Frosty, Frozen Treats...

An ICE is the oldest form of frozen dessert, and is a mixture of sweetened fruit juice or fruit puree mixed with water. Most ice is stirred once or twice during freezing to ensure a smoother finished product. A FLAPPE is frozen only to a mushy pudding like mixture, while a GRANITE is ice frozen firm with little or no stirring. ICE CREAM is basically frozen cream and eggs with sweeteners and flavorings. Without eggs, it is sometimes called Plain or Philadelphia Ice Cream. When eggs are added this is called French Cream. When eggs are added this is called French Cream. When eggs are added this is called French Cream. When eggs are added this is called French Cream.

If you want to try your hand at some of these frozen treats, write for the Frosty Summer Treats booklet, we are glad to help.

NUMBER 16

**chief
ouston man**

Mayor Struss indicated that he has not witnessed increased compliance from truckers to the city's truck policy, and he asked City Manager Robert Klockman to check on other cities' ordinances should the need arise to adopt one.

At councilman Ralph Truly's request, council asked Klockman to have city tax attorneys present a progress report at the next meeting, particularly to show a schedule of lawsuits. Gates Steen is the firm that provides legal services to Eagle Lake.

activity. Rotary Club will be responsible for the Christmas decorations.

Another point of discussion of the board was the center's floor. After only several years' use, the maple flooring is in need of refinishing "already," one board member said after the meeting. Although no action was taken, work on the floor probably will be done, the director said.

Directors are elected from civic groups in the city.

rest two

Reserve Officer Dan Easter and Chief Gil Steen responded to a call from Meraldo Berroa of Eagle Lake last Saturday at 7:45 p.m. and found two men fighting, according to a report. Berroa had called to complain that Rolando Perez Guzman had come to his apartment to borrow some money. When he was refused, Guzman grabbed some money that was on a table and ran out with it. Berroa caught him outside and the two began to fight. Police called for an ambulance to take Guzman, suffering from cuts above his eye and the back of his head, to the Eagle Lake Community Hospital. Guzman became angry and resisted the attendants, and was taken to the hospital in a squad car.

At the hospital, Chief Steen removed \$65 from Guzman's pocket and marked it for evidence, the amount taken from Berroa. Guzman was treated and released to police. He was taken to County Jail and bond was set at \$2,000.
