1/ In cooperation with National Weather Service & Texas Water Development Board

2/ Sheltered air temperatures

High pressure will control the Coastal Plains weather for the next several days. Dry, warm conditions will be the rule. The next chance for showers may come during the latter half of the week.

In the Rice Belt. . .Drying rates will be much improved for the next three days. Heavy dew, however, will cause extended hours of leaf wetness and plant disease pressure will continue. Even though air temperatures will be quite warm, soils may be slow to respond due to wetness. Rice DD 50 heat units continue to accumulate near normal rates. For rice that emerged March 20, heat units have accumulated to just over 1000. The target for panicle differentiation is 1130 units. Panicle differentiation is expected near Eagle Lake this weekend for rice with a March 20 emergence date. Forecasts call for very warm conditions the next few days and heat units should accumulate rapidly in all other areas.

Garwood Library Plans Busy Summer Program

[By Mrs. Elsie Mae Williams Librarian]

The Garwood Veterans Memorial Library news has been missing for a while. We hope some of you missed us.

Have we got a summer program planned for every age level! Plan to stop by the library and see if we have something that suits you.

Story Hour Begins June 9

On June 9th, we have our Story Hour. It will be led by Kristi Carpenter, Kellie Lanier and Melissa Engstrom. There will be six sessions: June 9, 11, 13, 16, 18 and 20. The hours will be 3:00 to 4:30 p.m. There will be a short story, then some craft work for you to enjoy working with.

Needlepoint

The third week in June we have projects for ages 10 to adult. We will have needlepoint and quick point. It should be fun to learn together.

The Reading Club has a register at the library for all school-age children. Come in and sign up to read 10 books this summer. The program is called "Sports Splash". Sounds like fun! We hope you will help us make it a successful summer of fun and fellowship.

New Books Added

We have added new books and have a shelf of paperback books for those who love to travel to far-off romantic places.

We have the complete works of Agatha Christi for you "who done it" readers. For the western fans, we have all of Louis D. Amour's works. There is something for everyone.

The members of the Board of Directors join me in inviting you to visit our library. Maybe we can help you have a happy summer.

The District Deputies announced that they had collected enough money among themselves to put the program of 30 machines over. The State Court had also undertaken a project of helping the "School that Hope Built" in Juarez, Mexico, and presented a check for $1,500.00 to the Regent of the Juarez Court for this school.

Cropduster Pilot Dies In Crash Friday

A 33 year old El Campo cropduster was killed instantly at approximately 12:20 p.m. Friday while flying a Smith Aviation Company plane over the Kirk Marek farm about 10 miles south of El Campo.

Pronounced dead at the scene was Leonard Edward Rasmussen, a cropduster with Smith Aviation for the last 3½ years.

According to the Department of Public Safety, Rasmussen attempted to fly his Cessna aircraft under some rural electrification wires when the accident occurred. One of the wires reportedly caught the plane's canopy, ripping it off and decapitating Rasmussen at the same time.

The plane reportedly crashed about a quarter of a mile away after veering to the left. The craft reportedly came down about one mile south of the intersection of FM 2674 and FM 441.

He reportedly had been flying planes for approximately 19 years. -El Campo Leader-News.
