Fortunate to have these speakers come to Eagle Lake so we want to extend an invitation to anyone in the area who may have an interest in the subject to attend the meeting," said Corps president, Lanny Powers.

Eagle Lake Ambulance Corps members are advised that this will be your training session for the month of May with the business meeting being moved to May 26. All members are urged to attend. Texas Lions Camp for Crippled Children to begin in June

The Eagle Lake Noon Lions Club is looking for children to attend Texas Lions Camp for Crippled Children in Kerrville.

Four different two-week sessions will be held throughout the summer, beginning June 19. Campers range in age from 7 thru 16.

A child's IQ must be 70 or above to qualify. Normal bowel and kidney control and some degree of self help skills in eating and dressing are also assignment guidelines.

Campers are well supervised by college-age counselors. Activities include swimming, horseback riding, crafts, nature study, and modified athletics. A variety of night programs

also entertain children. The child's health care and safety, while at camp, is also a primary concern of staff. Highlight of a session will be Awards night, when every camper is recognized.

No charge is made to parents because Lions believe in giving service to others equally.

Transportation to and from camp can be arranged by the Lions Club.

Texas Lions Camp has a history of 30 successful summers. Over 20,000 have enjoyed the Lions' handicapped children's summer camp.

For more information and an application, please contact any local Lions Club member.

Local piano students participate in auditions

Four Eagle Lake piano students of Mrs. Kay Williams of Sealy recently participated in the National Piano Playing Auditions in the El Campo Division.

The local students who participated were Pam Anderson, Dominique Isenhower, Leslie Harrison and Patty Ann Stephens.

These students strive for honors which the mother organization confers according to the number of standard, classic, romantic and modern pieces chosen from the masters of pianoforte literature. Each student should creditably perform in the presence of an examiner of note from another state.

From coast to coast, over 100,000 piano students participated in this annual piano playing event which began at Hardin-Simmons University in Abilene in 1929. National headquarters are still maintained in Texas.

Local Ascension Day worship at Grace Lutheran

Forty days following the resurrection of Jesus from the dead, Jesus appeared to his disciples a last time. He commissioned his disciples at this meeting to preach and teach the Good News of Salvation. Finishing this commissioning, Jesus ascended into heaven to the very power of God. It is from this power that Jesus will one day return to conclude history and to judge the living and the dead.

The congregation of Grace Lutheran Church will celebrate the ascension of our Lord on Thursday, May 12 with a special worship service at 7:30 p.m. This service will commemorate the power of God through our Lord Jesus Christ and will climax with the celebration of Holy Communion.

The public is invited to share with the members of Grace Lutheran Church in this special worship, on this holy day.
