks. Private Summer Camps and resort areas. Many new job opportunities exist in support industries adjacent to Parks and recreation areas.

High School graduates and college students will find many opportunities in the recreation area. Some National Parks hire as many as 3,000 summer employees.

Juniors Enter Speech Contest

Junior English classes have been offered a chance to go to our nation's capital this year. The contest is sponsored by the National Electric Cooperative, Inc. and is a contest in which students are to write a speech on America's energy and what you can do to help solve the energy crisis.

Valentine's Day Is Feb. 14

Valentine's Day is celebrated on February 14. It comes on the feast day of two different Christian martyrs named Valentine. But the customs associated with the day have nothing to do with the lives of the saints. They probably come from an ancient Roman festival called Lupercalia which took place every February 15. The festival honored Juno, the Roman goddess of women and marriage, and Pan, the god of nature. Valentine's Day is celebrated in such countries as Great Britain, Canada, Italy and Denmark.

Dear Crabby

(By Rick McDonald)

Dear Crabby:

I am constantly being teased and called uncoordinated and just generally being referred to as clumsy. I really hurt my feelings and I just don't know what to do about it. My body is constantly bruised and battered as a result of falling down stairs and out of second story windows. When I was vacationing with my family in the Sahara Desert I tripped over a parent's limb! You probably think this letter is a joke but this really happened. I really hurt I have been in the hospital for a thousand miles but you can be sure if there was even an outside chance for me to fall over something I would. I don't want to use any more advice so that I can begin to lead a normal life like the rest of the kids my age. Every time one of the kids from school has a party I don't get to go. When I ask them about it they say that again, just in case I'm wrong they invite me because I'm too much of an insurance risk, that if I fall down they could get sued and then they would have to live in a bungalow on the outskirts of town with the migrant farm workers. I don't want to see anybody, I just want to be one of the gang. I thought I had finally gained acceptance but now I'm back to square one. I'm tired of rushing me to the hospital whenever I would fall off a cliff or into an empty well or something of that nature. I guess I can't really blame them though, besides these boys marrow transplant were just getting too expensive. Please help me get out of this terrible rut that I am in! I am desperate!

Absenteeism Is Increased

(By Sandra Flowers)

Since the year's first session has begun there has been an average of forty-five students absent daily. The winter has been a main factor for absenteeism but there were a lot of students absent for other reasons. The greatest number of students out of school was 56 students on January 17, 1978. There are 526 students enrolled at Rice.

Are You Hip To The Music Scene?

(By LaVerne Taylor)

The past few weeks we've chosen of the groups that most of us would have been written primarily of men. There is absolutely nothing wrong with that because a large majority of us all love Stevie Wonder, The Commodores, and The Emotions. The Emotions, a female trio from Chicago, Illinois, is a good change. The Emotions have been singing for more than twelve years. Some folk, and gospel are all in their repertoire.

Who's Zait

(By LaVerne Taylor)

Norma Detwiler thought that this week's Who's Zait was "Debbie Norris. So did Janice Waligura, Michelle Powell and Evelyn Edwards. Sharon McTeer and Veronica Parker were sure it was Ira Hurd. Regina Kuykendall and Sandra Hayes said the picture looked like it could be Lena Frazier. Quite a few other people said it was Waterlyn Lowe. They were Curt Wegenholt, Betty Powell, Emma Medina, Rick McDonald, Susan Supak and Phyllis Carter. Vivian Jones was quite right either because she said it was Doris Tillman.

Abraham Lincoln was born February 12, 1809. He was one of the greatest men of all times. He preserved the American Union during the Civil War, and proved to the world that democracy can be a lasting form of government.

Write Poetry

(By Michael Axel)

Words do more than convey mere meanings. Sometimes they can do a delightful job of self-description. Students in three English classes are creating poetic word pictures. As part of the unit study on poetry, seniors are experimenting with creations of grammar poems, diamond poems, ABC poems, haikus, and other figures of speech, cinquans, letter portraits, and finally their own personal valentine verse.
