How to cut the cost of staying cool

If your home is air conditioned, your cooling system uses up more than half the electricity you buy every month during the summer. And since summer in South Texas lasts a long time, it's worth a little extra effort to put the air conditioner on a low kilowatt-hour diet. Here are some reminders that will help.

TUNE IT UP. Before the hot season begins, have your air conditioner cleaned and checked by a qualified technician. An annual checkup can prevent costly repair bills and keep your unit running at top efficiency.

DON'T OVERCOOL. Keep the thermostat at 78°. Each degree below that setting could add another 14% to the cost of operating your air conditioner.

KEEP IT CLEAN. At least once a month, clean or replace the filter. Clear obstructions away from outside unit so air can

circulate freely.

STOP AIR LEAKS. A large amount of costly air infiltration enters through wall light switch outlets and plug-in sockets. For about \$10, an entire house can be sealed in these places with inexpensive gaskets. In addition, you'll want to caulk all cracks and

TURN ON THE FANS. You'll use less air conditioning comfortably at a higher thermostat setting with electric fans.

SHOP CAREFULLY. If you plan to buy a new air conditioner, choose a unit with an Energy Efficiency Ratio (EER or SEER) of 8 or above. You also need to make sure the unit is properly sized.

Booths attend summer school for retired persons at Baylor

If you would like to enjoy a vacation filled with inspiration, education, and fellowship, why not plan to attend the sixth annual Summer School for Retired Persons on the Baylor Campus in Waco next May? The only requirement for eligibility is that you be 60 years of age by that time.

Herman and Elizabeth Booths were among the group of about 200 enrolled in the school May 22-27. This is the third consecutive year that they have attended, and they believe that each year is better than the year before.

The Booths attended classes in Bible, Milton, Twain. There were four classes offered in an Economics Seminar and six hours of driver's education.

Jason Duarte wins children's division in Budweiser-Struss Invitation Bass Tourney

The Seventh Annual Budweiser-Struss Invitation Bass Tournament was held at scheduled on May 29, 1983 on Lake Texana near Edna. As in the past six years, Mother Nature cooperated and dumped over nine inches of rain, spawned tornadoes, and absolutely soaked 250 participants that registered at the central camp check-in on Friday.

Lake Texana Marina located at Brackenridge Plantation Campground, acted as this year's host marina. Considering the dramatic weather, more fish were caught than expected. However, no record catches were made this year as they were during the sixth annual tournament.

In the men's division, Charles Skores of Sugar Land walked away with both first place and the All Tourney trophies. Sponsored by Larry Hutchinson and Harvey Smith of Houston, Skores of Sugar Land and John Neely of Katy.

This year's barbecue team was made up of Frank Hafer and Crew from

Steven E. Self

Self receives leadership award

The United States Achievement Academy announced that Steven E. Self has been named a 1983 United States National Award winner in Leadership.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Steven, who attends Columbus High School, was nominated for this National Award by Mrs. Marie Armour, counselor at the school. Steven's picture and biography will appear in the United States Achievement Academy Official Yearbook, published nationally.

He is the son of Mr. and Mrs. Duane E. Self, Jr. of Columbus. The grandparents are Mr. and Mrs. Duane E. Self, Sr. of San Antonio and Mrs. Alice Adkins of Eagle Lake.
