Ernest H. Moore, Realtor

732 Spring St. - Columbus - 713 732-5808
Lake Sheridan Estates Of. - 713 234-3013
Houston Office - 713 868-9116

HERE IT IS . . . have you been looking for a nice COUNTRY ESTATE? 5.5 acres sitting well back off of Hwy. 90A with an all weather road leading to it. A beautiful brick home - 3 or 4 BR, formal living room, huge double fireplace lone side facing dining and kitchen area; the other side facing the living areal. This house is sitting on a well-built 4" concrete slab and has concrete porches completely across back. The house is finished up to a point in complete sheetrock walls and ceilings where you can select your own finishing: wallpapering, floating and painting or paneling. The two baths are roughed in and can be completed to your own satisfaction. This will entail some extra expense but we'll compensate for this in the asking price. This country brick home and 5.5 beautiful acres sitting off Hwy. 90A can be bought for $49,000 with 12% interest and 20 year payout. It is located about 22 miles from both Eagle Lake and Columbus.

We have ideal **RETIREMENT ACREAGE** or would be excellent site for a beautiful home. It is wooded, rolling and has lots of deer. Has deep well with pressure tank ready to go and two lakes. This property is in Sheridan area and is on an all-weather private road and can be shown at your convenience. This property you can buy .. because it is owner financed with excellent terms. (P.S. To get to this acreage you have to go by the Lake Sheridan Estates which would make it possible to have your deer hunting and bass fishing all wrapped up in one. We have some beautiful lake lots for sale.)

Would you like to beat the excessive expense you are paying for rent .. let me sell you a 5 **BR HOME** in Columbus with two baths and beautiful trees near the Catholic Church. Your payments will run about equal to what you would pay rent on this type of house. It would be possible for you to buy as it is owner financed for 20% down, 20-year pay-out, and only 12% interest. Better hurry - this one won't last long. Call me anytime, I have a telephone right by the bed.

Everybody wants a **COLORADO RIVER WATERFRONT LOT** .. we have one. This is our first one, It is approximately 100 feet wide, 225 feet deep and goes to the middle of the Colorado River. It has over 100 feet of sandy beach and an excellent place to dock your boat. The lot has several possibilities: it has a historic home, which at one time was used as a home and then a restaurant, which could sell for a good price and be moved off the property which would leave swimming, boating, fishing and having a good time or .you could build a beautiful home or establish a business here. Has frontage on Old Hwy. 90.

Have you been looking for an excellent **LITTLE COTTAGE** that can be bought for cash reasonable ... we have one in the north part of Columbus. Has recently been refinished with insulated vinyl siding and a new roof. Cyclone fence with garden spot, carport and a store room. 2 BR, 1 BA, combination kitchen-dining room, formal living room. This can be bought real reasonable but you better see us right away as there are several interested buyers.

Just south of Rock Island on Garwood highway: **18 ACRES** which lie in between Vernon Brown and John Speck's property: On the east side there is an all-weather gravel road with several hundred feet frontage which gives you double road frontage. This is an estate and we must have cash - will probably go for highest offer. Must be sold right away. Call me; we'll look and make it possible for you to buy.

One of the largest most picturesque **LAKE LOTS** at Lake Sheridan Estates - this is an offshore lot and can be bought worth the money. Owner financed.

One of the best **WATERFRONT LOTS** on Lake Sheridan only $4,400. Owner financed, 20% down, 12% interest, 10 or 15 year payout.

Contact us immediately for **LAKE SHERIDAN** waterfront and off front lots. Sheridan is planning to run a water line there and these lots will increase by 25% when it is completed. Buy a lot now - pay Isam Brisco, Jr., Lot 10, a deposit and you will be served with water. Just sold two beautiful **LAKE COTTAGES** .. have one left. Call me for more information at any time.

Graduate Renee Hunt Honoree At Informal Supper

The John and Harry Engstrom's of Garwood honored Miss Renee Hunt, Rice High School valedictorian and "Miss Rice High School", with an informal supper at the Harry Engstrom home on May 11.

Guests were seated at tables covered in white linen cloths with arrangements on each table of driftwood, seashells, maidenhair fern, a single day lily and peach colored votive candles, picking up the peach tint in the shells, lilies and napkins. The arrangements symbolized a person's life; the erosion of the driftwood - trials in the sands of time; the "irritant" in the seashell (a small blister forming inside the shell over a period of time) - the inner and outer beauty of a pearl. Renee's place card was placed by a single shell containing a pearl inside it.

Thirteen guests enjoyed each other's fellowship, including Mr. and Mrs. Dale Hunt, Renee's parents; Darrell Faas of El Campo, Sharla Popp, John Lee Korenek, Jr., Kitty Thomas of Eagle Lake, Cindy Rodrigues, Ricky Miller, Rachelle Hunt, David Shimek, Alicia Gonzales, Elva Ann Romo, the honoree and the hosts.

Garden Club Takes Tour In El Campo

Members of the Eagle Lake Garden Club and two guests, Mrs. Melvin Sunderman and Mrs. Lloyd Tate, spent a delightful day visiting the Greenleaf Nursery and the El Campo Museum on Wednesday, April the twenty-eighth.

The Greenleaf Nursery is a large project located four miles south of El Campo on Highway 71. The modern mechanism used is understandable to professionals, but only fascinating to the layman. This nursery and its parent-one in Oklahoma furnish stock all over the United States. The guide through the nursery was our own Marilyn Sunderman, who has held the very responsible position of propagator since her graduation from Texas A&M University five years ago. Everyone should visit this nearby wonderland.

After lunch, the ladies visited the El Campo Museum, whose exhibits call one back each time he is in El Campo. This museum is a city [illegible] and operated by volunteers. The background for the large animals is intriguing. It was made by school children. Each month there is a special exhibit, the one from mid-May through mid-June is that of radios, clocks and music boxes. The one from mid-June to mid-July features dolls. There is no charge and the hostesses are delightful ladies. The museum is open week-days and Sunday afternoons. -Reporter, Geraldine Cason.

"Vial of Life" Program In Progress

The "Vial of Life" is an information seeking program whereby households make available in written form medical history and information in case of an emergency. The program consists of an information sheet which is filled out by the participating household. Once the sheet is completed, it is then rolled up and placed in a furnished bottle and then in the household refrigerator. Labels provided in the "Vial of Life" packet are then placed on the refrigerator door, and on the most used exterior door of the house.

The purpose of this program is to provide much needed medical information when an emergency occurs. By participating in the "Vial of Life" program this information is written and stored in a common place. If such an emergency does occur, then the ambulance personnel will retrieve the vial from the refrigerator and take the information with them to the hospital. This will help by providing more information for treatment, which could help the ambulance crew and the hospital personnel save your life.

The "Vial of Life" program is sponsored by the Eagle Lake Ambulance Corps and is free to anyone wishing to participate. The program will be presented to various service organizations and to local churches. Also, a table will be set up downtown during the coming weeks at various times in order to make available the vials to anyone missing the presentations.

If there are any questions concerning the program and how it operates, please contact either June Mahalitc at 234-2678 or Paul Krupicka at 234-3381.
