Study Club seafood demonstration held

Mrs. Margo Harrison presided over a short business meeting preceding the program. The minutes and treasurer's report were read by Mrs. Elizabeth Boothe and approved unanimously. Mrs. Fair Wells gave a brief report on the progress of the Study Club bake sale and auction which will be held on November 5.

The library conference room was the setting for the October program.

"Delicacies from the Ocean" — a seafood cookery demonstration by Mrs. Sara Price of Houston. Sara, a Baylor University home economics graduate, has participated in many American and French Chef's cooking classes. She totally captivated the thirty ladies present with her culinary abilities, practical tips on cooking and her personable and humorous presentation.

New England clam chowder warmed the palates of the group and served to prepare the taste buds for an appetizer of homemade chowders with Mexican crab filling. Sara's grand finale was Chinese hot and crunchy shrimp served over steamed rice with cucumber. Snow Salad. Samples were served and recipes were given to each person in attendance.
