For prices and reservations, call Clifton Tyler person to person, and leave a callback number if necessary.

Top Quality Hunting

The rich prairies of Eagle Lake and Garwood in the southern part of Colorado County, Texas, are the winter homes for the largest concentrations of wild geese in the world. This has been so for over 20 years, and no other higher hunting area has conducted this hunt.

Clifton Tyler has lived in this area for 15 years, and has been a professional goose hunting guide for over 20 years. This, plus the experience of our other guides, is reflected in the short put forth to insure you an enjoyable hunt.

Our hunting club stresses a low volume of hunters with greater emphasis on QUALITY HUNTING. We have about 8,000 acres of richland scattered across the prairies. This allows us the ability to follow the concentration of geese.

We can accommodate up to thirty (30) hunters. Our minimum per party is four (4), with a guide for EACH party. We hunt daily from legal about- ing time until noon. Lodging can be arranged for your group at one of several hotels and motels in the area.

THE 1980-81 TEXAS WATERFOWL SEASONS ARE AS FOLLOWS:
GEOSE: Nov. 1, 1980 through Nov. 30, 1980
DUCKS: Nov. 1, 1980 through Nov. 30, 1980

September Means Hunting, Fishing License Time

Hunters and fishermen are reminded that as of September 1, 1980, the new hunting and fishing licenses are required in Texas.

The 1980-81 hunting and fishing seasons are now available. Hunters are now required to purchase a hunting license and a fishing license. The hunting license is \$10.00 and the fishing license is \$5.00. Both licenses are valid for the entire season.

Requirements are available by contacting the Houston office of the U.S. Fish and Wildlife Service and requesting three copies of Form 3480 and 3481. The fee for these forms is \$2.00. The fee for the license is \$10.00 for hunting and \$5.00 for fishing.

HUNTING Safety Rules

1. Treat your gun with respect. The most common cause of hunting accidents is carelessness with the gun.
2. Don't drink and hunt. Alcohol impairs judgment and reaction time.
3. Don't hunt alone. Always have a partner.
4. Wear your seat belt. If you are hunting from a vehicle, always wear your seat belt.
5. Keep the safety on until you are ready to shoot.
6. Don't point the gun at anyone, even if you think it is safe.
7. Don't hunt in bad weather. If it is raining, foggy, or too hot, stay home.
8. Don't hunt in bad terrain. If you are not sure of the terrain, stay home.
9. Don't hunt in bad company. If you are not sure of the company, stay home.
10. Don't hunt in bad luck. If you are not sure of the luck, stay home.

Smoke Your Own Bird

Shooting or curing poultry at home goes back to a time when a hunter would smoke his own bird. All that is needed is a curing rack, a small oven, and a little time.

Use the appropriate needs to select the bird with curing solution. Then put the bird in the curing rack and smoke it. The result is a delicious, smoked bird.

The season for common snipe and Wilson's snipe is Nov. 1, 1980 through Feb. 15, 1981. From one half hour limit to sunset. Bag limit is 10.

Waterfowl Seasons Part Of Scientific Program

The hunt on ducks continues on this day. The hunt on geese continues on this day. The hunt on waterfowl continues on this day.
