**Meet the varsity girls**

By Karen Korenek  
The Raider Review would like to introduce Becky Kutzler and Bertie Garcia. Becky is a junior and plays the position of forward. She is the daughter of Mr. and Mrs. Jim Kutzler. She has played on the varsity for two years and wears the number 15.

Who's zat?  
By Debbie Wilson  
This little short-haired boy looks as though after this picture was taken he was ready to chow down on that clown cake!

People who guessed right were: Thomas Waligura, Matthew Rohwer, Missy Huvar, Beau Parker, Billy Cook and Jeff Argto. They all guessed right for two reasons: by the smile and by that "haircut," that was Glen Hefner. Glen, a senior, is the son of Mr. and Mrs. Billy Hefner of Garwood.

**Who's zat?**

Alberta Christine Williams King was born September 13, 1903, in Atlanta, Georgia, one of three children of the late Reverend and Mrs. Adam Daniel Williams. Reverend Williams was Pastor of Ebenezer Baptist Church in Atlanta, Georgia, from 1904 until his death in 1931.

ALBERTA CHRISTINE WILLIAMS KING  
1903 - 1974  
Alberta Christine Williams King was born September 13, 1903, in Atlanta, Georgia, one of three children of the late Reverend and Mrs. Adam Daniel Williams. Reverend Williams was Pastor of Ebenezer Baptist Church in Atlanta, Georgia, from 1904 until his death in 1931.

On Thanksgiving Day 1926, she was married to Martin Luther King, then a student at Morehouse College, and who later became the assistant pastor, and upon the death of Mrs. King's father in 1931, became pastor of historic Ebenezer Baptist Church.

**Meet the varsity girls**

Bertie is the daughter of Jose Garcia. She plays the position of guard. She wears the number 14 and this is her first year on the varsity.

Both Becky and Bertie feel that if they keep up the enthusiasm and teamwork, they should have a good season. They think Mrs. Johnson is great!

**Rice deficiency payment funds are mailed to ASCS offices**

Funds for issuance of rice deficiency payments on eligible farmers' 1983 crop were mailed to Agricultural Stabilization and Conservation Service offices in Texas, the U.S. Department of Agriculture advised Congressman Bill Patman, D-TX.

Patman commended the USDA's prompt distribution of funds, saying the money is greatly needed by Texas rice farmers. The 14th congressional district, which Patman represents, is one of the nation's major rice producing areas.

**Senioritis: How to combat it...**

By Cheryl Root, Editor  
During the course of achieving a formal education, a change may come about that will alter your performance. A change? What kind of change? You may be asking yourself these questions and may have, in fact, gone through the ordeal recently. Senioritis is no laughing matter.

Senioritis is not a problem but a symptom of a problem. A battered self-esteem, low concentration, and a feeling of helplessness along with school burnout is all too common for those who "live in the fast lane."

Now that your self-esteem is back to normal (hopefully it is), a goal should be set that would involve your concentration and interest. It may be studying a little at a time a chapter in history, or working around the house testing easier.

**I, senior, do bequeath....**

Roscoe Botard - I, Roscoe Botard, will my well-used locker to Fred Otto.

By Cheryl Root  
Now that seniors are approaching the decrepit age of 18, many of them wish to insure that, upon graduation, they may bequeath certain pleasures of Rice to fellow students. In view of this fact, the Raider Review has decided to publish each week, the wills of those seniors, so that their wishes might be carried out. This week, the following seniors submitted wills to be published:

Great Plains 30' Folding Drills.  
Great Plains 30' Folding Drills Feature:  
**Double-Disk Openers.** The rubber seed guide places the seed at the bottom of the disk bearing for optimum seed placement and germination.  
**Press Wheel Options.** Great Plains offers several press wheel choices. Choose the style which puts pressure directly on the seed or the style which presses on both sides of the seed to help prevent crusting over the seed.  
**Gauge Wheel Drive.** This simple, wear-built design provides a positive drive for the leader cups.  
**Special Fluted Feeder Cups.** Nylon elements in a durable aluminum cast housing provide accurate and gentle metering. Adjusting the seed rate is a simple matter of moving the shifter lever to the desired setting.  
**Quality Construction.** Large capacity, welded steel bodies, cast-mounted rubber bearings, and overall rugged design of the Great Plains 30' ensure its built to last.  
**Options.** Hydraulic row markers and the new rubber seed meter control wheel are just a couple of the customizing attachments available for the Great Plains 30' Folding Drill.
