#### Jan. 15th Is. Texas Arbor Dav

Jan. 15 is an important day for every Texas citizen -- its Arbor Day,

Arbor Day is a day set aside each year to remember one of our most valuable resources-the tree, says Ted University System.

Arbor Day Nebraska on April 10, 1972, and is now observed across the country during the month of April. However, Texas Arbor Day was set for the third Friday in January by the Texas Legislature in 1949 because January is an ideal time for planting trees. As to the importance of

trees, Fisher cites acnumber of contributions.

"In addition to providing lumber and paper. trees also purify and beautify," he says. "They cleanse the air we breathe by absorbing carbon dioxide and returning oxygen to the air. They cool and humidify the air, reduce soil erosion, beautify our neighborhoods and communities, tion and camouflage of provide cover for fowl and wildlife, and offer a natural use of mines, demolitions and challenge for youthful climb-

tion controls across agriculimportant implications for all

segments of the food and prices and income than has been typical of the past. As a result, crop farmers face relative to the other crops. both crop and livestock

producers. Likewise, agribusiness marketing firms can expect incentives for ample production of grain at relatively low prices under the 1981 farm disaster payments as a means of risk reduction. The 1981 farm bill is not

inflationary to food and fiber prices paid by consumers. Exceptions include sugar. tobacco and peanuts where support prices are maintained at a level above what would exist without farm programs. These programs, along with dairy, were the major target

of consumer activists.
