VOLUME 79 NUMBER 44 P.O. BOX 67 EAGLE LAKE, TEXAS 77434-0067 THURSDAY, FEBRUARY 10, 1983 PHONE 713 234-5521 (USPS 163-760)

Lakeside officially an LCRA property

The Lower Colorado River Authority officially assumed control of the Lakeside Irrigation Company operations on February 1, according to a news release from LCRA headquarters in Austin.

"LCRA, which purchased the assets of Lakeside January 31, will operate the Eagle Lake-based company as its Lakeside Water Division.

Both LCRA and Lakeside officials expressed approval January 31 as LCRA General Manager Eloy Soderberg and Lakeside General Manager Dan Thornton signed copies of the Agreement of Sale.

"I've been with Lakeside since time immemorial," quipped David Wintermann, Lakeside's chairman of the board. The company has been in the Wintermann family since 1909, and Wintermann said his first job with Lakeside was as a night watchman in the late 1920's.

"There was so little water on the river, we were arguing with Bay City and Garwood over the water, and some of the rice farmers downstream were threatening to blow up this water company upstream," Wintermann recalled. "But this never happened."

He noted that since LCRA's creation in 1935, "We've had plenty of water. I'm happy to turn it over to LCRA."

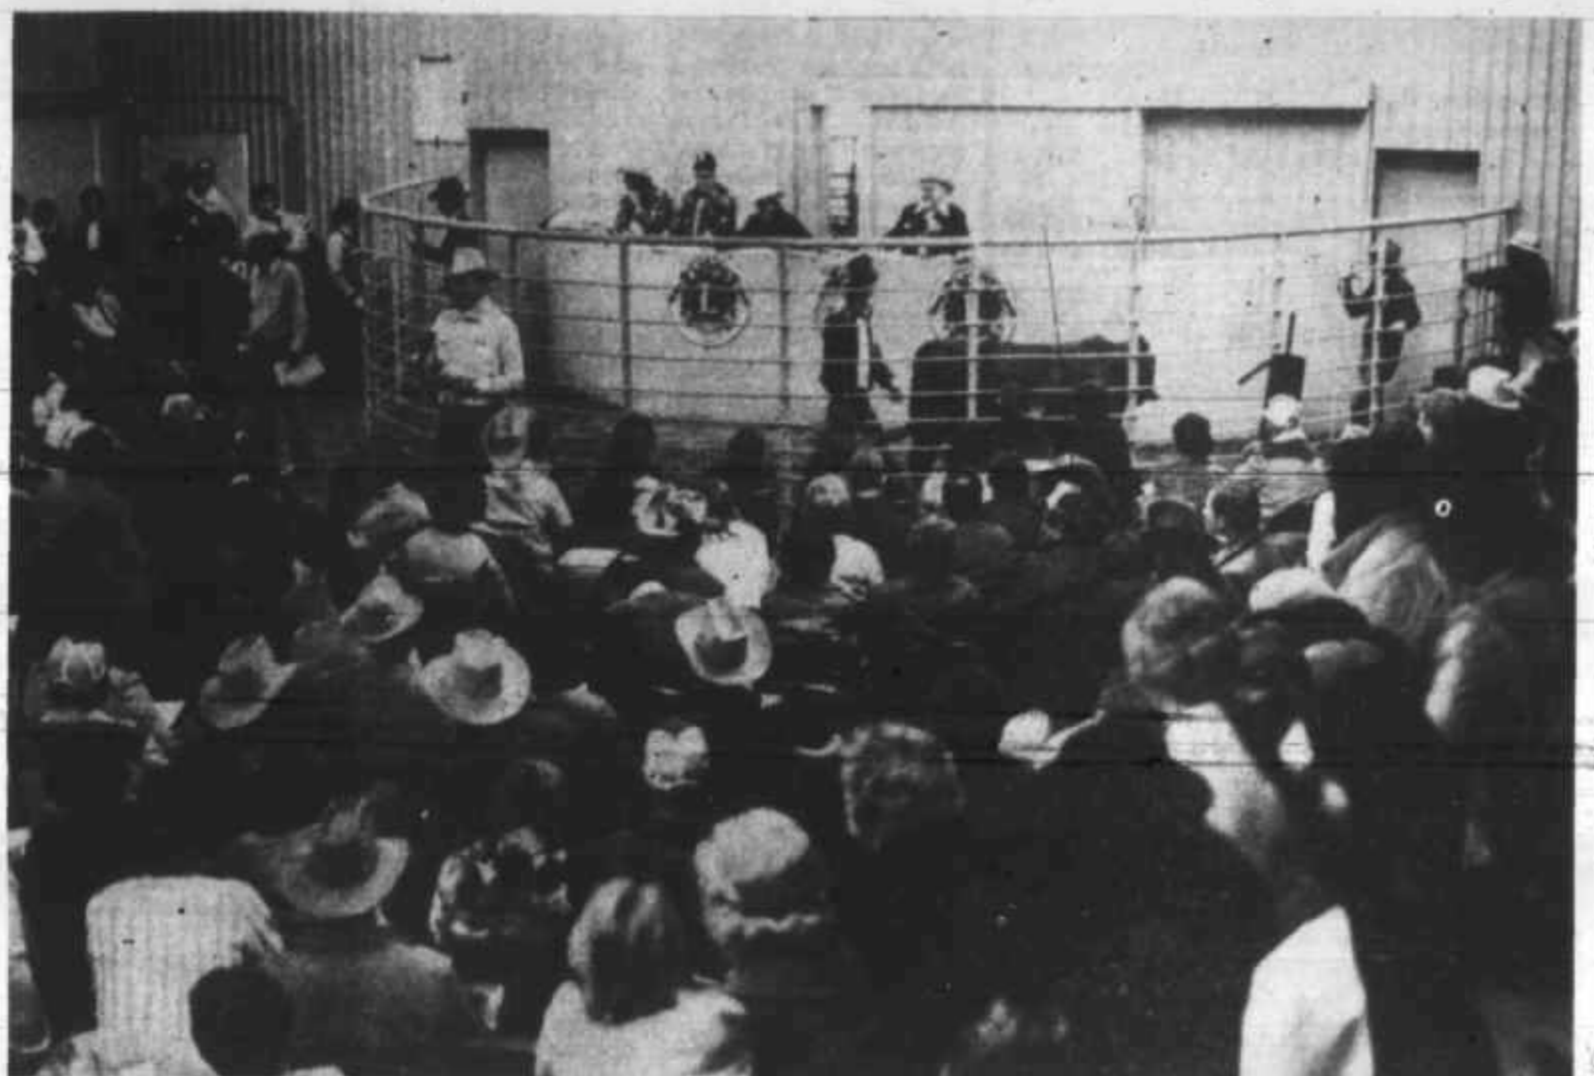

Soderberg said he was glad to see LCRA's purchase of Lakeside finalized. "LCRA will do its best to do a good job," he said.

With the sale of said Wintermann will devote his time to his other business interests. Thornton will remain with the Wintermann business operations.

A division manager for Lakeside will be selected in the near future, said Bill West, manager of LCRA's System Operations, which oversees the authority's water operations.

Lakeside's 27 employees oversee up to 270 miles of irrigation canals, which irrigate roughly 28,500 acres in Colorado and Winters counties.

Besides Lakeside, LCRA also owns and operates the Gulf Coast Water Division in Bay City, which provides irrigation in Matagorda and Wharton Counties.

A full crowd enjoyed the FFA show and sale, especially the new additions.

Rotary pancake supper February 22

The Eagle Lake Rotary Club's annual Hot Cake Supper will be held on Tuesday (the last Tuesday before Lent), February 22. The event will be held in the Community Center with serving of the delicious hot cakes, butter, syrup and sausage from 5 to 7 p.m. Cold drinks and coffee will be available in the hall.

As usual the Rotarians will prepare and serve the food with the assistance from the Boy Scouts in Troop 334. The scouts will be among the recipients of funds from this annual fund-raising event.

Entertainment will be provided in the Community Center throughout the evening hours.

For those who would like to take orders home, there will be a curb service line on the pavilion at the rear of the center. Complete dinners, including syrup, will be served in the curb service line.

Another outstanding feature of the event this year will be a Bake Sale from 5 to 7 p.m. by members of the American Association of University Women. Proceeds from the bake sale will be used by AAUW members for worthy local community projects.

Tickets to the Hot Cake Supper are now on sale with the Boy Scouts and all Rotarians or may be purchased at the door on February 22.

Donald Obenaus has been named by Rotary president Bob McInteer as chairman of the supper. The chairman urges that as many people as possible purchase tickets in advance in order that adequate arrangements may be made to take care of the large crowd expected.

Rice FFA sale net just under last year's total

When all the shouting and counting was finished Saturday in the Rice High School FFA show barn, a total of \$64,524 worth of calves and hogs were sold, and another \$1,870 in donations had been given, for a total of \$66,394.

That was just short of the last year's \$67,867 which show sponsors then indicated was one of the best sales ever...especially in light of the economy.

The audience of buyers and on-lookers filled the show barn Saturday afternoon after the barbeque lunch in the school cafeteria, and were greeted with two new sets of bleachers, all seating painted a nice blue, and new restrooms and offices.

Students exhibited 45 calves and 30 hogs during the show and sale, with Coby Shorter III winning the grand champion hog and Paul Koronek with the grand champion calf.

Other major winners for the show were Jon Wanderlich, reserved champion hog; Clark Popp, reserved champion calf; and Robert Kluckman, reserved champion calf.

New hospital wing nearly finished; work to start on inside renovation

Officers for the Eagle Lake Community Hospital report that the new addition to the Hospital facilities is nearing completion and work will begin soon by the contractor, Drymala Construction Co. of Columbus, on the interior of the new building.

Small bronze plates indicating the name or names of the donors to the building fund will be prepared in the near future and placed on the hospital. Also bronze plates are being prepared to indicate names of donors of furnishings for the new patient rooms within the new addition.

Furnishings still being accepted for the new building project by the hospital's administrator, Jack Harrell, or executive board member, William H. Harrison, Sr. Those wishing to support this community effort are asked to do so by the end of the month so that all donor's names may be properly displayed in the designated areas.

If you need more information on the contributions to the building project or furnishings, contact Harrell or Harrison and they will be happy to discuss the matter with you.

PIK affects farm insurance

Farmers who participate in the Payment-in-Kind (PIK) program are eligible for increased insurance guarantees on insured wheat, corn, grain sorghum, rice, and upland cotton at no extra cost, says F. W. Ted Crouch, Jr., director for the College Station Field Operations Office of the Federal Crop Insurance Corporation (FCIC).

To encourage the widest participation possible in the PIK program, FCIC will accept downward revision of previously reported acres and increase the per acre guarantee on the remaining acreage. Downward revision of acreage reports may be made until March 11, 1983.

For the 1983 crop year only, insurance guarantees on the eligible crops will be increased by the following proportions: a 6 percent increase for reductions of 20-29 percent, and a 10 percent increase in acreage reduced by 30 percent. Percentage reductions are calculated for acreage reductions above the regular farm program set aside," Crouch says.

Farmers may participate in the PIK acreage reduction on one farm and not another. "Any increase in acreage covered," says Crouch, "will be in effect for the farm selected for PIK participation, without affecting the guarantee or premium on the other insured farms."

"Upon acceptance of the revised acreage report, the premium will be recomputed on the reduced acreage and the per acre guarantee will be increased for the remaining acreage," Crouch states.

Under a bid arrangement, farmers may reduce the entire acreage to zero. In that case, a zero acreage report may be made to the agent by March 11. Farmers should verify acceptance of the bid with their agent by March 18. If the bid is not accepted, the larger amount insured for the acreage intended for the regular farm program set aside," Crouch says.

Often times newcomers to Eagle Lake contact the local chamber office inquiring about housing possibilities and personnel would like to have this information to pass on to them.

Bus company seeks to end service here

Last Friday the City received a notice of hearing on the discontinuance of service to Eagle Lake and several other communities along the Greyhound route from San Antonio to Houston according to City Manager Robert Kloekman. The hearing is this morning in Austin.

According to Ernie Simmons, III, director of operations for Greyhound Lines in Phoenix, Arizona, the company has applied to the Railroad Commission for authority to discontinue service to Eagle Lake as well as Kingsbury, Harwood, Belmont, Gonzales, Wasler, Flatonia, Weimar, Glidden, Alleyton and East Bernard on the San Antonio-Houston route.

"If approved, the 7:49 a.m. bus from San Antonio to Houston and the 9:15 a.m. bus from Houston to San Antonio no longer would stop in Eagle Lake.

On January 4 both after noon routes between San Antonio and Houston were discontinued.

If approved, there would be no bus service to the community. Simmons said Tuesday afternoon that the Houston-San Antonio route would be made via Interstate 10, stopping in Columbus where Eagle Lake passengers could board.

Lewis Semora, agent for the Greyhound Lines in Eagle Lake, said Monday that the bus routes provide a much needed service to the citizens and businesses of the community.

Citizens who need medical treatment depend upon the passenger service to go to Houston's medical facilities. The discontinuance of the afternoon route on January 4 has already necessitated an overnight stay in Houston for one citizen.

The loss of freight service has a potentially devastating effect. Semora said there is large usage of the bus line by implement companies, car dealerships, auto parts stores, and the gravel industry.

One instance of the impact of the discontinuance of the afternoon route was explained by T. Lang, owner of Eagle Tractor, who said that one day's service is vital to his business. When the afternoon route was dropped his percentage of jobs able to be completed in one day dropped by approximately 20 percent. He said if the morning routes were dropped as well, it could really hurt his ability to serve the farmers of the community.

In response to the need to retain this service to the community, a petition was placed in several strategic areas throughout the community by Fred Frank, Secretary for the Chamber of Commerce.

The American Association of University Women will sponsor a bake sale in conjunction with the Rotary Pancake Supper on Tuesday, February 22 from 5-7 p.m.

The AAUW, an organization for university graduates, began in Eagle Lake last March.

The proceeds from the bake sale will be used to enhance the collection of books in the Wintermann Library pertaining to women's health, cultural and educational endeavors.
