Eagle Lake, Garwood band members win awards

Musicians from the Eagle Lake Middle School band received 24 first place divisional medals in a solo and ensemble contest held last Saturday in Palacios. This superior rating was the only and highest honor that band members could receive.

Garwood School students captured 13 first place medals.

The following students from Eagle Lake middle school received first place: Jeff Margart, percussion solo; Cindy Garza and Kelley Jarvis, French horn solo and duet; Jaime Gonzalez, trumpet solo; Patty Stephens, Monica Ramirez, Renee Balas and Dominique Isenhower, flute duet;

Viola Cordova, flute solo; Sharon Harborth, clarinet solo and duet; Nora Sosa, clarinet solo; Stephanie Owens, clarinet solo and ensemble; Jennifer Matthews; clarinet duet; Iris Cumpian, Cathy Castillo and Dana Cordova, clarinet ensemble; and Joel Medina, Kimberly Garrett, Kevin Bandy and Ben Gonzales, saxophone ensemble.

Anzaldua, Genz place at OEA contest
By Debbie Wilson
On February 26 thirteen O.E.A. students traveled to Lake Jackson for the Region IV Area III O.E.A. contest. The contest was held at Brazosport College the next day beginning at 8 a.m. There were 42 different high schools present. The college provided meals and a big lunch which consisted of hamburgers and french fries, or chicken fried steak with mashed potatoes and a mixed vegetable.

Each student was assigned to a certain room in which their contest was held. After each student was finished with their test, they met in the college gymnasium for the awards ceremony. Rice placed twice in the contest. Celia Anzaldua placed second in Information and Communications II and will advance to state contest in Dallas March 22. Michele Genz placed sixth in Records Management II.

Other students that went to Brazosport College to participate were: Rhonda Cotton, Job Interview II; Thinda Young, Typing and Related I; Renae Dierschke, Typing and Related II; Patrice Austin, Typing and Related III; Estella Moreno, Records Management I; Monica Ramirez, Accounting and Stenographic I; Debbie Wilson, General Clerical I; Lynn Mota, General Clerical II; Cynthia Gonzales, Voting delegate; and Tracey Davis, Voting delegate. Mrs. Henrietta Baumgarten, Rice O.E.A. sponsor, traveled along with the girls. Congratulations to all these girls for participating in this experience event, and special recognition is given to Celia and Michele for their awards. Best of luck to Celia when she attends state contest.

A look into the future Band has clinic, diagnosis is good

By Stacey Holden
As May and graduation draws ever nearer, and the seniors are preparing to step out into the vast unknown of "life after graduation," some of the junior "soothsayers" have come up with some predictions for the future of these "would-be" graduates.

John Adkins predicts that Stacey Holden will be the next Pat Benatar. Kristine Carpenter prophesies that Julia Rosprim and Lisa Corman will become the first writers for the Aggie Band. She also predicts Jeff Argo's truck will slowly, but surely, die one day.

From Pecos Coble, we have the prediction that Jimmy Clippson will be given ten speeding tickets in the next two years. He will also wreck his Monte Carlo and be forced to drive the Ford Custom.

Billy Corman foresees that Billy Harrison will be President of the United States in the year 2005.

Although dancing is her dream and teaching youngsters is her goal, Michele Genz prophesies that "teaching" youngsters will be "rearing a few" of her own, along with eighteen cats (Tootsies) before the year '90. Helping Michele in this task will be a "blastful" and "beautiful" man, possible from El Campo, Comalco, Houston, or maybe, just maybe, from

SUPPORT YOUR COMMUNITY SWIMMING POOL
The Community Summer Pool will reopen this summer... if you make it happen.
Funds have been made available for major repairs, and the Lions Club is re-building the poolhouse. But, day-to-day operating funds must be raised.
Although the pool should become self sufficient, these operating funds are needed now to cover the first year's costs. After that, a Certificate of Deposit will be established, and the interest used as needed.

A hole in one
By Linda Korenek
The boys golf team recently went to Columbus to participate in a practice tournament. The members who attended were Pecos Coble, Jeff Argo, Jeff Lippert, David Schorlemmer, and Billy Cook. Pecos Coble and Jeff Lippert received a score of 90, with the team score of 384 points. The team placed 10th out of fourteen teams.

The girls golf team will be attending their first practice tournament on March 5. The members of the team are Lisa Corman, Lori Hoffman, Connie Prask, Shari Webb, and Missy Havar. The Raider Review wishes all the members of the golf team a very successful year.

FTA'er of the month
By Linda Korenek
The FTA Club has been especially busy this month with participation from the whole club. The member who contributed a lot of her time and effort towards the club, which earned her the title of FTA'er of the month, is Lisa Corman. Her contributions include: voting for the January Future Teacher of the Month, selling popcorn during lunch period A, attending the state convention in Austin and selling thirteen popcorn for FTA. Other members who participated in projects were Vicky Hernandez, Monica Lopez, Beverly Rucka, Linda Korenek, and Laura Appel. The FTA is looking forward to another successful month.

Beautiful, Energy-Efficient Homes for up to 30% less per square foot
If you have already investigated the truly energy-efficient homes available today, you know that they cost a great deal more than conventional housing. Finally, there's a viable solution to both energy and construction costs through Tri-Steel's remarkable "steel frame" home construction. These homes are built up to 30% less per square foot than conventional housing. And after you move in, you start collecting a monthly dividend in terms of savings on gas and electric bills. Since steel is stronger than wood, fewer materials are needed and shorter construction time translates into lower cost. When you build these homes, however, you don't see the steel frame, only its advantages become apparent. These energy-efficient homes feature 7" fiberglass insulation in both the roof and walls yielding a remarkable R-30 energy rating...compare that to conventionally built homes. Only by seeing these homes can you truly appreciate both their beauty and efficiency. We invite you to come out and see our beautiful showhomes for yourself. Plans are currently available from 1,500-3,500 sq. ft.
