Sunshine Class Pays Tribute To Nelle Shell

The Sunshine Class of the United Methodist Church met Tues., Feb. 26th in the home of Jonie Mae Muzny. Six members answered roll call.

Special tribute was given to a faithful member of the class who passed away Tuesday of last week, Nelle Shell. She was class secretary for almost 25 years. We shall miss her and also miss her accurate descriptive accounts of every meeting. What a heritage she left us - her book of minutes that expressed her love for us, all of her friends and especially for Christ.

After the regular business meeting Jonie Mae read two articles, "Hands - What Stories They Tell" and, "A Prescription for Pain."

The hostess served tuna salad, crackers, ice cream and cake and coffee to those present.

Ophelia Raabe will present the study in March and Sophie Zoeller will be the hostess. - Reporter.

GO SEE FOR YOURSELF WHAT PAT WALKER CAN DO

WE OFFER A TOTAL APPROACH TO FIGURE PERFECTION

The exclusive Pat Walker method is a total approach to your figure problems. That's why it is effective for women of all ages . . . regardless of bone structure.

Passive Exercise

Safe, passive exercise tones your tissue, improves your circulation, helps firm and trim your figure . . . without even mussing your hair. No special clothing is required and you need not disrobe. We are neither a spa nor a gymnasium.

Positive Motivation

An important part of any figure program is motivation. If you are self-motivated enough to start, our counselors are experts in keeping you resolved to succeed . . . because most of us have used the Pat Walker method to overcome our own figure problems. Many of our successful patrons decide to make a career out of helping others "lose weight and lose it like a lady."

Indivdualized Treatments

Pat Walker has recognized for years the importance of individualized programs. Your needs and your neighbor's needs may be very different. The first step in any Pat Walker program is a free figure analysis to determine exactly what kind of program you need and to tell you exactly what it will cost.

Sensible Control Of Food Intake

Our experienced counselors will help you with sensible control of your food intake . . . you probably won't even think of it as a diet, and certainly will not crash diet. We are not a diet club.

Grigar III of Lockhart, and the Frnkas enjoyed a birthday dinner and a beautifully decorated birthday cake.

Pickle Endorses Change In House Rules

Congressman Jake Pickle anno[illegible] has joined over two dozen House colleagues in co-sponsoring legislation to repeal the grandfather clause in the prohibition of campaign funds to personal use.

"In the past, members of Congress, upon retirement, could convert campaign funds to personal use if they paid taxes on the money," Pickle explained. "Late last year, we passed a bill to prohibit this practice, but to exempt people already in Congress. I think it is time to end this practice altogether," Pickle said.

Caperton Says Moore's Record Is Conflict of Interest

In press conferences in Conroe, Marlin and College Station, Kent Caperton, 5th Senatorial District candidate, has pointed out a conflict of interest between Sen. Moore's legislative record and his financial holdings.

"Sen. Moore has not spoken for the people of the 5th Senatorial District. He's spoken for himself," Caperton said.

Sen. Moore's financial disclosure statement shows that he owns 500 or more shares of stock in six banks and savings and loans. In addition, he owns at least 35 per cent of Citizens Bank in Bryan and is a member of the board of directors.

The former judge said, "During the past four legislative sessions, Sen. Moore sponsored or voted for bank legislation that could have financially benefited him."

Caperton added, "For the first time in 14 years they have a choice. I offer myself as a new voice in government - a voice of the people, not of the Austin special interests. I pledge to sell the small holdings I have in financial institutions prior to being sworn into office.

"As state senator, I will never cast a vote or sponsor legislation that will personally benefit me. Elected officials must have the trust of the people. I intend to be a senator to be proud of, a new kind of senator for a new decade."

Six Flags Begins 20th Anniv. Season

Six Flags Over Texas at Arlington began its 20th season Saturday, March 1.

Highlighting the day's activities was the grand opening of the theme park's new, 2.1 million dollar, wooden roller coaster known as "Judge Roy Scream, the Awe West of the Pecos."

Riding in the first car of the inaugural train on Judge Roy Scream were Miss Texas, Lex Ann Haughey, and Theresa Pool of Arlington. In 1961, Ms. Pool - then five years old - was the first guest ever to step through the Six Flags' gates.

Adding to the excitement and color of the coaster opening was a special appearance by the Apache Belles and Apache Band from Tyler Junior College.

Though Judge Roy Scream is the centerpiece of Six Flags' additions for 1980, Ray Williams, the park's general manager, said one of the most ambitious renovation projects in the park's history has been underway throughout the entertainment center.

"One of the larger projects has involved a virtually total revamping of the Caddo Canoe lake area," he said. "During the summer months it will be the site of a nightly fireworks spectacular."

Six Flags Over Texas will be open Saturdays and Sundays only during the spring. The lone exception will be the Easter holiday period when the park will operate on a daily basis from March 29 through April 10. Daily operation for the summer months will begin May 17.

SIX FLAGS

When Six Flags Over Texas first opened its gates, one of the features of the theme park's Mexican section was a "slow speed" goat cart ride. This year the park begins its 20th season with the introduction of a huge, new roller coaster known as "Judge Roy Scream". Coming into the 1980 season Six Flags has entertained more than 37 million guests from throughout the world and ranks as Texas' top tourist attraction.
