PUBLIC NOTICE OF INTENT TO CHANGE RATES

Notice is hereby given that WHARTON COUNTY ELECTRIC COOPERATIVE, INC. (the "Utility") intends to change rates for electric utility service effective July 26, 1982, or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed changes. Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Utility and the classes and numbers of Utility consumers affected is on file with the Public Utility Commission of Texas, and the municipalities of El Campo, Texas and Wharton, Texas.

The Statement of Intent is available for public inspection at the general office of the Utility located at Highway 59 East, P. O. Box 31, El Campo, Texas 77437.

Union State Bank celebrates 75th

This Sunday, June 27, Union State Bank of East Bernard will turn back the clock to 1907 when the vacant lot across the street from the bank becomes an old fashioned park complete with gazebo, music and refreshments.

A special show is planned for 2:30 p.m. which will feature the International award-winning Houston Tidelanders. The all men's chorus features music in the barbershop style and a fun sing-a-long. Also performing will be several barbershop quartets. Seating will be picnic style and guests are urged to bring lawn chairs or blankets to sit on.

In addition plans are being made to exhibit about 15 antique or vintage autos dating from 1910 to 1965. A special souvenir edition newspaper is being published for the occasion which traces the progress of East Bernard, in many areas of its growth.

Also on the afternoon's agenda will be refreshments, souvenirs and prizes. The public is urged to come in costume of the period, but costumes are not required. However, prizes will be awarded for best costumes for lady, man, child and family.

Weather permitting, a manned hot air balloon will take off from the grounds at 4 p.m. culminating the afternoon's events. It promises to be a fun-filled afternoon. So make your plans now to attend.

New 'Medigap' rules

Medicare supplement policies sold in Texas will have to meet rigid marketing and coverage standards under state board of insurance rules that went into effect June 1.

The rules bring Texas into compliance with Federal Law commonly known as the Baucus Amendment to the U.S. Social Security Act.

Somtimes referred to as "Medigap" policies, Medicare supplement contracts are specifically designed to wrap-around the coverage provided by the federal Medicare program and reimburse recipients for hospital and medical expenses incurred by reason of deductibles, coinsurance or other limitations under Medicare.

The law applies only to supplement policies sold to individuals who qualify for Medicare by reason of age.

"With the new rules, Texans who buy these policies will be given more information about the coverage and limitations in the policy and the information will be in a more understandable form," said William P. Daves, Jr., SBI Chairman.

"Consumers will still have to take the time to educate themselves before making a purchase," he said. "However, with the disclosure now required by our agency comparison of contracts will be easier."

Select unlined garments

For a cooler summer wardrobe, select unlined garments in non-clinging fabrics.

Be sure they fit loosely enough to allow for air circulation between garments and skin.

Forecast

Scattered thunderstorms are forecast for the Rice Belt Wednesday, triggered by a low pressure trough over the area. Showers could continue each day through Saturday. The Coastal Bend is likely to remain dry with only isolated showers expected the rest of the week.

In the Rice Belt, Showers Tuesday increased delays to soybean planting and other field work in the Houston-Beaumont area. Producers in the western areas with hay on the ground should try to bale and store it as soon as possible. Mowing may be slightly less risky after mid-week. If possible, pest spraying should be delayed until Wednesday morning.
