good farm records can save time when you need money.

Today, farm records are useful for more than just taxes. Good records can be used in planning improvements or expansion. They can also help you arrange financing...because good farm records help establish your management capability.

The people at your Federal Land Bank Association know the part good records play in the wise use of credit. And that can save valuable time in the loan process.

The next time you need money to reach a long-range goal: talk to the long-term lender who understands how to use records to arrange constructive financing. Talk to your Land Bank Association.
