The oldest, Jeff Frik's season free throw percentage record set 1972, fell to junior guard John Grammer, who compiled a new mark of .752. Grammer also set a new record for assists with 181 for the season, replacing Don Austin's standard set in 1975. Junior post man Lonnie Hinton also set two new records, breaking his own rebound total set last year by scoring 522. His other new record is for field goal percentage, a .534 figure, breaking James Parson's previous high set in 1976.

The majority of the persons to be surveyed answered "No." There were a few who thought it to be a good idea. However, these few were persons who haven't had to struggle to make passing grades.

Dear Crabby
(By Jerry DeBaker)
I am 18 years of age, a legal adult. My parents are too strict on me. They let my sisters go and do as they please, but I can't do anything. They are always on my "case." How do I decide whether I should live their normal life, or leave home. Sincerely,
Discouraged

Are You Hip To The Music Scene?

(By LaVerne Taylor)
One of America's hottest disco groups on the scene is also named Hot. The female trio's appeal is international; not only has the trio captured the soul and rock audiences in the United States, but their Spanish version is attracting worldwide attention. The group got started when two of the members, Gwen Owens and Cathy Caron, met while auditioning for the Waltman Jack Show in Los Angeles, California. The girls decided to start their own group. They got together with a third girl to be left, so they got Juanita Curial as replacement. Now they record in Muscle Shoals, Alabama where their producers, Terry Woodford and Clayton Ivery, own and operate Winbone Recording Studios.

Geo. Washington, 246 Years Old
(By Curt Wegenhoff)
George Washington was born on February 22, 1732. His birthday is celebrated this year by many businesses on the 246th of February. Washington is a symbol of independence and leadership to Americans. No other American has been honored more than Washington. The nation's capital, Washington, D.C., was named for him. There, the giant Washington Monument stands. The state of Washington is the only state named after a President. Many counties, cities, towns, streets, bridges, lakes, parks, and schools bear his name. Washington's portrait appears on postage stamps, on the \$1 bill, and on the quarter. He is the only man whose birthday is a federal holiday.
