Dear friends of Eagle Lake and surrounding area:

Since we moved in such a hurry, we didn't have time to tell most of you good-bye; and we felt it needed to be said! We can never tell you how much you've all meant to us, and how lucky we were to find a home in such a community. The friendships made will be everlasting, and we hope to return again soon. PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1981

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on an undeveloped, unimproved, developed or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 10 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years. This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the State Appropriations Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSITION NO. 4 ON THE BALLOT

The amendment also provides $500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts due to be refunded to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

"Angel Dust" Has Horrifying Effect In Many

[By U.S. Sen. Lloyd Bentsen]

They call it "Angel Dust." I call it the most dangerous illicit drug in use today. It is the devil's own brew.

When "angel dust," also known as PCP (phencyclidine hydrochloride), was developed in the mid-Fifties, it was viewed as a promising new anesthetic for use in operating rooms. Research, though, showed that it was causing psychotic reactions in large numbers of cases. In other words, it was literally driving people mad, so it was barred completely for use on humans.

Police files contain horrifying cases which show graphically how "angel dust" can derange the human mind.

For example, there is the story of the 29-year-old man who bit his forearms almost to the bone after smoking a marijuana cigarette laced with "angel dust" and experiencing "auditory hallucinations" telling him that his hands had offended him; or the young person who drank rat poison to kill the rodents he believed had infested his body.

The Psychotropic Substances Act, which I authored and pushed through Congress, was signed into law in 1978 to try to crack down on "angel dust" abuse. It makes it harder for illegal manufacturers to obtain piperidine - a key ingredient in this deadly drug. It also increases from five to 10 years the penalty for first offense trafficking in "angel dust."

Recently the Drug Enforcement Administration advised me that my bill has helped in their efforts to drive this menacing drug from the streets of American cities.
