County Fair Commercial Space Rates

Commercial exhibit spaces, 10'x10', under a large circus-type tent on asphalt and grass surfaces, will be available at the Colorado County Fair, T. J. Smith and Ralph Truzy, co-chairmen.

The spaces will be rented for \$50 to show and \$75 to show and sell products. The tent will have drop flaps for weather protection and security. The exhibitor will be required to furnish his own flooring, if desired, and tables and other equipment.

Space will be available for anyone wishing to display such things as cars, trucks, tractors, and farm products and equipment. The \$50 charge will allow showing of three major items (tractors, trucks, etc.) and for show-and-sell the charge for three will be \$75.

Dates of the Fair are Sept. 10-12. Exhibits may be set up Sept. 9 between 3 and 6 p.m. and are expected to be complete by 11 a.m. Sept. 10. Exhibits may be removed after 9 p.m. Sept. 12, with complete removal expected no later than 10 a.m. Sept. 13. Although the Fair Association will attempt to protect exhibits against weather, vandals and thieves, it will not be liable. Exhibitors may want to check with insurance agents for short-term insurance.

Spaces will be rented on a first-come, first-served basis as long as they are available. Smith's address is 302 Clark Street, Eagle Lake 77434. His office phone is 234-3701; home, 234-2894. Truzy's address is 600 S. McCarty, Eagle Lake. His office phone is 234-3825; home, 234-3776.

ENERGY PACKS

Home manufacturers also offer optional "energy packs" featuring special insulation plans. These special packages are designed to achieve the lowest possible "heat transmission coefficient" - which simply means that the home retains the maximum amount of heating or cooling produced by the furnace or air conditioner.

Continuous wraparound flexible sheathing board also is available to form a protective liner and air barrier for walls and roof. The efficiency of assembly line production makes these extremely effective "energy packs" available at reasonably low cost to the homeowner.

Come in to see our beautiful, energy-efficient homes. Our professional home consultants will show you how, with a reasonable initial investment, the beautiful manufactured home you've wanted can be yours.
