Dr. Thomas Speaks On East Berlin At Xi Pi Psi Meeting

On Tuesday evening, Nov. 13th, Xi Pi Psi met in the home of Cherry Corman. Presiding over the meeting, Jo Ann Mahalic asked for reports from all of the committee chairmen. Social Chairman Martha Laughlin invited members to an out-on-the-town social on Saturday night, Nov. 17th.

Three members, Ernie Sommarlatte, Jo Ann Gertson and Mary Lou Szymanski, attended the Beta Sigma Phi Space Area Convention which was held on Sat., Nov. 10th at the San Jacinto Junior College in Pasadena. The trio brought back some interesting tidbits of information from the convention which they each enjoyed.

The program on "East Berlin" was given by Dr. Raymond Thomas. In his fascinating way with words and forethought to the unknown, Dr. Thomas took his audience on his two trips to Germany relating to his participation in the Texas Medical Association.

In his presentation, Dr. Thomas introduced his attentive listeners to a wonderful doctor and his family living under Communist rule. As he related his experiences during his visit to East Berlin and the seven hours he was there, Dr. Thomas made everyone aware of the

freedoms and prosperity we are able to enjoy in our homeland. This family, of a mother, a father and three children were living on a very minimal salary with small modest housing simply because they refused to give up their Christianity.

After sharing this unforgettable moment in his life, Dr. Thomas reminded everyone, "We've got an awful lot to be thankful for." Everyone enjoyed the program and thanked their special guest speaker for his time and gracious heart-rendering story.

The sorority then joined in an exemplar ritual honoring Kay Clippson. Delicious refreshments were served by the hostess during an informal social.

Xi Pi Psi Has Program On Poland

Xi Pi Psi met in the home of Jo Ann Mahalic on Tues., Nov. 27th. During the business meeting, plans for the holiday season were discussed. The sorority's Christmas party was scheduled for Dec. 8th in the form of a progressive dinner for members and their husbands.

Lynda Appel presented a film entitled, "Poland, Land Under Communism." The film showed the lives of several different families in various geographical locations within Poland. It is the only Communist ruled land where religion is allowed in state schools. There are also a few privately owned small businesses in Poland producing handmade items such as Christmas decorations. But under communist rule, it is probably only a matter of time that these artisans and craftsmen no longer will have a choice to continue using their skills.

Lynda concluded her very interesting program by telling of some Christmas customs from around the world. Some of them seemed old fashioned or maybe even a little strange, but in almost every case, the true meaning of the season of Christmas was expressed in a very special way.

After the program, Jo Ann served delicious refreshments.
