These 1981 Model Cadillacs will go on display, as well as the 1981 Chevrolet and 1981 Oldsmobile, at Lake Motors, Inc., Thursday, Sept. 25th and over Joe S. Reed and staff invite one and all to make plans to attend the showing. There will be free favors and registrations will be taken without obligation for free door prizes. "Remember the date is Thurs., Sept. 25th, at Lake Motors by Eagle Lake," said Reed.

1981 Cadillac At Lake Motors This Thurs.

Significant engineering in-
novations, including a new
modulated displacement V-8
6-4 engine with digital fuel
injection, additional fuel econ-
omy improvements and dis-
tinctive styling refinements
highlight the 1981 Cadillac
lineup.

The 1981 Cadillacs will be
on display at Lake Motors,
Inc. showroom in Eagle Lake
today, Thursday, and owner
Joe S. Reed invites one and
all to come by to view the
new models, to register free
for door prizes. Favors will
be given.

Edward C. Kennard, general
manager of Cadillac Motor
Car Division and vice
president of General Motors,
said, "The 1981 Cadillacs
incorporate advanced elec-
tronic technology. Cadillac
was first with electronic fuel
injection in the Seville in
1975. Then we developed
more sophisticated computer
functions with the introduc-
tion of Trip Computer in
1978. And we introduced
digital electronic fuel in-
jection - the first self-diagnosing
engine - in the 1980 models.

"For 1981," Kennard said,
"we have the modulated
displacement V-8-6-4 engine,
really three engines in one.
And we have increased the
diagnostic capabilities of the
microprocessor.

"These," Kennard said,
"are major engineering
achievements. They are
