

THANK YOU.

A SPECIAL THANK YOU to our many friends and customers in Eagle Lake and surrounding towns.

It is to friends like you that we owe the success of the Gifts of Distinction. We offer your thanks and grateful appreciation for your loyal friendship and your genuine cooperation in these past years. It has been a pleasure to serve you and we sincerely trust your friendship and past patronage always.

We feel sure that Mr. and Mrs. Raymond Waddell will continue to serve you in the same manner. They are continuing to give the same chance to serve you.

Thank you again.

Very Sincerely Yours,

Edin and Mena Kveton

Elsa Rosborough To Speak At Study Club Luncheon May 4th

The Eagle Lake Study Club will have its annual President's Luncheon at 12:00 noon Friday, May 4 in the Eagle Lake Community Center. All proceeds from this luncheon, as in the past, are to be used to help the club and David Wintermann Library. Tickets are priced at \$5.00 each. You may purchase tickets from Mrs. Jean Thornton, P. O. Box 636, Eagle Lake or Mrs. Sue Stansel, P. O. Box 412, Eagle Lake or call Jean at 234-2149 or Sue at 234-9603 no later than Friday, April 27.

Elsa Rosborough

Members, or those wishing to become members, of the Study Club may pay their dues at this time. Active membership is \$3.50 and associate membership is \$6.00.

Mrs. Elsa Rosborough will return as the club's guest again this year. Her program is entitled "The Visual Approach to Beauty". Everyone enjoyed her program so much last year that she has been asked back again this year.

Mrs. Rosborough is a delightful speaker. She is a model and travels extensively in this field besides teaching full time at the University of Houston and being a wife and mother.

If you wish plates to go please provide your plate and covering, said Mrs. Margaret Shaver, chairman of the luncheon. No tickets will be sold at the door. Men as well as ladies are invited to attend.

CDA Art, Poetry, Essay Contest Winners

County Agent's NOTEBOOK

[By Leroy J. Hajdik, County Extension Agent, Colorado County]

Pecan Trees

Need Zinc

Spray In Spring

Beautiful pecan trees and regular harvests of high quality pecans begin each spring with frequent zinc sprays. Good foliage is the secret to optimum growth, healthy trees and regular production. Mature pecan trees can have double the amount of foliage with three or four zinc sprays in April and May. Leaves on mature trees are full

Elizabeth Krenk of San Antonio and Louise spent their holiday at home.

Stephen Pauly will graduate this month from South West Adventist College in Keene, receiving his degree in accounting.

Mr. and Mrs. A. J. Sauer spent the weekend with her sisters and niece, Mesdames C. E. Carter, G. M. Longmire and Heyne Dromgole.

Mrs. George Andel of Eagle Lake was an Egypt visitor last Wednesday.

Dr. Margaret McCann and daughter, Mrs. Shirley Nicholson of Houston, visited with Mr. and Mrs. George Northington, III, Thursday. Other guests in the Northington home were Mr. and Mrs. Roy Franklin of Lewisville.

Mrs. Jim Pelkert made the monthly visit to the senior citizens of the community Tuesday for the Bonus Baptist Church.

Mrs. Georgia May Pawlosky and daughter Cathy have returned to their home in Anderson, Indiana after a visit with their father and grandfather, J. C. Malone.

Mrs. Olive Hershey and F. B. Duncan had as their weekend guests their brother and son, Cameron Duncan, Mrs. Duncan and their daughter, Miss Genevieve Duncan, and her fiancé, Wayne Supel, all of San Antonio; and Mrs. Hershey's son-in-law and daughter, Mr. and Mrs. Reagan Helms, and little son Matthew of Houston.

Mrs. Will Meriwether spent the holiday in Tehuacan with her sister, Miss Adelaide Reese. Also included were another sister, Mrs. Sam Wynn, and Mr. Wynn of Dallas.

Mr. and Mrs. Robert

consider the program in relation to their farm operations, and to visit the ASCS office at their earliest convenience.

As the wheat and feed grain sign-up period enters the final month, farmers are advised to seriously consider program benefits, according to the Colorado County ASCS Committee.

The set-aside enables all producers to work together to maintain or improve crop prices by reducing production. At the same time, it protects them from both natural and economic disasters. A farmer needs money to operate. If he gets loans through our program, it will give him time to hold for a better market.

Deficiency payments act as insurance to keep farmers in business, if prices stay below acceptable levels. Disaster coverage provides protection against crop loss.

The set-aside program permits a farmer to grow as many acres of any crop, other than ELS cotton, peanuts and tobacco, that he wants, as long as he stays within his farm's normal crop acreage (NCA).

Farm price improvement will depend greatly on the willingness of farmers to participate in the set-aside program. A bumper crop as in 1978 can drop farm prices to disastrous levels. Colorado County farmers are encouraged to

Foreign Owned Farmland Must Be Reported

Foreigners who owned or held a five percent interest in farmland on February 1, 1979, must report ownership to the Agricultural Stabilization and Conservation Service (ASCS) by August 1, 1979.

A survey conducted last year by the U.S. Senate Committee on Agriculture, Forestry and Nutrition disclosed that 825,543 acres of U.S. farmland were purchased by foreign investors during the 18 months ending June 30, 1978.

Individuals or companies that specialize in land holding or management services should contact the ASCS office for details on reporting in behalf of foreign clients.

Failure to report could result in a fine of up to 25 percent of the property's fair market value.

Other forms of zinc, such as zinc chelates or tree injectors, have been tested but have not been found to be an effective source of zinc for pecans in Texas.

A pecan grower can determine if his zinc sprays are effective by observing the amount of preterminal growth the trees make during the year. Mature trees

should make 5 to 10 inches of shoot growth annually. Non-bearing trees should make 24 inches of shoot growth each year. In addition, leaves collected in August or early September can be analyzed in a chemical laboratory to determine the concentration of zinc in the leaves.

A level of 75 ppm is considered a minimum and 125 ppm is optimum. It is very important to have the leaves washed before analysis to prevent measuring the zinc that may remain on the surface of the leaf.

Receives Pride Award

Mary Lou Bowers, acting manager at Eagle Lake, is shown receiving the Alamo Lumber Company's Pride Award Plaque from David Beene.

Mary Lou Bowers served as acting manager of the Eagle Lake branch for over 18 months. Upon presentation of the award, she expressed her delight and appreciation for the work of her fellow employees in helping obtain this honor.

The Pride Award is only earned by a willingness of all employees to work and pull together to achieve the high standards required by this award. We are especially proud when a branch exhibits this willingness with temporary management.

Alamo Lumber Co. officials stated. When you buy rice, you aren't buying the water as you do when you purchase potatoes.

May Set As Older Texans Month

Gov. William P. Clements has designated May as Older Texans Month.

The Governor signed a memorandum urging Texas communities to pay special tribute to senior citizens during the month of May.

So that we may continue to benefit from the wisdom and experience of our matured Texas citizens, of whom there are more than 1.6 million, it is important that we provide opportunities for them to remain active.

Ceremonies honoring Outstanding Older Texans are being planned by Area Agencies on Aging and nutrition projects for the elderly throughout the state.

Known for sons before recorded history, the present Longhorn Cavern State Park near Burnet, Texas, was a shelter for prehistoric cave men according to archaeological evidence.

During the Civil War it was the site of a secret gunpowder manufacturing plant for Confederate forces, and later was an outlaw hideout. Texas Highways Magazine.
