EDITORIALLY SPEAKING

If You Haven't Received New Voter Cert., Contact Tax Office

About 9,000 of the new white-colored 1980 Voter Registration Certificates were mailed out by the County Tax Office by non-forwardable mail in December. Of 9,000, around 600 were returned to the county tax office reports Tax Assessor-Collector Henry J. Hajovsky. "That means that about 600 of the registered voter certificates were not delivered due to change of addresses or other reasons," Hajovsky stated.

The gold certificate expired February 29, 1980 and the new white voter certificate is valid on March 1, 1980. The voters must keep the new white voter registration receipt and present it whenever they vote. Any persons 17 years of age can register 60 days before their 18th birthday and will be able to vote when they become 18.

"Anyone moving into the county can register at once on the new white 1980 voter registration and be eligible to vote 30 days after registration. Any person that moves within the county or within their voting precinct should file a 'Change of Residence' with the Tax Assessor-Collector. Be sure and check to see if you have one of the white voter registrations as the voting date is closer than you think," added Hajovsky.

Nine car farm demonstration train open for inspection at Santa Fe Station at 7:30 on Tuesday evening. . .Sixteen hundred acre pecan orchard farm is planned for Bonus. Charter granted to Eagle Lake Pecan Company, Inc., which is to make Brandt Plantation at Bonus into big pecan orchard. . .H. L. Reading candidate for commissioner of Precinct No. 4. . .Former citizen of Eagle Lake passed away at Cooper Friday night. Mrs. M. J. Mahoney, who was formerly Mrs. C. F. Reid of Eagle Lake, is laid to rest at Cooper on Monday. . .School dramatic club will present "The College Hobo" at auditorium Monday night. . .City slices salaries in its program for curtailing expenses. All city officers' salaries are cut and aldermen are to serve for the coming year without compensation. . .Mrs. R. A. Risien undergoes operation in Houston. . .Missionaries to Brazil here next Wednesday. . .

Rotary Int'l Observing 75th Anniv.

Rotary International, the world's first service club association, celebrated its 75th anniversary February 23rd and throughout 1980. Some major Rotary activities include: the youth exchange program, the 3-H program, the Rotary Foundation scholarship program, and the ongoing service projects of some 18,400 Rotary clubs in 153 lands.

Each Rotary club initiates its own community, vocational and international service projects. In addition, the Rotary Foundation funds educational and charitable programs to promote international understanding. Since 1947, it has distributed more than 15,000 educational awards for study abroad. A current Rotary 3-H activity is the five-year immunization program to eradicate polio among the children of the Philippines.

There are 6,480 clubs in the United States and Canada including one in Eagle Lake.

Rotarians around the world have, for 75 years, found effective ways to serve in order to help build better communities and a better world.

Congratulations on this 75th anniversary of the founding of this great service organization.

Garden Club Meets With Mrs. Sunderman

The Eagle Lake Garden Club met on Feb. 27th in the home of Mrs. Glen Sunderman. Mrs. E. R. Mooney shared hostess duties with Mrs. Sunderman.

After the business meeting, Mrs. Sophie Zoeller, horticulture chairman, gave an interesting discussion on cucumbers. This vegetable, which was once grown for home use, has become an item of big business. Think how many pickles the chains of hamburger places use. Grocery stores stock them as fresh vegetables as well as pickles; and cosmetic manufacturers use them, also.

Light refreshments were served following the meeting so that the members could assemble and deliver plates of food, fruit, and cookies to the less active citizens of the city, as remembrances. - Reported.

drive 55 the Texas Way
State Department of Highways and Public Transportation

To advance international understanding, Rotarians annually send more than 7,000 high school students abroad for a school year or holiday.
Ask your local Rotary Club for details.
75th year. Serving over 150 countries.

Rotary Hears Program On "Emergencies"

Eagle Lake Rotarians had a timely demonstration and discussion on reporting emergencies and on some of the practices that can be used to possibly save the lives of your loved ones or friends in time of need. Mrs. John (June) Mahalitc, Jr., training officer for the Eagle Lake Unit of the Colorado County Emergency Ambulance Corps, presented the interesting program. She was introduced by Albert Pustejovsky, the program chairman for the day.

Mrs. Mahalitc stressed the importance of memorizing emergency numbers, such as for the fire department, 234-2533; the ambulance corps, 234-5311; and police department, 234-2727. She urged that these numbers be listed in a conspicuous place near the telephone at all times.

The speaker stressed the need for calmness when reporting an emergency, and the need for giving complete information. "Give the nature of the emergency and the name and location and then wait while a unit is dispatched to the scene without delay," she said. "Don't hang up until you are sure that the dispatcher has the full information. Too often a person will give only sketchy information and there have been times when the emergency unit has been unable to locate where the emergency exists through an error in information, or an error in taking the information."

Resuscitation, CPR

The speaker noted the importance of knowing how to do mouth-to-mouth resuscitation and CPR (Cardio-pulmonary resuscitation). Immediate application of these emergency procedures in the span of time from the [illegible] emergency until the ambulance crew arrives, might spell the difference in life or death. She stated that brain damage, through loss of oxygen, is almost certain if some form of resuscitation is not started within 4 to 6 minutes.

She also stressed that victims who have fallen or suffered a smiliar accident not be moved unless it is necessary due to toxic fumes, fire, etc.

Mahalitc told the Rotarians and guests that 99% of bleeding can be stopped by applying pressure to the wound.

She also demonstrated the Heimlich method of freeing substances lodged in breathing passages. She recommended a slap on the back as the last resort.

As a final note she stressed that all homes in the community have a number which is easily visible from the street. She said that too often numbers are placed over the doorway and view of the numbers is blocked by porch headers, etc., from the street.

"We need to know where we are going, the type of emergency, and all the help we can get in assuring quick location of the place where the emergency exists, in order to be of most efficient service to the citizens of the community."

Landowners Must File For Open Space Exemp.

All landowners must file forms with their local tax offices by April 1 if they want to get their homestead exemptions and special agricultural or open-space valuations for their land. It is very important that you file these forms because you may be faced with a large tax increase if you do not.

These forms will have to be filed every year between January 1 and April 1. You must file the forms with every tax office where your land is located. You should contact your local tax office to find out whether you qualify for the agricultural or open space valuation.

Michael Schorlemmer Named Eagle Scout At Court of Honor

In a Court of Honor held in the council room of the Municipal Building on Monday, Feb. 25th, Michael Louis Schorlemmer, member of Eagle Lake Boy Scout Troop 334, received the prestigious award of Eagle Scout. Michael is the son of Mr. and Mrs. Louis Schorlemmer and his parents participated in the pinning ceremony.

Troop 334 Scoutmaster Verlin Argo challenged Michael to the various responsibilities which the honor holds. He noted that this position is the utmost goal of all Scouts.

In recent years, three such Eagle awards have been made to Scouts in Eagle Lake, one to Gerald Hurd and to Danny Mascheck, and to Michael.

Highway Patrolman Andy Tacquard, who became an Eagle Scout in 1971 while residing in Alvin, was among those on hand to extend congratulations to Michael on attaining this coveted honor. Tacquard serves as Assistant Scoutmaster in Troop 334. The troop is sponsored locally by the Eagle Lake Rotary Club.

Some of the qualifications for this high Scouting honor include: active participation as a Life Scout for at least six months; exemplifying a true Scout spirit; earn at least 21 merit badges; serve as a leader in the Troop for at least six months as a Life Scout; take part in a personal growth agreement conference; and as a Life Scout, plan, develop, and give leadership to others in a service project helpful to a religious institution, school or community.

Also presenting awards to other Scouts in the Court of Honor were Scoutmaster Argo, Eagle Scout Assistant Tacquard; Assistant Scoutmasters Michael Duarte, Isidor Ramirez and Edward Sunderman and Louis Schorlemmer.

The Scouters expressed their thanks to all scouting leadership and to the citizens of Eagle Lake who continue to support the Scout movement in this community.

New scouts incorporated into the Scouting program at the Court of Honor were: William and Henry Gonzales, Kenneth Wiese, Stevie Almanza, Johnny Darnell, Dusty Jackson, Elbert McQueen and Paul Jarvis.

Receiving advancement awards were Shawn Spanihel, Jeff Argo, Randall Duarte, Phillip Schorlemmer and William Flessner.

Houston Man Dies In IH-10 Accident Sat.

Milk Truck, Pickup Collide E. of Weimar

A Houston man was killed instantly when his pickup truck and a large truck-tractor milk truck collided head-on in an accident on IH-10—4.1 miles east of Weimar at 7:20 p.m. Saturday, March 1st. The body of the man was pinned in the pickup and it took two wreckers some time to pull the wreckage apart in order to free the man.

The accident involved a 1978 International truck and tractor used to deliver milk which was en route in a westerly direction heading toward Flatonia, empty, and driven by Harry Herzik, 55, of the Praha community near Flatonia; and a 1973 Ford pickup pulling a U-Haul trailer, driven by Bobby Rolin, 39, of Houston and heading east.

Highway Patrolman Sam Trammell of Columbus was the investigating officer. His investigation revealed that a Shetland pony ran onto the Interstate into the path of the westbound milk truck and the driver was unable to avoid collision and the truck hit the pony. The truck then went out of control and went across the median and struck the pickup truck head-on in the eastbound traffic lane.

Much gasoline was spilled in the accident and both Weimar and Columbus fire departments were called out to wash the area and to standby in case of a fire, but fortunately there was none.

The driver of the pickup, Rolin, was dead at the scene and an inquest was held by Justice of the Peace Joe Kaye of Weimar and he ruled death by accident.

In the pickup truck with Rolin was Ronald Burroughs, 32, of Houston, and he was treated at Youens Hospital and transferred to a Houston hospital with facial lacerations and broken ribs and other injuries.

The driver of the truck also received facial lacerations and other injuries and was treated at Youens Hospital and transferred to DeTar Hospital in Victoria.

The vehicles were demolished in the accident.

Est. $20,000 In Guns Stolen In Weimar

An estimated $20,000 worth of shotguns and rifles, most new and some used, were reported stolen from the Beyer's Body and Sport Shop in Weimar sometime Saturday night or early Sunday morning.

Officers from the City of Weimar, the Sheriff's Department and Texas Ranger Ray Nutt are assisting in the investigation of the burglary.

A large rock was reportedly thrown through the front window of the store and the burglars went inside and hauled off the rifles and shotguns.

Officers later got word that some of the guns might be in a nearby Negro cafe and they did recover nine of the guns in that location although no one in the cafe was able to tell the officers how the guns happened to get there.

The owner of the store, Henry Beyer, also a councilman for the City of Weimar, reported the burglary early Sunday morning. Exact time of the entry was not determined. Mr. Beyer has offered a $200 reward for information leading to the conviction of the person or persons who committed the crime.

Colorado County 4-H Club News

[By Shirley M. Brown, County Extension Agent]

All youth between the ages of 9 and 19 interested in joining the 4-H Dog Project should attend a meeting this Wednesday, March 5 at 7:30 p.m. at the Central Power and Light building in Columbus, located at 1001 Milam.

Mr. and Mrs. Mike Hoffman of Hoffman Kennels in Altair will be the instructors.

At this meeting you will receive registration materials, project guides, and instructions of future meeting. So plan to attend this very important meeting tonight, Wednesday.

Bernardo 4-H Club

Members of the Bernardo 4-H's Foods and Nutrition Project met February 21 at the Bernardo Fire Station. During this project meeting the group learned how to measure liquid and dry ingredients, prepared Butterscotch Brownies and discussed the County 4-H Food Show scheduled for March 22.

Bonnie Neuendorff, club reporter, says the next meeting is scheduled for this Thursday, March 6, at 5:00 p.m. at the Bernardo Fire Station.

4-H'er Matt Potter Catches Calf

Matt Potter, son of Dr. and Mrs. Robert H. Potter of Columbus, was successful in catching a calf in the calf scramble of the Houston Livestock Show and Rodeo. Potter, a member of the Colorado 4-H Horse Club, will use his cash certificate toward partial payment of a registered beef breed heifer.

Final fulfillment of his agreement with his calf scramble sponsor and the Houston Livestock Show will be showing the heifer during the 1981 show.

EGYPT NEWS

[Mrs. B. H. Tolliver]

Mr. and Mrs. Clyde Hill of East Bernard were Sunday afternoon guests of the George H. Northingtons, III.

Mr. and Mrs. O'Farrell Pauly and daughter Cindy spent the weekend in Keene with their daughter and sister, Michelle. They attended a concert in which Michelle participated.

Mrs. A. J. Kallas spent Wednesday of the past week with her relatives in Houston.

Sam Watkins of Houston gave the Sunday morning services at the Bonus Baptist Church. Mr. Watkins is a student minister. He was a dinner guest of Mr. and Mrs. Gordon Peikert.

F. B. Duncan and daughter, Mrs. Olive Hershey, spent Sunday, Feb. 24th with relatives in Cedar Lane.

Outstanding Student

Friends of Mrs. Will Meriwether will be interested to know that her niece, Martha Maria Wynn of Atlanta, Ga., is among the outstanding students on her campus at Dr. Kalb Junior College in Atlanta, Ga. She has been officially informed of her selection for membership in the 1979-1980 Who's Who Among Students in American Junior Colleges' Honor Program. She is the daughter of Sally Beardon of Atlanta, Ga. and Dr. John Wynn of Kingstree, S.C., who formerly lived in Egypt.

Miss Elizabeth Krenek who teaches in Louise and lives in El Campo was at home Saturday.

Mr. and Mrs. Robert Kallas of Houston spent the day one day last week with his mother, Mrs. A. J. Kallas.

Deepest sympathy is extended to the George and Paul Krenek families and the other members of the family in the passing of their aunt, Mrs. Sophie Krenek of Wharton.

Egypt had its coldest weather last Saturday night when the temperature got down to 16 degrees.

By Velma Kutzer (234-3988)

Sheridan Emerg. Corps Makes Plans For CPR Course

The Sheridan Emergency Corps would like to encourage everyone to turn out Monday and Tuesday, March 17 and 18 for a CPR Course. The course will be held at the Sheridan Community Center and will start promptly at 7 p.m. and end at 10 p.m. The cost will be $5.00 per person.

This training will enable you to administer cardiopulmonary resuscitation properly. With the knowledge of this course, you may someday save the life of a close friend or a relative. Please contact Lois Vawter at 234-3263 or Traylor Walker at 234-3921 during the day or 234-3937 at night for more information. If you have made plans to attend please call one of the numbers above and let us know, urge corps members.

Chancey Pence Celebrates 5th Birthday

Chancey Pence, son of Mr. and Mrs. Larry Pence, celebrated his fifth birthday Monday morning with a group of his small friends.

A "Bugs Bunny" chocolate cake, chips and punch were enjoyed by the following: Bodette Vavrusa, Daniel Hooper, Kasi Klein, Matthew Rice, Josh and Sherrie Grahmann, Justin Kutzer, Cory and Kyle Wiese, Shane Laake, Leigh and Chris Jackson and DeWayne McKnight. After opening the gifts they all enjoyed playing outside and jumping on the trampoline.

Mr. and Mrs. George Wefel of Bay City enjoyed spending the weekend with Mr. and Mrs. O. L. Botard.

Steven Schilhab of Houston spent Saturday and Sunday with his grandmother, Mrs. Joe Schilhab. Also visiting with her were Mr. and Mrs. Frank Pilsner and Mr. and Mrs. Victor Schilhab, Melody and Melissa.

Keith Rabel Has Art Winner In Houston Show

Mr. and Mrs. Henry Rabel and sons, Keith and Wayne, and Mrs. Blanch Johnson were in Houston at the Astro Hall Sunday to attend the awards presentation to winners of the Art Show Contest. Keith received a Gold Medal for his painting of a western scene of horses watering near a trough. He received three tickets to the evening rodeo and a $50.00 gift certificate to an art gallery in Houston.

Congratulations, Keith, we're all proud of you.

County Agent's NOTEBOOK

(By Leroy J. Hajdik, County Extension Agent Colorado County)

Bermudagrass Planting Season Here

Bermudagrass planting season is upon us and I have begun receiving calls on Tifton 44 bermudagrass. Since Tifton 44 was bred to replace Midland bermuda in North Texas and Oklahoma, there can be little doubt of its cold tolerance. This might mean that it will suffer from our hot, dry summers.

Tifton 44 and Callie bermudagrasses were evaluated in replicated plots at College Station and Dallas in comparison with Coastal, other promising materials, and new hybrids not previously tested in Texas. Tifton 44 became established less rapidly and produced less forage than Coastal, but it was more winter hardy and had higher quality forage. Research in Georgia showed better animal performance on Tifton 44 than on Coastal.

Callie became established more rapidly and thus produced more forage the first year than Coastal; however, it produced less in succeeding years than Coastal. Callie produces an open sod and is less winter hardy than Coastal. Stand damage occurs from Central Texas north in severe winters. Therefore, stand management is more important than for Coastal in preventing invasion of undesirable species and in lessening winter damage. Callie forage is superior in digestibility and promotes greater animal performance than Coastal (unpublished data).

Several of the experimental hybrids equaled or exceeded Coastal in one or more of the important characteristics: yield, quality, stand density, winter hardiness, and spring recovery.

Keep up with all activities of the Rice School District by reading the Headlight.

1/ In cooperation with National Weather Service & Texas Water Development Board
2/ Sheltered air temperatures

A cooling trend across the Coastal Plains Wednesday and possibly Thursday could slow the recovery of warm soil temperatures needed for sorghum planting. A cool front was expected to move across the region late Tuesday night, but the more noticeable cooling of temperatures may not occur until a secondary surge of cool air sweeps south late Wednesday. Better drying conditions are the indication Wednesday. Late week weather should be suitable for outdoor work.

For the Rice Belt. . .Thundershowers could yield rainfalls up to three-quarters inch. This will only aggravate lingering soil wetness problems in some areas. Land preparation may be able to resume by late week after several good drying days and little additional moisture. Cooler temperatures Tuesday and Wednesday nights should not threaten blooming fruit trees that escaped injury this past weekend. Livestock may need a little extra care under chilly nighttime conditions.
