FHA Costume Contestants

On Wednesday, Oct. 28 the Senior class took the Armed Services Vocational Aptitude Battery test. The test was optional and only six students chose not to take the test. A recruiter from the Army, Air Force, Navy, and Marines helped to administer the tests. The test consisted of twelve individual tests dealing with different areas like word knowledge, space perception, and automotive information. The test lasted for about two and one half hours. The ASVAB scores are valid for determining enlistment eligibility for two years after testing. Mr. Beane, a Rice High School counselor, will receive the scores at a later date and distribute them to the students.
