Four Cosmetologists qualify for State

By Cheryl Ross
Friday, March 4, was a memorable day for several girls from the Cosmetology Department of Rice. Of the girls participating in the VICA Spring District III contest, four won first place awards.
Belinda Cavazos won a first place award for her mannequin in the comb-out competition. Francis Garcia's mannequin received a first place award in the cold wave competition, and Tracy Soape and Suzanne Fajkus each won first place awards for their mannequins. These four girls qualify to go to the State finals to be held in Fort Worth on April 14, 15 and 16.
Stephanie Woods and Priscilla Dabney won second place awards for their braided mannequins. Also winning second place awards were Linda Cardenas in the cold wave competition, Karen Adams and Lori Hoffman for the wiglet comb-out competition, Lynn Ishee for her comb-out mannequin, and Tracy Soape and LaDonna Dancy for their notebooks.

Twelve VICA students qualify for State

By Debbie Wilson
The VICA contest for Auto Mechanic students was held in Houston at Milby High School on March 4 and 5. Rice had fifteen projects entered in the district contest. Twelve of these projects received a superior award and qualified to go to State competition.
These students are: Gilbert Alvarado, Vincent Dancy, Anthony Drik, Mark Munoz, Ricky Sheridan, Bryon Woods, David Garza, Thomas Mahalite, Ronnie Mendoza, Glenn Payne, Chris Sommerlatte and Glenn Janow. Rice also had five students in the skill and speed contest. They are Anthony Drik, Bryon Woods, Jeff Lipperdt, Edward Castillo and Julian Flores.
The students and faculty of Rice High School congratulate all these girls, and their instructor, Mrs. Florence McShan, and wish the best of luck to those going to State.

Who's Zat?

By Roxanne Ripper
This young lady did not confuse many people at Rice High School. The only clue that was given was that she is a member of the freshman class.

Those who thought they had the little lady pegged were Robert Dierschke and Roger Meinecke who thought it was Monica Marsalis. Mrs. Heard and Missy Huvor just knew it had to be Tina Grahmann. Jimmy Clipson thought it was Missy Huvor even though she is not a member of the freshman class.
Those who knew from first sight who this smiling young lady was were: Ms. Balusek, Michele Genz, Karen Kocurek, Susan Gold, Kristine Carpenter, Karen Rucka, Gary Kocurek, Rene Dierschke and Frank Blitzer. They all knew it had to be Susan Kaluza, the daughter of Mr. and Mrs. Johnnie Kaluza of Eagle Lake.

Time to buy new air conditioning? Whether you're shopping for a window unit or a central system, you can save money on operating costs if you choose a model with an Energy Efficiency Ratio (EER or SEER) of 8 or above.
EER and SEER are ratings that indicate how much cooling the air conditioner delivers in relation to the amount of electricity it uses. Because it is engineered to run more efficiently, a system with a high EER/SEER will consume less energy, thus helping you reduce your electric bills.
Although a high efficiency unit may be more

expensive than a standard model, it is a better long-range investment. You will recover the extra cost in lower electric bills.
When you're selecting central air conditioning, it also is important to make sure the unit's cooling capacity—measured in BTU's—is right for your house.
You can get more information about the correct BTU sizing for your new home by inquiring at your CPL office.

Sheriff's Report

Control your livestock

Livestock on the roadway is getting out of hand once again. We would like to remind all livestock owners to check their fences and make sure they are in a good state of repair. The law authorizes us to pick up livestock from the roadway and dispose of them through the auction barn. We do not wish to do this, however, we ask everyone's assistance in controlling their livestock.

TV special
March 21
on farming
The Rice FFA Chapter at Rice High School wishes to alert the community of an uplifting and informative television special, in observance of National Agriculture Week.
Entitled "Who Will Farm The Land?", this half-hour documentary tells the story of the challenges facing farmers today. It examines the risks and sacrifices young people encounter as they enter into farming.
It can be seen on KTXH-TV, channel 20 at 7 p.m. on Monday, March 21. Nationwide, it is being seen on about 140 stations in 32 states.
"Part of the program was filmed at the National FFA Convention—last fall in Kansas City," explained chapter president Stephen Mahalite. "It not only provides an even-handed portrayal of agriculture today, it also shows the joys and rewards that farming brings — and that's something close to the hearts of many FFA members."
The program is presented by Elanco Products Company. This is the second year Elanco has presented the National Agriculture Week television special.
