TODAY'S MANUFACTURED HOMES

by Mary Ann Pittman

MODERN TECHNOLOGY

Construction of homes in a central manufacturing facility, taking advantage of modern technology and production line efficiency, is not a new concept. The application of constant quality control, the volume purchasing of building materials and the efficient utilization of construction techniques that can be achieved in a manufacturing facility have made it possible to produce manufactured homes costing up to 30% less of a site-built home of comparable size and quality. Naturally, this savings is passed on to you, the consumer.

The manufactured housing industry has assumed the major role in providing homes for American families. Manufactured housing is already providing over one out of every four single family residences, and the U.S. Department of Commerce has predicted that manufactured housing will lead all U.S. industries in rate of growth for the next several years. Come to our display center and see the product of modern technology - the manufactured home.

24 YEARS AGO LET'S LOOK BACK

(Feb. 7, 1957)

Mrs. M. L. Briscoe of Eagle Lake fortunately escaped injury when her automobile rolled over on a curve on Highway 36 between Wallis and Rosenberg. She only received minor bruises from the accident. Mr. and Mrs. John L. Kovach are the proud parents of a baby girl, Mary Monica, born Feb. 1 in Wharton. The Eagle Lake girl cagers whipped the Sheridan girls 55 to 47 before a large crowd that night. Funeral services were held in East Bernard at 9:30 a.m. for Rudolph F. Janik, 70, a longtime resident of the East Bernard community, and father of Mrs. Lewis Kopecky of this city. Interment was in the Holy Cross Catholic Cemetery. The Eagle Lake High School boys basketball team came home with a win from Newville 64 to 61 and Pleasant Hill 55 to 53. Thirteen selections received an induction for forward for the Armed Services. Included in the group from this area were Aubrey Gordon, Tice of Columbus and George Wilson of Eagle Lake. Miss Grace Spanabel, Assistant to the Manager of Radio Station KTHH, Houston, has been elected President of the Houston Chapter of American Women in Radio and Television. New widest oil test in the world was made in Michael T. Halibout's No. 1, Leo Hoelscher, two miles south of Garwood.

The barbecued chicken dinner may cost \$3.00 and serving will be from 11:30 a.m. to 2:30 p.m. You may dine in the pretty picnic area at the Center or there will be a fast "to go" line if you wish to take your plates home.

Tickets to the barbecue dinner may be obtained from any Lion but they must be purchased not later than Thursday, April 23rd so that proper arrangements can be made for the large crowd anticipated.

Golfers who compete in the tournament will be given tickets to the dinner. All extra tickets are \$3.00 each.

In the event inclement weather prevents the tournament from being held on April 26th, the tournament and the barbecue dinner will be held the following Sunday, May 3rd.
